Product Overview

The SIVGA SO1 headphones feature an ergonomic open-ear design with ear hooks for a secure fit during various activities. The charging case includes a digital display to show battery levels.

SIVGA SO1

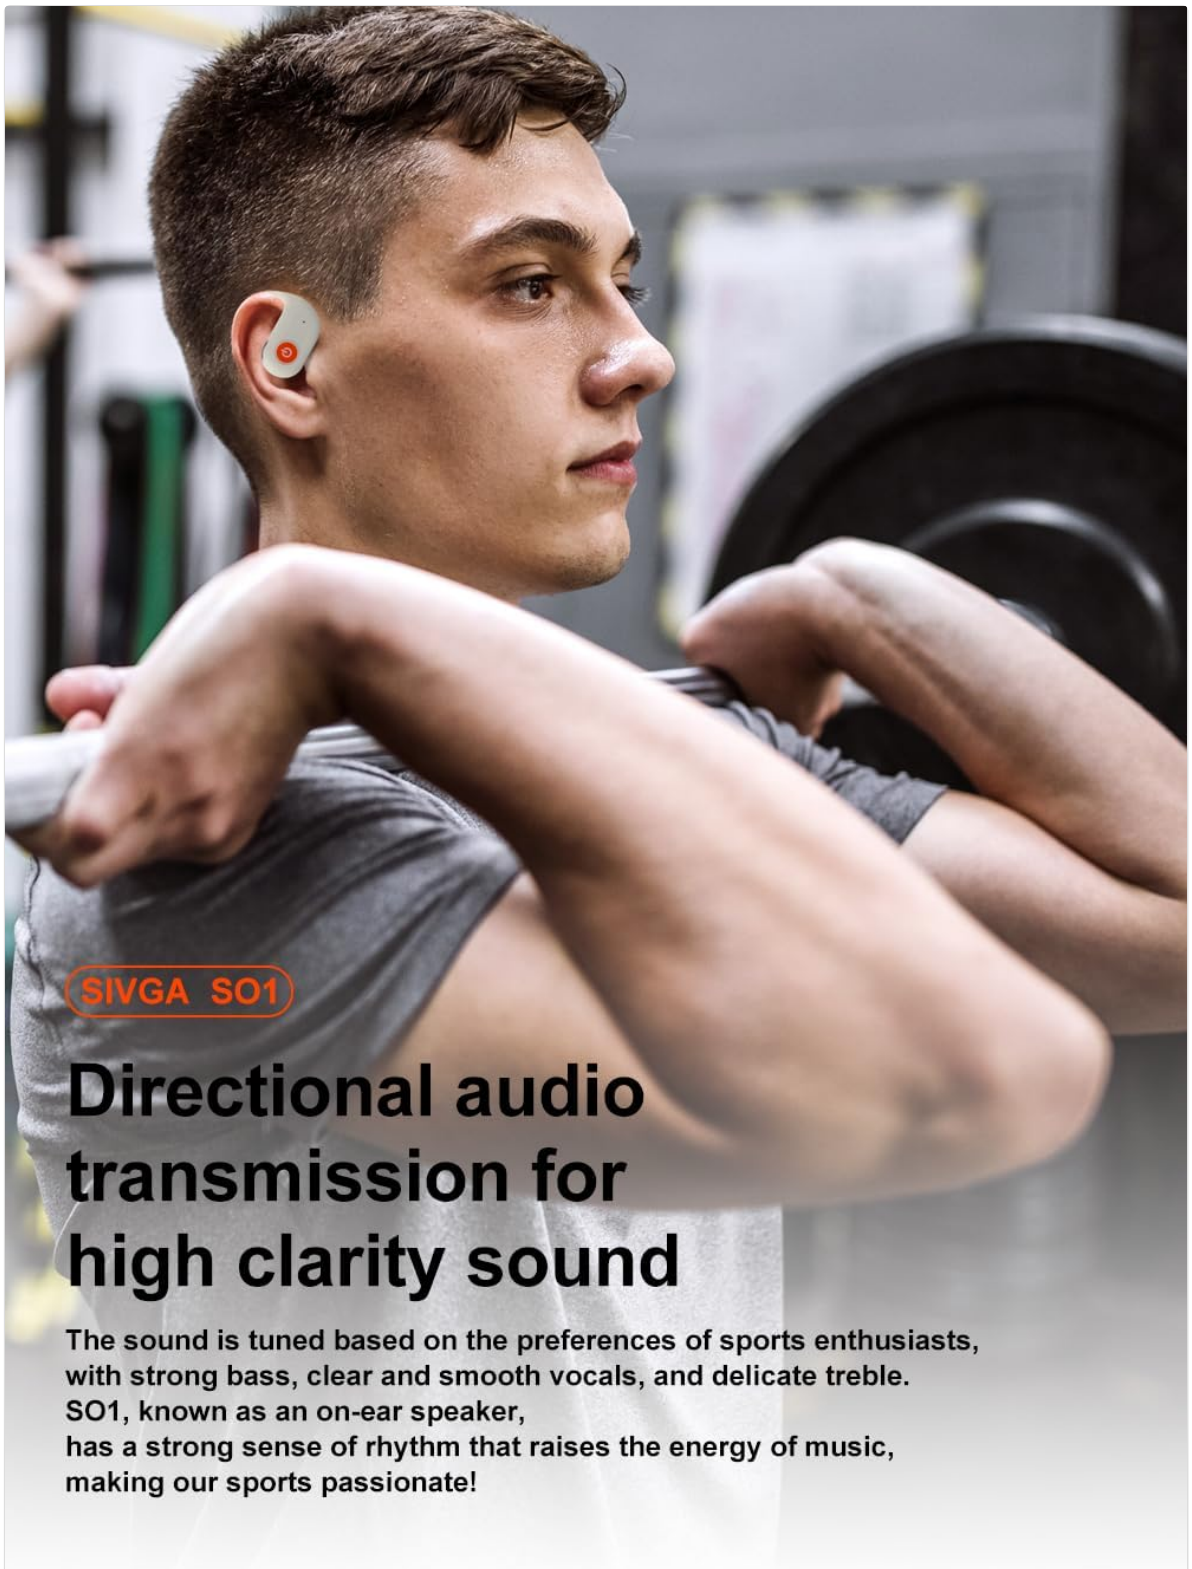

Bluetooth 5.3: faster and more stable connection

Bluetooth 5.3 chip always ensures smooth music enjoyment and call experience.

Immediately connect to Bluetooth upon opening the charging box, and the response is very fast.

SIVGA SO1

Directional audio transmission for high clarity sound

The sound is tuned based on the preferences of sports enthusiasts, with strong bass, clear and smooth vocals, and delicate treble. SO1, known as an on-ear speaker, has a strong sense of rhythm that raises the energy of music, making our sports passionate!

Image: Earbuds inside the charging case, showing the digital display.

Each earbud is equipped with a physical button for sensitive operation, even with sweaty hands during exercise. The earhook design ensures stability without compressing the ear cavity, providing comfort for extended wear.

Physical button design for more sensitive operation

When there is sweat on the hands during exercise, it can also effectively operate various functions of the earphones. The buttons can control music, answer calls, and activate voice assistants.

Setup

1. Charging the Headphones and Case

Before first use, fully charge the SIVGA SO1 headphones and their charging case.

- **Using USB-C Cable:** Connect the provided USB-C cable to the charging port on the case and to a power source. The digital display on the case will show the charging status.
- **Wireless Charging:** Place the charging case on a compatible wireless charging pad. (Wireless

charger not included).

The earbuds will charge automatically when placed inside the powered charging case. The case has a 600mAh battery capacity, providing up to 46 hours of extended playback time, with individual earbuds offering 9 hours on a full charge.

Long battery life: continuous listening for over 9 hours

The battery capacity of the
charging box is 600mAh.
Can be used for a total of 46 hours.

2. Bluetooth Pairing

To connect your SIVGA SO1 headphones to your device:

1. Ensure the headphones are charged.
2. Open the charging case. The earbuds will automatically enter pairing mode.
3. On your device (smartphone, tablet, etc.), go to Bluetooth settings and turn Bluetooth on.
4. Search for "SIVGA SO1" in the list of available devices and select it to connect.
5. Once connected, you will hear an audio prompt, and the indicator light on the earbuds will change.

The SIVGA SO1 uses Bluetooth 5.3 for a faster and more stable connection, ensuring smooth music and call experiences.

Operating Instructions

1. Wearing the Headphones

The SIVGA SO1 features an open-ear design with ear hooks. Place the earbud over your ear, ensuring the ear hook sits comfortably and securely behind your ear. The ergonomic curved surface is designed to fit without pressure, making it comfortable for long periods.

No falling off for sports with earhook design

Wearing is very stable, and the earphone does not fall off even during intense exercise

Perfect for outdoor sports, fitness, yoga and more

2. Button Controls

The physical multi-function buttons on each earbud allow for easy control of music playback, calls, and voice assistant functions.

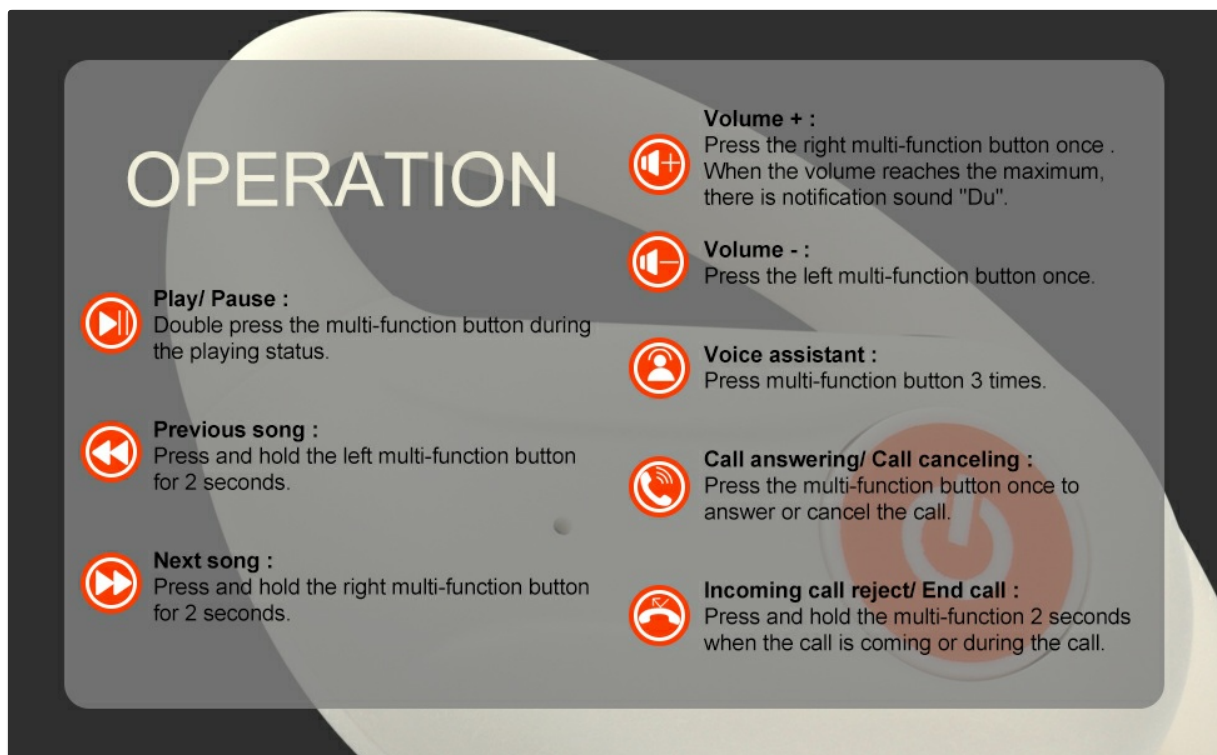

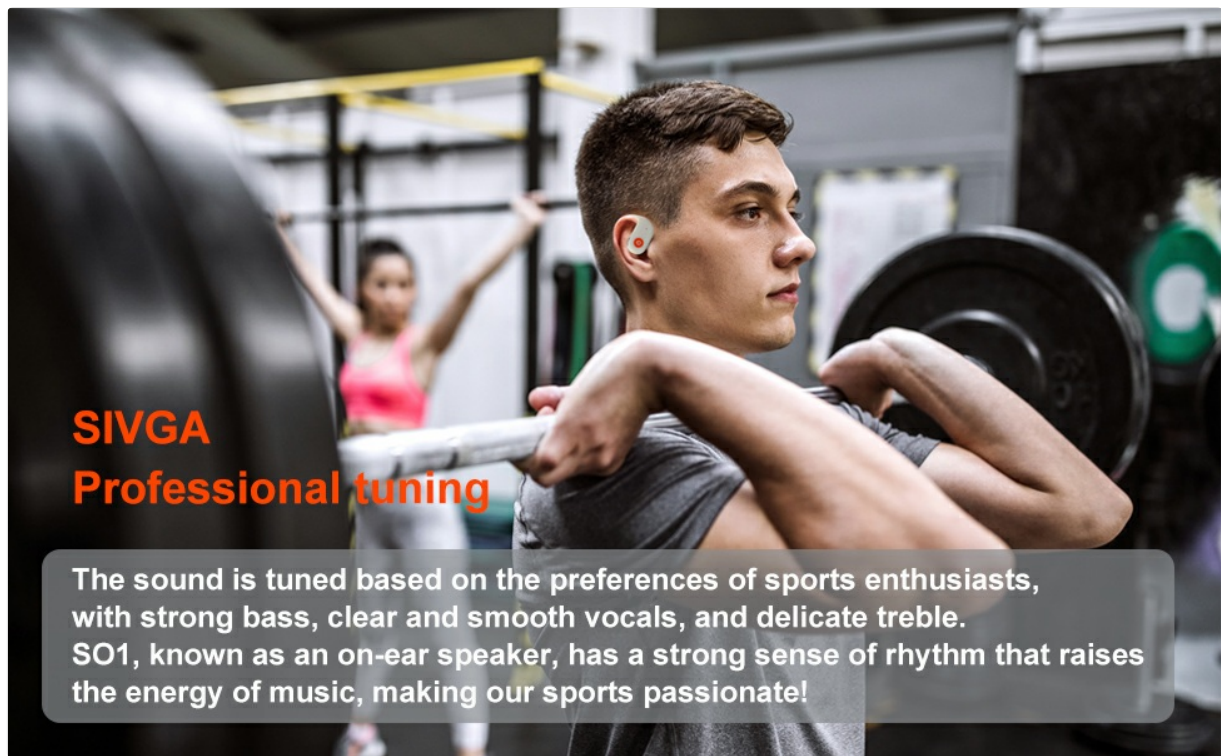

Image: SIVGA SO1 button operation guide.

- **Play/Pause:** Double press the multi-function button during playback.
- **Volume +:** Press the right multi-function button once. (A notification sound "Du" indicates maximum volume).
- **Volume -:** Press the left multi-function button once.
- **Previous Song:** Press and hold the left multi-function button for 2 seconds.
- **Next Song:** Press and hold the right multi-function button for 2 seconds.
- **Voice Assistant:** Press the multi-function button 3 times.
- **Call Answering/Canceling:** Press the multi-function button once to answer or cancel a call.
- **Incoming Call Reject/End Call:** Press and hold the multi-function button for 2 seconds when a call is coming in or during a call.

3. Sound Quality and Noise Cancellation

The SIVGA SO1 headphones are equipped with 16.2mm biological composite diaphragm speakers and scientific software algorithms for directional audio transmission. This design delivers high-quality sound with strong bass, clear vocals, and delicate treble, optimized for sports enthusiasts.

SIVGA **Professional tuning**

The sound is tuned based on the preferences of sports enthusiasts, with strong bass, clear and smooth vocals, and delicate treble. SO1, known as an on-ear speaker, has a strong sense of rhythm that raises the energy of music, making our sports passionate!

Image: Directional audio transmission for clear sound.

Additionally, the headphones feature ENC (Environmental Noise Cancellation) intelligent noise cancellation technology, which effectively reduces external noise during calls, ensuring high-definition communication even in noisy environments.

Bluetooth 5.3 chip always ensures smooth music enjoyment and call experience. Immediately connect to Bluetooth upon opening the charging box, and the response is very fast.

Equipped with **ENC intelligent noise cancellation technology**, it effectively cancels external noise, and calls are also with high definition even in noisy environment.

4. Sport Features

With an IPX5 rating, the SIVGA SO1 headphones are protected against sweat and ordinary splashing water, making them suitable for various sports and workouts. The open-ear design allows you to stay aware of your surroundings, enhancing safety during outdoor activities like cycling, running, or walking.

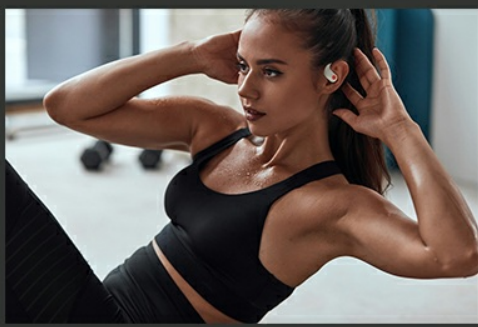

Safe & convenient

Real time aware of external environment to avoid dangerous situations.

IPX5 Waterproof

designed for sports, no worry about the harm of sweat or rain on the earphones.

No falling off for sports with earhook design

Maintenance

- **Cleaning:** Regularly wipe the earbuds and charging case with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the headphones in their charging case to protect them from dust and damage.
- **Battery Care:** To prolong battery life, avoid fully discharging the headphones and case frequently. Charge them regularly, even if not in constant use.
- **Water Exposure:** While IPX5 rated for sweat and splashes, avoid submerging the headphones in water. Dry them thoroughly if they get wet.

Troubleshooting

Problem	Possible Solution
---------	-------------------

Problem	Possible Solution
Headphones not pairing	◦ Ensure headphones are charged and the case is open. ◦ Turn off and on Bluetooth on your device. ◦ Forget "SIVGA SO1" in your device's Bluetooth settings and try pairing again. ◦ Ensure no other devices are actively connected to the headphones.
No sound or low volume	◦ Check volume levels on both the headphones and your connected device. ◦ Ensure headphones are properly seated on your ears. ◦ Reconnect the headphones to your device.
Charging issues	◦ Verify the USB-C cable is securely connected to both the case and power source. ◦ Try a different USB-C cable or power adapter. ◦ For wireless charging, ensure the case is correctly positioned on the charging pad. ◦ Clean the charging contacts on the earbuds and inside the case.
Earbuds frequently disconnect	◦ Ensure the headphones are within the Bluetooth range of your device. ◦ Check for interference from other wireless devices. ◦ Ensure the earbuds are sufficiently charged.
