2. SAFETY INFORMATION

- **New Mattress Odor:** A new mattress may have a slight odor upon unpacking. This is normal and harmless. Ventilate the room well after opening the mattress to allow the odor to dissipate.
- **Handling:** The mattress is compressed and can be heavy. Exercise caution when moving and unboxing to prevent injury. It is recommended to have two people for handling.
- **Placement:** Ensure the mattress is placed on a stable and supportive bed frame, foundation, or adjustable bed base.
- **Flammability:** Keep the mattress away from open flames or high heat sources.

- **Initial Odor:** If a slight odor persists after initial unboxing, ensure the room is well-ventilated. The odor should dissipate within 72 hours.
