Instruction Manual

DEXPT CHARGER FOR WOWGO CORDLESS VACUUM CLEANER S108

Model: RSF-DY115B-2601000US

Introduction

Thank you for choosing the Dexpt Charger. This power adapter is specifically designed to provide reliable and efficient charging for your Wowgo S108 Cordless Vacuum Cleaner. Please read this manual carefully before use to ensure proper operation, safety, and longevity of your device.

Setup and Compatibility

Before connecting the charger, it is crucial to verify compatibility with your Wowgo S108 Cordless Vacuum Cleaner to prevent damage.

- Verify Vacuum Model:** Ensure your vacuum cleaner is the Wowgo S108 model.
- Check Charging Port:** Confirm that your vacuum's charging port is designed for a round tip connector. This charger is not compatible with USB-C or other port types.
- Confirm Power Requirements:** The charger output is 27V 0.8A. It is compatible with devices requiring 26V 0.5A. Ensure your vacuum's input specifications match these requirements. The amperage must be equal to or less than 1A.

type.

Operating Instructions

Follow these steps to charge your Wowgo S108 Cordless Vacuum Cleaner:

- 1. Connect to Vacuum:** Insert the round tip connector of the Dextp charger firmly into the charging port of your Wowgo S108 vacuum cleaner.
- 2. Plug into Power Outlet:** Plug the charger's AC plug into a standard 100-240V wall power outlet.
- 3. Charging Indicator:** Refer to your vacuum cleaner's user manual for information on its charging indicator light, which typically shows charging status.
- 4. Disconnect After Charging:** Once the vacuum is fully charged, disconnect the charger from both the vacuum and the wall outlet.

Care and Maintenance

- Cleaning:** Wipe the charger with a soft, dry cloth. Do not use liquid cleaners or abrasive materials.
- Storage:** Store the charger in a cool, dry place away from direct sunlight and extreme temperatures when not in use.
- Cable Care:** Avoid bending or crimping the power cord excessively. Do not place heavy objects on the cord.
- Inspection:** Periodically inspect the charger and cable for any signs of damage. If damage is found, discontinue use immediately.

Troubleshooting

Problem	Possible Cause	Solution
Vacuum not charging.	Charger not properly connected. Power outlet not active. Incompatible vacuum model/specifications.	Ensure charger is fully plugged into both vacuum and wall outlet. Test the outlet with another device. Re-verify compatibility as per 'Setup' section.
Charger feels hot.	Normal operation (slight warmth). Overload or faulty unit.	A slight warmth is normal during charging. If it's excessively hot or emits smoke/smell, disconnect immediately and contact support.
Loose connection.	Port or connector wear. Incorrect connector type.	Ensure the connector is fully inserted. If it remains loose, the port or connector may be worn. Verify connector type.

Product Specifications

Model Number	RSF-DY115B-2601000US
Brand	Dextp

Input Voltage Range	100-240V AC
Output Voltage	27V
Output Amperage	0.8A (compatible with 0.5A)
Compatible Devices	Wowgo S108 Cordless Vacuum Cleaner
Connector Type	Proprietary Round Tip
Package Dimensions	4.65 x 2.68 x 1.85 inches
Item Weight	2.89 ounces
Included Components	1 x Power Adapter
