Philips TAFS1

Philips Fidelio TAFS1 Bluetooth Speaker System User Manual

Model: TAFS1

INTRODUCTION

This manual provides detailed instructions for the setup, operation, and maintenance of your Philips Fidelio TAFS1 Bluetooth Speaker System. Please read this manual thoroughly before using the product to ensure proper functionality and to maximize your listening experience. The Fidelio TAFS1 delivers rich, room-filling sound with crystal-clear highs, warm midrange tones, and deep bass, thanks to its down-firing woofer and twin passive radiators. Its elegant design features an acoustically transparent metal grille and anthracite Muirhead leather trim, making it a stylish addition to any room.

WHAT'S IN THE BOX

Verify that all components are present upon unpacking:

- Fidelio TAFS1 Speaker System
- AC Power Adapter
- International Warranty Booklet
- Quick Start Guide

SETUP

1. Power Connection

1. Connect the supplied AC Power Adapter to the 'DC IN' port on the back of the speaker.
2. Plug the AC Power Adapter into a wall outlet.
3. The speaker will power on automatically or can be turned on using the power button on the top panel.

2. Initial Network Setup (Wi-Fi)

For full functionality, including multi-room audio and voice control, connect your speaker to your home Wi-Fi network.

1. Download the Philips Sound app from your device's app store.
2. Open the app and follow the on-screen instructions to add your Fidelio TAFS1 speaker to your Wi-Fi network.
3. Ensure your mobile device is connected to the same Wi-Fi network you intend to use for the speaker.

3. Bluetooth Pairing

To connect a device via Bluetooth:

1. Press the Bluetooth button on the top panel of the speaker or select Bluetooth mode via the Philips Sound app. The Bluetooth indicator will flash.
2. On your mobile device, enable Bluetooth and search for "Philips Fidelio TAFS1".
3. Select the speaker to pair. Once connected, the Bluetooth indicator will glow solid.

OPERATING INSTRUCTIONS

Basic Controls

- **Power Button:** Press to turn on/off.
- **Volume Buttons (+/-):** Adjust the volume level.
- **Play/Pause Button:** Start or pause playback.
- **Microphone Button:** Activate voice assistant (Alexa, Google Assistant, Siri).

Multi-Room Audio with DTS Play-Fi

The Philips Fidelio TAFS1 supports multi-room audio via DTS Play-Fi. Use the Philips Sound app to group multiple compatible speakers and play synchronized audio throughout your home, creating a seamless multi-room experience.

Video 1: An overview of the Philips Fidelio FS1 Wireless Speaker, demonstrating its sound capabilities and design features. This video highlights the speaker's core functionalities and aesthetic appeal.

Stereo Pairing

Pair two Fidelio TAFS1 speakers for an immersive stereo sound experience. This configuration provides clearer sound with a real sense of space, perfect for music or movies, and can be set up through the Philips Sound app.

Voice Control

The speaker supports voice assistants like Alexa, Google Assistant, and Siri. Ensure the microphone is enabled and the speaker is connected to Wi-Fi. Follow the app's instructions to link and configure your preferred voice assistant.

Ambilight Integration

If you own a compatible Philips Ambilight TV, the TAFS1 speaker can sync its responsive LEDs with your TV's Ambilight effect, expanding your viewing experience. This feature can be managed via the Philips Sound app, which also allows for Lounge Mode or Follow Music Mode for a colorful lightshow.

Hi-Res Streaming

The Fidelio TAFS1 supports high-quality music streaming from services like Spotify or Tidal. Utilize the Critical Listening mode for lossless playback, ensuring the best possible audio fidelity.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the speaker's surfaces. Do not use liquid cleaners or abrasive materials.
- **Storage:** When not in use for extended periods, store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.
- **Avoid Moisture:** This speaker is not waterproof. Keep it away from water and high humidity.

TROUBLESHOOTING

Problem	Solution
No power	Ensure the AC power adapter is securely connected to both the speaker and a working power outlet.
No sound	Check the volume level on both the speaker and your connected device. Ensure the correct input source is selected.
Bluetooth pairing fails	Make sure the speaker is in Bluetooth pairing mode. Move your device closer to the speaker. Disconnect from other Bluetooth devices.
Wi-Fi connection issues	Verify your Wi-Fi network is active. Restart your router and the speaker. Use the Philips Sound app to reconfigure the Wi-Fi connection.
Voice assistant not responding	Ensure the speaker is connected to Wi-Fi and the microphone is enabled. Check your settings in the Philips Sound app for voice assistant configuration.
