Linon Coco Walnut Twin Over Full Bunk Bed Instruction Manual

Model: AMZN3152

INTRODUCTION

This manual provides detailed instructions for the assembly, safe operation, and maintenance of your Linon Coco Walnut Twin Over Full Bunk Bed. Please read all instructions carefully before assembly and use to ensure safety and proper function.

The Linon Coco Walnut Twin Over Full Bunk Bed is designed with a modern aesthetic and can be configured as a twin-over-full bunk bed or separated into two individual beds (one twin, one full). It features a solid wood frame with a walnut finish and meets all ASTM/CPSC national bunk bed safety standards.

SAFETY INFORMATION

Your safety is paramount. Adhere to the following guidelines to prevent injury and ensure the longevity of your bunk bed.

- **Weight Capacity:** The top bunk supports up to 220 lbs. The bottom bunk supports up to 400 lbs. Do not exceed these limits.
- **Mattress Requirements:**
 - Top Bunk (Twin): Use a mattress measuring 75"W x 38"D and up to 8"H.
 - Bottom Bunk (Full): Use a mattress measuring 75"W x 56"D.

Note: Mattresses are not included with the bunk bed.

- **Guardrails:** The top bunk is equipped with guardrails. Ensure they are always securely in place. Do not remove or modify them.
- **Ladder Safety:** Always use the provided ladder for access to the top bunk. Ensure the ladder is securely attached before use.
- **Age Recommendation:** The top bunk is not suitable for children under 6 years of age.
- **Assembly:** Ensure all bolts and connectors are tightened securely during assembly and checked

periodically.

- **Ventilation:** Do not attach or hang items on any part of the bunk bed that are not designed for use with the bed, for example, but not limited to, hooks, belts, or jump ropes.

SETUP AND ASSEMBLY

Assembly of the Linon Coco Bunk Bed requires two adults. Please ensure all parts are present before beginning. A Phillips head screwdriver and Allen wrench (often included) are typically required.

Parts List:

Refer to the included hardware packet for a complete list of components and fasteners. Do not discard packaging until assembly is complete and all parts are accounted for.

Assembly Steps:

1. **Unpack and Identify:** Carefully unpack all components and lay them out on a soft, clean surface to prevent scratches. Identify each part using the provided diagram in your hardware packet.
2. **Assemble Lower Bed Frame:** Begin by assembling the headboard and footboard for the full-size bed. Attach the side rails using the specified hardware. Ensure all connections are snug but do not overtighten until the frame is fully assembled.

Image: Components for bed frame assembly.

3. **Install Slats for Lower Bed:** Place the wooden slats across the side rails of the full-size bed. Secure them in place according to the instructions to create a stable mattress foundation.

6. **Attach Guardrails:** Securely attach the guardrails to the upper bunk bed frame using the designated hardware.
7. **Stack Beds and Attach Ladder:** Carefully lift the assembled twin bed and place it on top of the full bed, aligning the support posts. Securely fasten the two beds together using the provided connectors. Then, attach the ladder to the designated points on the bunk bed.

8. **Final Tightening:** Once all components are in place and aligned, go back and securely tighten all bolts and screws. Do not overtighten.

Converting to Two Separate Beds:

The Linon Coco Bunk Bed can be separated into a standalone twin bed and a standalone full bed. To convert:

1. Remove the ladder.
2. Carefully unfasten the connectors holding the top twin bed to the bottom full bed.
3. With assistance, gently lift and remove the top twin bed.
4. Place the twin bed in its desired location. The full bed can remain in place.

OPERATING INSTRUCTIONS

Using your Linon Coco Bunk Bed safely and effectively.

- **Top Bunk Access:** Always use the provided ladder to access the top bunk. Do not jump onto or off the top bunk.
- **Sleeping Position:** Ensure the mattress on the top bunk is positioned correctly, leaving sufficient space below the top of the guardrails.
- **General Use:** Avoid rough play on or around the bunk bed. Do not use the bed as a trampoline.

MAINTENANCE

Regular maintenance will help preserve the appearance and structural integrity of your bunk bed.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid using abrasive cleaners, harsh chemicals, or polishes that may damage the walnut finish.
- **Hardware Check:** Periodically check all bolts, screws, and connectors to ensure they remain tight. Retighten as necessary to maintain stability.
- **Structural Integrity:** Inspect the bed frame and slats regularly for any signs of damage, cracks, or wear. Discontinue use if significant damage is found and contact customer support.

TROUBLESHOOTING

Common issues and their solutions.

- **Squeaking Noises:**
 - Check all bolts and screws. Tighten any that are loose.
 - Ensure slats are properly seated and secured.
- **Bed Feels Unstable:**
 - Verify that all assembly steps have been followed correctly.
 - Ensure all connecting hardware between the upper and lower beds is securely fastened.
 - Confirm the bed is on a level surface.
- **Missing Parts:**

- Carefully re-check all packaging materials.
- Contact Linon customer support with your model number and a description of the missing part.
