6. MAINTENANCE

6.1 Cleaning Instructions

To maintain hygiene and prolong the life of your sleep mask, follow these cleaning steps:

1. Carefully remove the electronic components (control panel and speakers) from the fabric casing. These components are typically housed in pockets within the mask.
2. Hand wash the fabric mask with mild soap and cool water.
3. Rinse thoroughly and allow the fabric to air dry completely before reinserting the electronic components.
4. Do not machine wash or tumble dry the mask, as this may damage the fabric or electronic housing.

6.2 Speaker Adjustment/Removal

The speakers can be adjusted within their pockets to align with your ears for optimal sound quality and comfort. They can also be removed for cleaning the fabric mask.

- Gently slide the speakers within their fabric pockets to position them over your ears.
- To remove, carefully slide the speakers out of their pockets.

7. TROUBLESHOOTING

- **Device not powering on:** Ensure the mask is fully charged. Connect to a power source and check the LED indicator.
- **Unable to pair via Bluetooth:** Ensure the mask is in pairing mode (flashing blue/red LED). Check that Bluetooth is enabled on your device and that the mask is within range. Try restarting both the mask and your device.
- **No sound or low volume:** Check the volume levels on both the mask and your connected device. Ensure the speakers are correctly positioned over your ears.
- **Light leakage:** Adjust the mask's strap for a snug fit. Ensure the nose flap and side blockers are properly positioned to prevent light entry.
