PawHut Hidden Cat Litter Box Enclosure with Scratching Pad - Instruction Manual

This manual provides instructions for the assembly, operation, and maintenance of your PawHut Hidden Cat Litter Box Enclosure.

PRODUCT OVERVIEW

The PawHut Hidden Cat Litter Box Enclosure is designed to discreetly house a cat litter box while also serving as a functional piece of furniture. It features an integrated scratching pad, storage options, and a design that integrates into various home decors.

KEY FEATURES

- **Discreet Design:** Conceals a cat litter box, contributing to a cleaner aesthetic and reducing odor.
- **Integrated Scratching Pad:** Provides a dedicated area for cats to scratch, helping to protect other furniture.
- **Multi-functional:** Can be utilized as a litter box enclosure, a private cat house, or a functional side table/storage bench.
- **Storage Space:** Features open shelves and a cabinet for organizing pet supplies, books, or decorative items.
- **Double Magnetic Doors:** Ensures secure closure of the cabinet compartment.
- **Adjustable Feet:** Provides stability and allows for leveling on uneven floor surfaces.

MULTI-FUNCTION

Litter Furniture Enclosure

Cat House

Side
table

CAT SCRATCHER INCLUDED

- Satisfy the cat's natural urges
- Eliminates cat litter tracking

SETUP AND ASSEMBLY

This product requires assembly. Please refer to the separate assembly instructions included in the product packaging for detailed, step-by-step guidance. Ensure all components are present before beginning assembly.

Component Identification

Before assembly, identify all parts using the provided parts list in your assembly manual.

Assembly Steps (General)

1. Unpack all components and verify against the parts list.
2. Assemble the main frame structure, ensuring all connections are secure.
3. Attach the side panels, back panel, and internal shelves.
4. Install the cabinet doors and their magnetic latches.

- 28.75"
- 16.25"
- 11.25"
- 11.25"
- 1.75"

OPERATING INSTRUCTIONS

1. Open the double doors of the cabinet.
2. Place a standard cat litter box inside the designated compartment. Ensure the litter box fits within the internal dimensions (approximately 16.25"W x 11.25"H x 16.5"D).
3. Close the doors securely using the magnetic latches.

4. Your cat can access the litter box through the side entrance.

As a Cat House

The enclosure can also serve as a private resting space for your cat. Remove the litter box and place a comfortable bed or cushion inside the cabinet.

As a Side Table/Storage Bench

Utilize the top surface and open shelves for decorative items, books, or other household essentials. The sturdy construction supports various items.

Video: Demonstrates the PawHut Hidden Cat Litter Box Enclosure in use, showing a cat entering and exiting, and highlighting its functionality as both a litter box cover and a piece of furniture.

MAINTENANCE

Cleaning the Enclosure

- Regularly wipe down all surfaces with a damp cloth and mild cleaner. Avoid abrasive cleaners that may damage the finish.
- For spills or accidents inside the litter box compartment, clean immediately to prevent odor absorption.
- Ensure the enclosure is completely dry before allowing your cat to re-enter.

Scratching Pad Care

- The included scratching pad is designed for wear. Replace it when it becomes heavily used or damaged to maintain its effectiveness and prevent tracking.
- To replace, simply remove the old pad and insert a new one of appropriate size.

TROUBLESHOOTING

Door Not Closing Securely

- Check if the magnetic latches are properly aligned and securely attached to both the door and the frame.
- Ensure no debris is obstructing the door's path.
- If a magnet has detached, reattach it using appropriate adhesive or fasteners, ensuring it is flush with the surface.

Unit Instability

- Verify that all assembly screws are tightened.
- Adjust the leveling feet at the bottom of the unit to compensate for uneven flooring. Turn the feet clockwise or counter-clockwise until the unit is stable.

Excessive Litter Tracking

- Ensure the scratching pad is in place, as it helps to remove litter from paws.

- Consider using a litter mat outside the enclosure's entrance.
- Experiment with different types of litter that may track less.

SPECIFICATIONS

Feature	Detail
Brand	PawHut
Model	B0C42RB7FV
