# CleanGenius Disposable Prefilled Toilet Cleaning Scrubbers User Manual

Model: B0C3PYDXCT

## INTRODUCTION

---

Welcome to the CleanGenius Disposable Prefilled Toilet Cleaning Scrubbers user manual. This guide provides essential information on how to effectively use and care for your new cleaning scrubbers. Please read this manual thoroughly before use to ensure optimal cleaning performance and safety.

## PRODUCT OVERVIEW

---

The CleanGenius Disposable Prefilled Toilet Cleaning Scrubbers are designed for convenient and effective toilet bowl cleaning. Each scrubber is preloaded with premium soap and features a unique hexagonal shape for thorough cleaning.

### Key Features:

- **Value Refill Pack:** Contains 30 prefilled scrubbers for extended use.
- **Ready to Use:** Activates quickly by dipping into water.
- **Fresh Scent:** Leaves a clean and refreshing fragrance after use.
- **Secure Fit:** Designed with heavy-duty adhesive for secure attachment to compatible wands.
- **Effective Stain Removal:** Tackles calcium, water, mineral, and rust stains.
- **Unique Hexagonal Shape:** Allows for reaching difficult spots.
- **Bonus Sink Adapter:** Included for versatile cleaning of sinks.

## SETUP

The CleanGenius scrubbers are designed for quick and easy setup with a compatible toilet cleaning wand (sold separately). Ensure your wand is clean and ready for attachment.

1. Unpack a single CleanGenius Disposable Prefilled Toilet Cleaning Scrubber from its packaging.
2. Align the central attachment point of the scrubber with the corresponding mechanism on your toilet cleaning wand.
3. Press firmly until the scrubber clicks securely into place. The heavy-duty adhesive ensures a stable connection during cleaning.

**VALUE  
PACK** **30** **PACK**

**DIP**

## OPERATING INSTRUCTIONS

Follow these steps for effective cleaning of your toilet bowl or sink:

1. **Prepare:** Ensure the scrubber is securely attached to your cleaning wand.
2. **Activate Soap:** Dip the scrubber head into the toilet bowl water (or sink water) for approximately 2 seconds. The preloaded soap will begin to dissolve and activate.
3. **Scrub:** Thoroughly scrub the interior surfaces of the toilet bowl, including under the rim and the water line. The hexagonal shape helps reach all areas. Apply gentle pressure to remove stains and residue.
4. **Cleanse and Scent:** As you scrub, the multi-action cleansing solution will work to remove dirt and stains, while releasing a fresh scent into your bathroom.
5. **Dispose:** Once cleaning is complete, activate the release mechanism on your cleaning wand to detach the used scrubber directly into the trash. **Do not flush the scrubber.**

### Using the Bonus Sink Adapter:

The included sink adapter allows you to use the scrubbers for cleaning sinks. Attach a fresh scrubber to the sink adapter and follow steps 2-4, using sink water instead of toilet water. Dispose of the scrubber after use.

*Image 5: Depicts the preloaded soap dissolving in the toilet water, creating a multi-action cleansing solution and releasing a fresh scent.*

**BONUS!**

**Sink Adapter  
included**

Clean your sink  
effortlessly  
with this bonus  
sink adapter.

Image 6: Shows the bonus sink adapter in use, allowing the scrubber to be used for cleaning sinks effectively.

## MAINTENANCE

CleanGenius Disposable Prefilled Toilet Cleaning Scrubbers are designed for single use. No maintenance is required for the scrubbers themselves. After each use, dispose of the used scrubber head in a waste bin. Do not attempt to reuse or rinse the scrubber for future use, as its cleaning efficacy is designed for a single application. Regularly clean your toilet cleaning wand according to its manufacturer's instructions to maintain hygiene.

## TROUBLESHOOTING

Issue	Possible Cause	Solution
Scrubber not attaching securely to wand.	Improper alignment or insufficient pressure during attachment.	Ensure the scrubber is correctly aligned with the wand's attachment point. Apply firm, even pressure until you hear or feel a click, indicating a secure fit.

Issue	Possible Cause	Solution
Scrubber detaches during cleaning.	Scrubber not fully secured, or excessive force applied.	Re-attach the scrubber, ensuring it is firmly clicked into place. Use appropriate pressure for cleaning; excessive force is not necessary due to the preloaded soap.
Scrubber difficult to detach from wand after use.	Residue buildup or specific wand design.	Ensure the wand's release mechanism is fully engaged. If persistent, gently wiggle the scrubber while pressing the release. Avoid direct contact with the used scrubber.
Insufficient soap or cleaning action.	Scrubber not adequately wetted.	Ensure the scrubber is dipped into water for the recommended 2 seconds to fully activate the preloaded soap.

## SPECIFICATIONS

- **Product Dimensions:** 8.75 x 2.75 x 9.75 inches (packaging)
- **Item Weight:** 7.83 ounces (packaging)
- **Unit Count:** 30.0 Count
- **Item Form:** Pad
- **Scent:** Fresh
- **Specific Uses:** Toilet, Sink
