

## Fjords Admiral R

# Fjords Admiral R Large Recliner Chair and Ottoman User Manual

Model: Fjords-Admiral-R-LRG-Latte-Teak

## 1. PRODUCT OVERVIEW

The Fjords Admiral R Large Ergonomic Swivel Recliner Chair with Ottoman is designed to provide continuous support for your legs and back. It features a 360-degree swivel base crafted from laminated, stained rubberwood, offering both elegance and stability. Key features include an adjustable head pillow for personalized comfort and a manual release adjustable headrest angle. The chair utilizes cold cure molded foam in the seat, back, armrest, and ottoman, ensuring long-lasting suppleness and durability. Unique gliding mountings allow for an optimal individual resting position, adjusting to your body weight.

## **2. IMPORTANT SAFETY GUIDELINES**

---

Please read and adhere to the following safety instructions to ensure safe operation and longevity of your Fjords Admiral R recliner:

- Always follow all assembly instructions carefully.
- Do not exceed the maximum weight recommendation of 250 pounds to maintain stability and safety.
- Keep the chair and ottoman away from direct heat sources and sharp objects to prevent damage to the leather upholstery and wood base.
- Use the chair only as intended for seating and reclining. Avoid standing on the chair or ottoman.
- Do not attempt to adjust or repair any components without proper knowledge or specialized tools. Contact authorized service personnel if repairs are needed.

## **3. PACKAGE CONTENTS**

---

Upon unpacking, verify that all components are present:

- Fjords Admiral R Recliner Chair (1 unit)
- Matching Ottoman (1 unit)
- Assembly Hardware (if applicable, refer to separate assembly guide)

## 4. SETUP AND ASSEMBLY

Your Fjords Admiral R recliner and ottoman typically arrive partially assembled. Follow these general steps for final setup:

1. Carefully remove all packaging materials. Retain packaging for potential returns or future transport.
2. Place the chair base on a flat, stable surface.
3. Attach the chair seat and backrest to the base according to the specific instructions provided in the separate assembly guide (if included). Ensure all connections are secure.
4. Assemble the ottoman base and cushion if they are separate components, ensuring stability.
5. Verify that the chair swivels freely and the reclining mechanism operates smoothly before use.

## 5. OPERATING INSTRUCTIONS

### 5.1. Reclining Function

The Fjords Admiral R chair features a unique gliding system that allows you to recline by simply shifting your body weight. To recline, lean back gently. The chair will adjust to your preferred resting position. To return to an upright position, shift your weight forward.

Image 5.1: The Fjords Admiral R recliner in a reclined position, demonstrating the comfort and adjustability.

### 5.2. Swivel Function

Both the chair and the ottoman are equipped with a 360-degree swivel base. To rotate, simply apply gentle pressure with your feet or body in the desired direction. Ensure there are no obstructions around the chair that could impede its movement.

### 5.3. Headrest Adjustment

The chair includes an adjustable head pillow and a manual release adjustable headrest angle. To adjust the headrest, locate the manual release mechanism (typically a lever or button on the side or back of the headrest) and adjust the angle to your comfort. Release the mechanism to lock it in place.

## 6. MAINTENANCE AND CARE

### 6.1. Leather Care

The Fjords Admiral R chair is upholstered in Soft Line Latte Leather. For general cleaning, use a soft, dry cloth to dust the surface regularly. For spills or stains, spot clean immediately with a damp cloth and a mild, pH-neutral leather cleaner. Avoid harsh chemicals, abrasive cleaners, or excessive moisture. Always test any cleaning product on an inconspicuous area first. Protect the leather from direct sunlight and heat sources to prevent fading and drying.

At Fjords, we keep our leather offering rational and simple. We use only top grain, semi-aniline leathers for our 3 grades, which are available on all products.

**SOFT LINE LEATHER:** This is our mid-grade leather, and cannot be produced from just any bovine (cow) hide. Soft Line Leather hides must be relatively free of marks and are priced accordingly. It is uncorrected, meaning the surface of the hide has not been sanded smooth to remove imperfections and natural marks. This gives the leather natural variation in grain, and an improved look and feel. The top grain leather has been mechanically stretched and flattened at the tannery for a smoother appearance.

Soft Line has a pigment layer on the surface, color matched to exacting standards at the tannery to ensure a high quality, high accuracy product that matches closely to the samples provided. It also has a clear protective layer applied over the pigment layer for protection.

## 6.2. Wood Base Care

The laminated, stained rubberwood base can be cleaned with a soft, damp cloth. Avoid using abrasive cleaners or polishes that may damage the finish. Wipe dry immediately after cleaning to prevent water marks.

## 7. TROUBLESHOOTING

If you encounter any issues with your Fjords Admiral R recliner, consider the following general troubleshooting steps:

- **Difficulty Reclining:** Ensure no objects are obstructing the reclining mechanism. Check that the chair is on a level surface.
- **Swivel Not Smooth:** Inspect the base for any debris or obstructions. Ensure all assembly bolts are tightened correctly.
- **Unusual Noises:** Check all connections and bolts for tightness. Lubrication may be required for moving parts; consult a professional if unsure.
- **Wobbling:** Verify that the chair and ottoman are placed on a flat, even surface. Check all assembly points for secure fastening.

For persistent issues or concerns not addressed here, please contact Fjords customer support.

## 8. SPECIFICATIONS

Feature	Detail
Brand	Fjords
Model Name	Fjords-Admiral-R-LRG-Latte-Teak
