

EIGIIS KE3BK

EIGIIS KE3BK Military Smart Watch User Manual

Model: KE3BK

INTRODUCTION

Thank you for choosing the EIGIIS KE3BK Military Smart Watch. This device is designed to be a robust companion for your daily activities and outdoor adventures, offering a range of features including fitness tracking, health monitoring, and smart notifications. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your smart watch to ensure optimal performance.

WHAT'S IN THE BOX

Please verify that all items are present in your package:

- 1 x EIGIIS Rugged Smart Watch
- 1 x Watch Bands
- 1 x Charging Cable
- 1 x User Manual
- 1 x Retailed Box

SETUP

1. Charging the Device

Before initial use, fully charge your EIGIIS KE3BK Smart Watch. Connect the provided charging cable to the watch's charging port and a standard USB power adapter. A full charge typically takes approximately 2 hours. The watch features a 300mAh Lithium Polymer battery.

300mAh BATTERY CAPACITY

Note: It is normal to open the flashlight for a long time will accelerate battery consumption.

Image: The smart watch indicating its 300mAh battery capacity, 2-hour charging time, 5-7 days use time, and 12-15 days standby time.

2. App Installation and Pairing

To unlock the full functionality of your smart watch, download and install the **FitCloudPro** application on your smartphone.

1. **Download the App:** Search for "FitCloudPro" in the Apple App Store (for iOS devices) or Google Play Store (for Android devices) and install it.
2. **Enable Bluetooth:** Ensure Bluetooth is enabled on your smartphone.
3. **Open FitCloudPro:** Launch the FitCloudPro app and follow the on-screen instructions to create an account or log in.
4. **Add Device:** In the app, navigate to the "Add Device" section. The app will scan for available devices.
5. **Select KE3:** Select "KE3" from the list of found devices to initiate the pairing process.
6. **Confirm Pairing:** A pairing request will appear on your phone. Confirm by tapping "Pair."
7. **Grant Permissions:** Allow necessary permissions for the app to function correctly, including contact and call access for Bluetooth calling features.
8. **Enable Call Audio:** On your watch, ensure "Call Audio" is turned on to enable Bluetooth dial and answer calls.

OPERATING INSTRUCTIONS

Basic Navigation

The EIGIIS KE3BK Smart Watch features a 1.45-inch HD display with touch functionality and two physical buttons: 'HOME' and 'BACK'.

- **Swipe Up/Down:** Access quick settings or notifications.
- **Swipe Left/Right:** Navigate through widgets and main functions.
- **Tap:** Select an item or confirm an action.
- **HOME Button:** Return to the main watch face or access the app menu.
- **BACK Button:** Go back to the previous screen.

Bluetooth Calling & Smart Notifications

With its built-in speaker and microphone, the watch supports direct call management and message alerts.

- **Making/Receiving Calls:** Once paired and call audio is enabled, you can dial numbers directly from the watch or answer incoming calls.
- **Smart Notifications:** Receive alerts for messages from various applications (e.g., Skype, WhatsApp, Facebook, LINE) directly on your watch. Ensure notification permissions are granted in the FitCloudPro app.

SMART NOTIFICATION

Bluetooth Calling & Message Reminder

Image: The smart watch showing a message notification, illustrating its smart notification capability.

Integrated LED Flashlight

The watch is equipped with a small LED flashlight on its side, useful for illuminating your path in low-light conditions.

- **Activation:** Access the flashlight function through the watch's menu or quick settings.
- **Note:** Prolonged use of the flashlight will accelerate battery consumption.

FLASHLIGHT ON WRIST

Help you light up the night road and invisible corners

Image: The smart watch's flashlight feature in use, providing illumination in a dark setting.

Sports Modes and Activity Tracking

The watch supports over 100 sports modes, tracking various metrics during your workouts.

- **Selection:** Choose your desired sport mode from the watch's menu (e.g., Running, Climbing, Cycling, Basketball).
- **Data Recording:** The watch automatically records steps, heart rate, and calories burned.
- **Review Data:** Sync with the FitCloudPro app to view detailed exercise data and progress.

Health Monitoring

The EIGIIS KE3BK provides continuous health monitoring features.

- **Heart Rate Monitoring:** 24/7 heart rate tracking to help you understand your cardiovascular status.
- **Blood Oxygen Monitoring:** Measures blood oxygen levels.
- **Sleep Tracking:** Analyzes sleep quality by tracking sleep stages and duration.
- **Data Sync:** All health data is uploaded to the FitCloudPro app for detailed analysis.

Important Note: The measurement data provided by this device is **FOR SPORTS OR AVIATION USE ONLY, NOT FOR MEDICAL USE**. It should not be used for diagnosis or treatment of any medical condition.

24/7 HEALTH MONITORING

Helps you to know your physical status at all times.

Additional Functions

The watch includes several practical features to enhance daily convenience:

- **Pedometer:** Tracks your daily step count.
- **Alarm Reminder:** Set alarms directly from the watch or app.
- **Remote Camera Control:** Use the watch as a remote shutter for your smartphone camera.
- **Find Your Phone:** Locate your paired smartphone by triggering an alert sound.
- **Voice Assistant:** Access your phone's voice assistant directly from the watch.
- **Weather Forecast:** Displays real-time weather information.
- **Music Control:** Control music playback on your smartphone.

YOUR INTELLIGENT ASSISTANT

MAINTENANCE

Water Resistance

The EIGIIS KE3BK Smart Watch is 3ATM water resistant, meaning it can withstand splashes, rain, and brief immersion in water, such as during hand washing or dishwashing.

Caution: Do not use the watch while diving, in a sauna, or during a hot shower. Exposure to hot water or high-pressure water jets may compromise the water resistance.

Cleaning

Regularly clean your watch and watch band to prevent skin irritation and maintain device hygiene.

- Wipe the watch screen and body with a soft, damp, lint-free cloth.
- For the watch band, use mild soap and water if necessary, then rinse thoroughly and dry completely before wearing.
- Avoid using harsh chemicals, abrasive cleaners, or solvents, as these can damage the watch's finish and seals.

Battery Care

To maximize battery lifespan:

- Avoid extreme temperatures.
- Charge the watch regularly, but avoid leaving it fully discharged for extended periods.
- Use only the provided charging cable.

TROUBLESHOOTING

If you encounter issues with your EIGIIS KE3BK Smart Watch, refer to the following common solutions:

Problem	Possible Solution
Watch does not turn on	Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
Cannot pair with phone	Ensure Bluetooth is enabled on your phone and the watch. Restart both devices. Make sure the FitCloudPro app is open and searching for devices. Forget previous pairings in your phone's Bluetooth settings.
Notifications not received	Check notification permissions in the FitCloudPro app and your phone's system settings. Ensure the watch is connected via Bluetooth. Disable 'Do Not Disturb' mode on both devices.
Inaccurate health data	Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensor on the back of the watch. Remember that data is for reference only and not for medical use.
Short battery life	Reduce screen brightness. Limit continuous heart rate monitoring. Turn off unnecessary notifications. Avoid prolonged use of the flashlight.

If the issue persists, please refer to the support section for contact information.
