Vziimo 2492

Vziimo Super Game Building Set Instruction Manual

Model: 2492

1. Product Overview

The Vziimo Super Game Building Set (Model 2492) is a 1256-piece construction kit designed for teens and adults aged 14 and above. This set allows you to build a detailed 3D anime scene model, featuring elements inspired by classic video games.

The completed model includes a game table, game scenes with two movable character models, a buildable sandcastle, a waterfall, ladders, a tree, Peach's castle, a battlefield, a cool mountain, and lethal lava trouble. It restores famous scenes and characters from popular games, offering an engaging building experience.

2. Setup and Unboxing

Before beginning assembly, carefully unbox the Vziimo Super Game Building Set. Verify all components are present by comparing them with the parts list provided in the included instruction manual. Due to the micro-sized nature of the building blocks, it is highly recommended to sort the pieces before assembly to prevent loss and facilitate the building process.

3. Assembly Instructions

This building set comes with a comprehensive step-by-step instruction manual to guide you through the assembly process. Follow the visual instructions carefully. The bricks are designed to fit together without excessive force.
Key Assembly Tips:

- **Patience is Essential:** The small size of the micro blocks requires patience and attention to detail.
- **Visual Guidance:** The instructions are primarily visual. Pay close attention to the diagrams to correctly identify piece placement.
- **Dexterity:** Some steps may require fine motor skills due to the small components.
- **Component Integration:** The set includes elements like the game table, movable character models, sandcastle, waterfall, ladders, and various landscape features. Ensure each component is securely attached as per the manual.

4. Maintenance

To maintain the appearance and integrity of your Vziimo Super Game Building Set, follow these guidelines:

- **Cleaning:** Use a soft, dry cloth or a small, soft brush to gently remove dust. For more stubborn dirt, a slightly damp cloth can be used, but ensure no water enters small crevices. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the assembled model in a stable, dry environment away from direct sunlight and extreme temperatures to prevent discoloration or warping of the plastic components.
- **Handling:** Handle the model with care, especially when moving it, as some smaller or top-heavy elements may be delicate.

5. Troubleshooting

If you encounter any issues during or after assembly, consider the following:

- **Missing Pieces:** While quality control is in place, occasionally a piece may be missing. If you find any missing components, please contact Vziimo customer support for assistance.
- **Pieces Not Fitting:** Ensure you are using the correct pieces as indicated in the instruction manual. Apply gentle, even pressure. Avoid forcing pieces together, as this can cause damage. If pieces consistently do not fit, double-check the previous steps.
- **Unstable Sections:** Some parts of the model, particularly top-heavy elements or characters, may be less stable. This set is primarily designed as a display item. If instability is an issue, ensure all connections are firm and consider placing the model in a location where it will not be frequently disturbed.

6. Specifications

Brand	Vziimo
Model Name	Super Game Building Set
Model Number	2492
Number of Pieces	1256
Item Dimensions (L x W x H)	7.09 x 3.22 x 4.92 inches
