

Lardera Uniform USA version

Lardera Wilfa Uniform Grinder Instruction Manual

Model: Uniform USA version

1. PRODUCT OVERVIEW

The Lardera Wilfa Uniform Grinder is designed to provide precise and uniform coffee grounds, essential for brewing exceptional coffee. Developed in partnership with Tim Wendelboe, this grinder features durable construction and advanced grinding capabilities.

- **Precision Grinding:** Equipped with 58mm Italian-made flat steel burrs for consistent particle size.
- **Versatile Grind Settings:** Offers 41 distinct grind steps, suitable for a wide range of brewing methods from fine espresso to coarse cold brew.
- **User-Friendly Operation:** Features a simple single-button control and automatic shut-off for convenience.
- **Durable Construction:** Built with a robust stainless-steel body.

2. SETUP

2.1 Unpacking

1. Carefully remove all components from the packaging.

2. Verify that all parts are present: grinder unit, lid, and ground coffee container.
3. Remove any protective films or packaging materials.

2.2 Initial Assembly

1. Place the grinder on a stable, flat surface.
2. Ensure the ground coffee container is correctly inserted into its slot at the front of the grinder.
3. Place the lid securely on top of the grinder.
4. Plug the power cord into a suitable electrical outlet.

3. OPERATING YOUR GRINDER

3.1 Grind Adjustment

The Wilfa Uniform Grinder features 41 adjustable grind settings, allowing you to fine-tune the coarseness for various brewing methods. To adjust the grind size, rotate the top part of the grinder. The numbers on the dial indicate the grind setting, with lower numbers for finer grinds (e.g., espresso) and higher numbers for coarser grinds (e.g., cold brew).

- **Settings 1-10:** Ideal for Espresso.
- **Settings 11-20:** Suitable for Aeropress and Pour Over.
- **Settings 21-30:** Recommended for Filter Coffee.
- **Settings 31-41:** Best for French Press and Cold Brew.

3.2 Adding Coffee Beans

Lift the lid from the top of the grinder. Pour your desired amount of whole coffee beans into the bean hopper. Replace the lid securely before operating.

Figure 3: Adding whole coffee beans to the grinder's top hopper. Ensure the lid is replaced before grinding.

3.3 Grinding Process

The grinder operates with a simple single-button control. Once beans are added and the grind setting is selected, press the 'on/off' button located on the front of the unit. The grinder will automatically start and stop once all beans have been ground, thanks to its auto shut-off feature.

4. CARE AND MAINTENANCE

4.1 Cleaning the Burrs

Regular cleaning of the burrs is crucial for maintaining grind consistency and flavor. To clean the burrs:

1. Unplug the grinder from the power outlet.
2. Remove the lid and the top burr assembly by rotating it counter-clockwise.
3. Use a brush (a small stiff brush is often included or recommended) to remove any accumulated coffee grounds from both the top and bottom burrs.
4. Wipe the burr chamber with a dry cloth. Do not use water or liquid cleaners on the burrs.
5. Reassemble the burr set by aligning and rotating clockwise until secure.

4.2 General Cleaning

For external cleaning, wipe the grinder's body with a soft, damp cloth. Do not immerse the grinder in water or any other liquid. The ground coffee container can be washed with warm, soapy water and dried thoroughly before reinserting.

5. TROUBLESHOOTING

Problem	Possible Cause	Solution
Grinder does not start.	Not plugged in; power outage; lid not properly seated; ground coffee container not inserted.	Check power connection; ensure lid is secure; ensure coffee container is fully inserted.
Inconsistent grind.	Burrs are dirty or clogged.	Clean the burrs thoroughly as per maintenance instructions.
Grinder stops mid-cycle.	Overheating; motor overload; no beans left.	Allow grinder to cool down; ensure not overloading with too many beans; auto shut-off is normal when beans are finished.
Excessive static cling of grounds.	Humidity levels; type of coffee beans.	Lightly mist beans with water before grinding (Ross Droplet Technique); use a brush to remove grounds from container.

6. TECHNICAL SPECIFICATIONS

Feature	Specification
Brand	Lardera
Model Number	Uniform USA version
Color	Black
