ROOMTEC RZEX001

ROOMTEC Dog Crate Furniture-Style Cages User Manual

MODEL: RZEX001

Brand: ROOMTEC

1. Product Overview

The ROOMTEC Furniture-Style Dog Crate is designed to provide a secure and comfortable space for your large dog while seamlessly blending into your home decor as an elegant piece of furniture. This heavy-duty kennel features a super sturdy construction and includes convenient adjustable stainless steel bowls.

Figure 1: The ROOMTEC Furniture-Style Dog Crate, designed to blend with home decor.

Its multi-functional design allows it to serve as a side table, offering extra storage space for pet supplies and helping to reduce clutter in your home.

2. Setup and Assembly

Assembly of your ROOMTEC dog crate is designed to be quick and easy. All necessary instructions and accessories are included in the package. We recommend having two people for assembly due to the size and weight of the components to ensure a smooth and safe setup process.

2.1. Package Contents

- 1 x Dog Crate (disassembled components)
- 2 x Stainless Steel Bowls
- 1 x Installation Instruction Manual

2.2. Assembly Steps

1. Unpack all components and verify against the parts list in the included installation instruction manual.
2. Follow the step-by-step diagrams and instructions provided in the manual to connect the metal frame and wooden panels.

3. Secure all screws and fasteners firmly. Ensure all connections are tight for stability.
4. Install the two stainless steel bowls into their designated adjustable feeder mechanism.
5. Place the assembled dog crate in your desired location.

Figure 2: Various perspectives of the dog crate, highlighting its design and functionality.

3. Features and Operation

3.1. Spacious Design

The crate boasts generous interior dimensions of 46"W x 29"D x 35.4"H, with overall dimensions of 48"W x 30.3"D x 43"H. This ample space is suitable for larger dog breeds, allowing them to stand, sit, and comfortably rest inside.

3.2. Adjustable Raised Dog Feeder

Included with the crate are two 7.5" stainless steel dog food bowls integrated into an adjustable raised feeder. This feeder features a 360-degree swivel mechanism and can be adjusted to three different heights: 7 inches, 13 inches, and 20 inches. Adjusting the bowl height promotes healthy digestion for your dog by allowing them to eat and drink in a more natural posture, reducing strain on their neck and joints.

CAGES INCLUDES 2 STAINLESS STEEL DOG BOWLS WITH A DIAMETER OF 7.5"

3.3. Strong and Sturdy Construction

The crate is constructed with a strong steel tube structure and an anti-chew design, ensuring pet-safe durability and a long service life. This robust build protects your furniture from potential damage and provides a secure environment for your pet.

4. Maintenance

Regular maintenance will ensure the longevity and cleanliness of your ROOMTEC dog crate.

- **Cleaning the Crate:** Wipe down metal and wood surfaces with a damp cloth and mild, pet-safe cleaner. Avoid abrasive cleaners that could damage the finish.
- **Cleaning Bowls:** The stainless steel bowls are removable for easy cleaning. Wash them regularly with soap and water.
- **Inspecting Components:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Floor Surface:** The crate floor may be slippery. Consider adding a non-slip mat or your dog's bed for added comfort and traction.

5. Troubleshooting

Here are some common issues and their potential solutions:

- **Crate appears unstable or wobbly:** Ensure all screws are fully tightened. If the issue persists, disassemble and reassemble, carefully following the instructions to ensure all parts are correctly aligned.
- **Doors do not close or latch properly:** Check for any obstructions in the door mechanism or frame. Verify that the crate is assembled squarely and not warped. The latches are designed for security; ensure they are fully engaged.
- **Crate sags in the middle (for very heavy dogs):** While designed for large dogs, extreme weight might cause slight sagging over time. Consider adding additional support underneath the center of the crate if this becomes an issue.
- **Dog escapes or attempts to escape:** Ensure all latches are securely fastened. If your dog is a determined escape artist, consider additional external locks or reinforcement for the doors. The bar spacing is standard, but some dogs may try to manipulate it.

6. Specifications

Attribute	Detail
Brand	ROOMTEC
Model Name	Large dog crate
Item Model Number	RZEX001
Overall Dimensions (L x W x H)	48" x 30.3" x 43"
