2. SAFETY INFORMATION

Please read and understand all safety instructions before assembling or using this desk. Failure to follow these instructions may result in injury or damage to the product.

- This desk requires assembly and includes electrical components. Always follow safety guidelines when assembling and using the desk, especially when handling electrical parts.
- Ensure proper weight distribution when using storage features to maintain stability.
- Always unplug the desk from the power source when not in use or before cleaning.
- Do not over-tighten screws during assembly, as this may damage the wood. Tighten until snug, then stop.

3. SETUP AND ASSEMBLY

Assembly of the SEDETA L Shaped Desk typically requires two people. Detailed assembly instructions are included in the product packaging. Follow the step-by-step guide provided to ensure correct and safe assembly.

3.1. Desk Configuration

The desk offers a reversible design, allowing it to be configured as a 67-inch corner desk or a 94.5-inch long office desk. The top hutch can also be placed on the left or right side to suit your needs.

3.2. Assembly Tips

- Lay out all parts and hardware before beginning assembly to ensure everything is present.
- Do not overtighten screws. Tighten them just enough to secure the components firmly.
- Consider having a second person assist with holding larger components during assembly for easier and safer construction.

5. MAINTENANCE

To maintain the appearance and longevity of your desk, follow these simple maintenance guidelines:

- Wipe surfaces regularly with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- Ensure all screws and connections remain tight. Periodically check and tighten any loose fasteners.
- Keep the desk away from direct sunlight and extreme temperature changes to prevent material damage.

6. TROUBLESHOOTING

6.1. LED Lights Not Responding to App

If the LED lights are not connecting to the app, try controlling them with the inline controller. The app may be generic and require specific pairing instructions not always provided. The inline controller offers basic color and

mode selection, including a sound-reactive mode.

6.2. Desk Feels Flimsy

If the desk feels unstable, ensure all assembly screws are properly tightened. Recheck all connections, especially those supporting the main desk sections. Proper placement against a wall or in a corner can also enhance stability.

6.3. Keyboard Tray Space

The keyboard tray has specific dimensions (approximately 21.7 inches wide and 10.5 inches deep). If your keyboard and mouse setup exceeds this, consider alternative desk arrangements or a more compact keyboard/mouse combination.
