Wypall 41041

WypAll Power Clean X80 Heavy Duty Cloths User Manual

Model: 41041

1. PRODUCT OVERVIEW

The WypAll Power Clean X80 Heavy Duty Cloths are engineered for demanding cleaning tasks in industrial and manufacturing environments. These cloths offer the durability and absorbency of a laundered cloth with the convenience and hygiene of a disposable wiper. They are designed to effectively remove dirt, oil, grime, and solvents from various surfaces.

Figure 1.1: WypAll Power Clean X80 Heavy Duty Cloths, 160 wipers per carton, shown in their dispenser box. The image highlights the product's packaging and the blue color of the cloths.

2. KEY FEATURES

- **HydroKnit Technology:** Features high-tech HydroKnit material for fast absorption and effective wicking of moisture.
- **Superior Absorbency:** Designed to absorb more water and oil compared to traditional textile shop rags.
- **Durability:** Reinforced for strength, maintaining integrity even when wet, making them suitable for scrubbing and heavy-duty tasks.

- **Contaminant-Free:** A safer alternative to laundered shop towels, which may harbor dangerous chemicals.
- **Material Composition:** Made from soft pulp fibers bonded to a polypropylene base sheet, ensuring both absorbency and durability.
- **Chemical Resistance:** Resistant to harsh cleaning agents, allowing for versatile use with various solvents.
- **Reusable Design:** Though disposable, these cloths are robust enough to be rinsed and reused for multiple tasks.

3. SETUP AND UNPACKING

The WypAll Power Clean X80 Heavy Duty Cloths are supplied in a convenient dispenser carton. No assembly is required.

1. **Unpack:** Carefully remove the carton from its shipping packaging.
2. **Position:** Place the dispenser carton on a stable, flat surface in an easily accessible location within your workspace.
3. **Dispense:** Pull individual wipers from the dispenser opening as needed.

4. OPERATING INSTRUCTIONS

These heavy-duty cloths are versatile and can be used for a wide range of cleaning and wiping applications.

- **General Wiping:** Use for routine cleaning of surfaces, tools, and equipment.
- **Oil and Grease Removal:** Highly effective for absorbing and wiping away oils, grease, and lubricants from machinery and parts.
- **Solvent Application:** Suitable for use with various solvents for surface preparation or cleaning, as the cloths are resistant to harsh chemicals.
- **Metal Shaving Cleanup:** Durable enough to handle wiping metal shavings without tearing.
- **Rough Surface Cleaning:** The robust construction allows for effective cleaning on abrasive or uneven surfaces.
- **Spill Cleanup:** Utilize their high absorbency for quick and efficient cleanup of liquid spills.

For optimal performance, fold the cloth to create multiple wiping surfaces, maximizing its lifespan and effectiveness.

5. MAINTENANCE AND STORAGE

While WypAll X80 cloths are designed for disposability, they can be maintained for extended use in certain applications.

- **Cleaning (for reuse):** If desired, lightly soiled cloths can be rinsed with water and mild detergent. Allow to air dry completely before reuse. Note that heavy contamination may warrant disposal.
- **Storage:** Store the dispenser carton in a cool, dry place away from direct sunlight and excessive moisture to maintain product integrity.
- **Disposal:** Dispose of used cloths according to local regulations for industrial waste, especially if they have absorbed hazardous materials.

6. TROUBLESHOOTING

WypAll X80 cloths are generally straightforward to use. However, consider the following if issues arise:

- **Cloth Tearing Easily:**
 - Ensure the cloth is not being used on extremely sharp or jagged surfaces that could cause excessive abrasion.
 - For very heavy-duty scrubbing, consider folding the cloth multiple times to increase its thickness and strength.

- **Poor Absorption:**

- Verify the cloth is dry before use. Moisture can reduce absorption capacity.
- Ensure the liquid being absorbed is within the product's intended use (e.g., not extremely viscous or highly corrosive liquids that might degrade the material).

7. SPECIFICATIONS

Attribute	Detail
Product Name	WypAll Power Clean X80 Heavy Duty Cloths
Model Number	41041
Brand	Wypall
Product Dimensions	13.1 x 10 x 9.1 inches (Carton)
Item Weight	4.35 pounds (Carton)
Manufacturer	KIMBERLY CLARK
ASIN	B0C48GV1TH
Scent	Unscented
Sheet Count	160 Wipers/Carton
Package Information	Box
Item Form	Wipes

8. SAFETY INFORMATION AND WARNINGS

Proposition 65 Warning: This product may contain chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. For more information, visit www.P65Warnings.ca.gov.

Always use appropriate personal protective equipment (PPE) when handling chemicals or performing tasks that may pose a risk. Ensure proper ventilation in work areas. Keep out of reach of children and pets.

9. WARRANTY AND SUPPORT

For information regarding product warranty, returns, or technical support, please contact Kimberly-Clark Professional directly or refer to the official Wypall website. Specific warranty terms may vary by region and distributor.
