JVC HA-Z77T

JVC HA-Z77T True Wireless Bluetooth Headphones User Manual

Model: HA-Z77T

1. INTRODUCTION

Thank you for choosing the JVC HA-Z77T True Wireless Bluetooth Headphones. This manual provides essential information for the safe and efficient use of your new headphones. Please read it thoroughly before use and keep it for future reference.

The JVC HA-Z77T headphones are designed for comfort and convenience, featuring a soft-touch elastomer material, IPX4 splash resistance, intuitive touch controls, and up to 24 hours of battery life with the charging case. They offer high-quality sound with three selectable audio modes and a stable wireless connection for daily use, including calls and remote work.

2. PACKAGE CONTENTS

Ensure all items listed below are present in your package:

- JVC HA-Z77T True Wireless Earbuds (Left and Right)
- Charging Case
- USB Charging Cable
- Silicone Ear Tips (XS, S, M, L sizes)

24-Hour Long Battery Life

3. PRODUCT OVERVIEW

The JVC HA-Z77T earbuds are designed for a secure and comfortable in-ear fit. Each earbud features a touch-sensitive surface for controls and an integrated microphone. The compact charging case protects the earbuds and recharges them on the go.

4. SETUP

4.1 Charging the Earbuds and Case

1. Place the earbuds into the charging case. Ensure they are correctly seated; magnetic contacts will hold them in place.
2. Connect the USB charging cable to the charging port on the case and the other end to a USB power source (e.g., computer, USB wall adapter).

3. The indicator lights on the charging case will show the charging status. Once fully charged, the lights will indicate completion.

Quick Charge Feature: A 15-minute charge can provide approximately 85 minutes of music playback.

4.2 Initial Bluetooth Pairing

1. Open the charging case. The earbuds will automatically power on and enter pairing mode. The indicator light on one earbud will flash, indicating it's ready to pair.
2. On your device (smartphone, tablet, etc.), enable Bluetooth and search for available devices.
3. Select "JVC HA-Z77T" from the list of found devices.
4. Once connected, a confirmation sound will play, and the earbud indicator lights will turn off or show a steady light.

Automatic Reconnection: After initial pairing, the earbuds will automatically connect to the last paired device when removed from the case, provided Bluetooth is enabled on the device.

4-size ear tips
included

4.3 Wearing the Earbuds

Choose the ear tips that provide the best seal and comfort for your ears. Insert the earbuds gently into your ear canal and twist slightly to secure them. A good seal is crucial for optimal sound quality and bass response.

5. OPERATING INSTRUCTIONS

5.1 Power On/Off

- **Power On:** Open the charging case, or remove the earbuds from the case. They will power on automatically.
- **Power Off:** Place the earbuds back into the charging case and close the lid. They will power off automatically.

5.2 Touch Controls

The HA-Z77T earbuds feature touch-sensitive controls on each earbud. Specific functions may vary slightly depending on your device and application, but generally include:

- **Play/Pause:** Single tap on either earbud.
- **Next Track:** Double tap on the right earbud.
- **Previous Track:** Double tap on the left earbud.
- **Answer/End Call:** Single tap on either earbud during an incoming call or active call.
- **Reject Call:** Press and hold either earbud for 2 seconds during an incoming call.
- **Activate Voice Assistant:** Triple tap on either earbud.

5.3 Audio Modes

The HA-Z77T offers three distinct audio modes to suit your listening preference:

- **Normal:** Balanced sound profile for everyday listening.
- **Bass:** Enhanced bass for a more impactful audio experience.
- **Clear:** Optimized for vocal clarity, ideal for podcasts or audiobooks.

Refer to the full product manual (if available online) for instructions on how to switch between these modes using touch controls.

5.4 Single Ear Use

Either the left or right earbud can be used independently for mono listening or calls. Simply remove one earbud from the case and leave the other in the case, or use one while the other is powered off.

Convenient single ear use

JVC

5.5 Battery Life

The earbuds provide several hours of playback on a single charge, and the charging case extends the total listening time up to 24 hours. Actual battery life may vary based on volume level and usage.

6. MAINTENANCE

6.1 Cleaning

- Regularly clean the ear tips with a soft, damp cloth.
- Wipe the earbuds and charging case with a dry, soft cloth.
- Do not use harsh chemicals or abrasive materials for cleaning.
- Ensure charging contacts on both earbuds and case are clean and dry.

6.2 Storage

When not in use, store the earbuds in their charging case to protect them and keep them charged. Store the case in a cool, dry place away from direct sunlight and extreme temperatures.

6.3 Water Resistance (IPX4)

The JVC HA-Z77T earbuds are IPX4 splash-resistant, meaning they are protected against splashing water from any direction. This makes them suitable for light rain or sweaty workouts. They are not designed for submersion in water.

Sweat & Rain

Proof, rated IPX4

7. TROUBLESHOOTING

If you encounter issues with your JVC HA-Z77T headphones, refer to the following common problems and solutions:

Problem	Possible Solution
Earbuds do not power on.	Ensure the earbuds are charged. Place them in the charging case and charge the case if necessary.
Earbuds do not pair with device.	Make sure Bluetooth is enabled on your device. Ensure earbuds are in pairing mode (indicator light flashing). Try forgetting the device in your phone's Bluetooth settings and re-pairing.
No sound or low volume.	Check the volume level on both your device and the earbuds. Ensure earbuds are properly seated in your ears. Try cleaning the ear tips and earbud grilles.
Intermittent connection or audio dropouts.	Ensure your device is within the Bluetooth range (typically 10 meters/33 feet) and there are no major obstructions. Avoid strong Wi-Fi signals or other Bluetooth devices that may cause interference.
One earbud has no sound.	Place both earbuds back into the charging case, close the lid, wait a few seconds, then remove them to re-establish the connection between them. Ensure both earbuds are charged.

8. SPECIFICATIONS

Feature	Detail
Brand	JVC
