BesLowe 26in Tall Glass Table Lamps User Manual

Model: TY-TB0291-WH-2

Brand: BesLowe

INTRODUCTION

Welcome to your new BesLowe 26in Tall Glass Table Lamps. This manual provides detailed instructions for setup, operation, maintenance, and troubleshooting to ensure optimal performance and longevity of your lamps. Please read this manual thoroughly before using the product.

SETUP INSTRUCTIONS

Follow these steps to assemble your BesLowe table lamps:

1. Attach the bottom and top rings to the lampshade.
2. Tighten the Velcro seal on the lampshade.
3. Carefully stuff the electric wire into the lamp harp.
4. Screw the harp into the lamp body.
5. Mount the harp's flexible arms inside the saddle.
6. Install an E26 medium base bulb for the main light (bulb not included).
7. Unscrew the finial from the harp and place the lampshade onto the harp.
8. Tighten the finial to secure the lampshade in place.

Coastal Lamps Set of 2

Figure 1: Step-by-step assembly guide for the BesLowe table lamp. This image illustrates the process of attaching the lampshade components, managing the electrical wire, securing the harp to the lamp body, installing the main E26 bulb, and finally, attaching and securing the lampshade.

OPERATING YOUR LAMPS

Power and USB Charging

Your BesLowe table lamps are equipped with two built-in USB charging ports located on the metal base. These ports allow you to conveniently charge your electronic devices, such as smartphones or tablets, whether the lamp's light is on or off. This feature helps reduce clutter by eliminating the need for additional wall chargers and outlets.

Dual USB Charging Ports

Works perfectly whether the lamp is on or off

Figure 2: The lamp base features dual USB charging ports, allowing for convenient charging of electronic devices. The ports function independently of the lamp's lighting status.

Lighting Modes (4-Way Rotary Switch)

The lamps feature a convenient 4-way rotary switch to control different lighting modes:

- **Bottom Light On:** Activates the warm white LED nightlight within the glass body. This provides a soft, ambient glow.
- **Top Light On:** Illuminates the main E26 bulb (not included) for primary lighting.
- **Both On:** Activates both the nightlight and the main bulb simultaneously, providing maximum illumination and ambiance.
- **Both Off:** Turns off all lights.

Figure 3: Illustration of the 4-way rotary switch functionality, demonstrating the different lighting configurations: nightlight only, main light only, both lights, and off. The inset shows the rotary switch mechanism.

Enjoy Your Night Time with LED Night Light

- **Elegant & warm**
- **Eye-caring**
- **Energy-saving**

Figure 4: The integrated warm white LED nightlight provides a soothing 2700K soft light, ideal for creating a comfortable and eye-friendly ambiance during nighttime hours.

MAINTENANCE

To ensure the longevity and appearance of your BesLowe lamps, follow these maintenance guidelines:

- **Cleaning:** Dust the lampshade and glass body regularly with a soft, dry cloth. For the metal base, use a slightly damp cloth and dry immediately. Avoid abrasive cleaners or harsh chemicals.
- **Bulb Replacement:** Always ensure the lamp is unplugged from the power outlet before attempting to replace the E26 main bulb. Allow the bulb to cool completely before handling.
- **Wire Management:** Periodically check the electrical cord for any signs of damage, such as fraying or cuts. Ensure wires are not pinched or tangled, and are neatly arranged.

TROUBLESHOOTING

If you encounter any issues with your BesLowe table lamps, please refer to the table below for common problems and their solutions:

Issue	Possible Cause	Solution
Lamp does not turn on	Power cord not plugged in, main E26 bulb not installed or faulty, rotary switch not in correct position.	Check power connection to the wall outlet. Install or replace the E26 bulb. Rotate the switch through all four positions to ensure it's not in the 'off' setting.
LED nightlight not working	Rotary switch not set to nightlight mode.	Ensure the rotary switch is set to either "Bottom Light On" or "Both On". If the issue persists, contact customer support.
USB ports not charging devices	Lamp not plugged into a live outlet, device charging cable faulty, device incompatible.	Verify the lamp is securely plugged into a functional power outlet. Try using a different USB cable or a different device to rule out cable/device issues.
Wires are visible or not neatly tucked	Wires not properly managed during assembly.	As per manufacturer instructions, the wires are designed to be stuffed within the harp, not tucked into the lamp body. Ensure they are neatly arranged within the harp structure.

PRODUCT SPECIFICATIONS

Key technical details for your BesLowe table lamps:

Feature	Detail
Brand	BesLowe
Model Number	TY-TB0291-WH-2
Product Dimensions	5.5"D x 12.5"W x 26"H
