Yaheetech 158cm Cat Tree Instruction Manual

Model: YA-00122230

INTRODUCTION

This manual provides detailed instructions for the assembly, use, and maintenance of your Yaheetech 158cm Cat Tree. Please read these instructions carefully before assembly and retain for future reference.

Image: Overview of the Yaheetech 158cm Cat Tree, showing its multi-level design with cats resting and playing.

The Yaheetech 158cm Cat Tree is designed to provide a multi-functional activity center for your cats. It features multiple platforms, two cat caves, a hammock, sisal scratching posts, and hanging plush balls, offering various spaces for climbing, scratching, resting, and playing.

SAFETY INSTRUCTIONS

- Ensure all parts are securely fastened during assembly to prevent instability.
- Place the cat tree on a flat, stable surface to minimize the risk of tipping.
- Utilize the included anti-tipping safety strap to secure the cat tree to a wall, especially if you have active or multiple cats.

Für Sicheres Spielen und Springen

Die Kippsicherung ermöglicht die Befestigung an der Wand und sorgt für hohe Stabilität und Sicherheit

Image: Detail of the anti-tipping safety strap, demonstrating how to secure the cat tree to a wall for enhanced stability.

- Keep children away from the cat tree during assembly to avoid injury from small parts.
- Regularly inspect the cat tree for any loose or damaged parts and tighten or replace them as necessary.
- Do not allow cats to chew on non-sisal components or ingest small parts.

PACKAGE CONTENTS

Before beginning assembly, verify that all components listed below are present and undamaged.

- Baseboard (1)
- Platforms (various sizes, 3)
- Cat Caves/Nests (2)
- Hammock (1)
- Sisal Scratching Posts (6)
- Plush Hanging Balls (2)
- Sisal Rope (1)

- Assembly Hardware (screws, bolts, Allen key)
- Anti-tipping Safety Strap (1)

SETUP AND ASSEMBLY INSTRUCTIONS

Follow these steps to assemble your cat tree. It is recommended to have a clear, spacious area for assembly.

1. Step 1: Base Assembly

Attach the first set of scratching posts to the baseboard using the provided screws. Ensure they are tightened securely.

2. Step 2: First Level Platforms and Cave

Place the first platform onto the posts and secure it. Assemble the lower cat cave and attach it to this platform.

3. Step 3: Hammock Installation

Attach the hammock to the designated points on the structure, ensuring it is taut and secure for your cat's safety.

4. Step 4: Second Level Platforms and Cave

Continue building upwards, attaching the next set of scratching posts, platforms, and the second cat cave.

5. Step 5: Top Platforms and Accessories

Install the top observation platforms. Attach the hanging plush balls and the sisal rope to their designated hooks.

6. Step 6: Anti-Tipping Strap

Once fully assembled, position the cat tree in its desired location. Secure the anti-tipping strap to a wall stud or appropriate anchor point to prevent accidental tipping.

OPERATING INSTRUCTIONS (USAGE)

The Yaheetech Cat Tree provides multiple features for your cat's enjoyment and well-being:

- **Scratching Posts:** The sisal-wrapped posts allow cats to sharpen their claws, promoting healthy claw maintenance and diverting scratching behavior from household furniture.
- **Cat Caves:** Two enclosed spaces offer secure and cozy spots for napping, hiding, or observing surroundings.

- **Observation Platforms:** Elevated platforms provide vantage points for cats to survey their territory. The top platforms are designed with raised edges for comfort and security.
- **Hammock:** A soft hammock offers an additional comfortable resting spot.
- **Hanging Toys:** The plush hanging balls encourage playful interaction and exercise. These are replaceable and detachable.

MAINTENANCE

Proper maintenance ensures the longevity and hygiene of your cat tree:

- **Cleaning:** Clean the cat tree with a damp cloth or a mild cleaner. Avoid saturating the tree with water or machine washing any components.
- **Drying:** Store the cat tree in a dry, well-ventilated area, away from direct sunlight, to prevent moisture damage and mold growth.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Re-tighten as needed.
- **Damage:** If any part becomes significantly damaged (e.g., frayed sisal, broken platforms), consider replacing the affected part or the entire unit to ensure your cat's safety.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Cat tree feels wobbly.	Loose connections; uneven floor; anti-tipping strap not installed.	Check and tighten all screws. Ensure the tree is on a level surface. Install or re-secure the anti-tipping strap to the wall.
Cats not using scratching posts.	Preference for other surfaces; unfamiliarity.	Encourage use by rubbing catnip on the sisal posts. Gently guide your cat's paws to the posts.
Hanging toys are damaged.	Normal wear and tear from play.	The hanging balls are detachable and replaceable. Remove damaged toys to prevent ingestion of small parts.

SPECIFICATIONS

Feature	Detail
Model Number	YA-00122230
Overall Dimensions (L x W x H)	61 cm x 49 cm x 158 cm (24" x 19.3" x 62.2")
