- **Convenient In-Line Control:** The 2.1m USB wired headset features a one-key control button for quick adjustments to volume, mute, microphone on/off, and RGB lighting control.

EASY TO CONTROL

Image: Close-up of the in-line control unit with buttons for volume, mute, mic, and RGB.

- **User-Friendly Design:** Lightweight (approx. 320g) with an adjustable padded headband for various head shapes. Soft memory earmuffs with breathable cloth reduce pressure and prevent sweat for comfortable long-term use.

BUILT FOR ALL DAY COMFORT

Weight: 320g

SETUP INSTRUCTIONS

- 1. Connect to Device:** Plug the USB connector of the AULA S505 headset into an available USB port on your PC, laptop, or other compatible device. The headset is plug-and-play, requiring no additional drivers or software installation.
- 2. Adjust Headband:** Gently adjust the padded headband to fit comfortably on your head. The headband is designed to be auto-adjustable for various head sizes.
- 3. Position Microphone:** Rotate the flexible microphone boom to a position near your mouth for optimal voice pickup.
- 4. Initial Volume Check:** Before starting your game or application, use the in-line volume control to set an appropriate listening level.

OPERATING INSTRUCTIONS

- **Volume Control:** Use the rotary dial on the in-line control unit to increase or decrease the audio volume.
- **Microphone Mute:** Press the microphone button on the in-line control to mute or unmute the microphone. An indicator light on the microphone tip may show its status (e.g., blue for active).
- **RGB Lighting Control:** Press the light button on the in-line control to toggle the RGB backlight effects on or off.
- **Virtual 7.1 Surround Sound:** The virtual 7.1 surround sound is automatically enabled upon connection. Ensure your device's audio settings are configured to output stereo sound for the headset to process the virtual surround effect.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to wipe the headset. For earmuffs, a slightly damp cloth can be used, but ensure they are completely dry before next use. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** Store the headset in a cool, dry place away from direct sunlight and extreme temperatures. Avoid tangling the cable.
- **Cable Care:** Do not pull the cable forcefully or bend it sharply, as this can damage internal wiring.

TROUBLESHOOTING

No Sound from Headset:

- Ensure the USB connector is fully inserted into the port.
- Check the in-line volume control and increase it if necessary.
- Verify your computer's audio output settings are set to the AULA S505 headset.
- Test the headset on another USB port or device to rule out a port issue.

Microphone Not Working:

- Ensure the microphone is not muted via the in-line control.
- Check your computer's microphone input settings and select the AULA S505 headset as the default input device.
- Confirm the microphone boom is positioned correctly.

RGB Lights Not Working:

- Press the RGB light button on the in-line control to ensure it is turned on.
- Verify the USB connection is secure.
