OPERATING INSTRUCTIONS

- Preparation:** Decide whether to trim on wet or dry skin. If desired, wet the area to be trimmed and apply soap or water to clean the skin and soften the hair.
- Power On:** Press the power button to turn on the trimmer. The battery indicator lights will illuminate.
- Trimming:** Hold the trimmer with the flat side down and parallel to your skin. Pull skin tight to avoid nicks and cuts. Move the trimmer gently against the direction of hair growth for an effective trim. The ceramic blade and safety guard are designed to provide a smooth, comfortable experience without razor burn, bumps, or ingrown hairs.
- Versatile Use:** This tool is suitable for all hair types (thick, fine, curly, or straight) and can be used on various body areas, including legs, arms, chest, and the bikini line.
- Power Off:** Press the power button again to turn off the trimmer.

WHY THE MERIDIAN TRIMMER

-  ULTRA GENTLE, HIGH PRECISION CERAMIC BLADE HELPS PREVENT CUTS AND INGROWNS
-  QUICK AND EASY TO USE - TRIM IN UNDER 2 MINUTES
-  CUTS THROUGH COARSE HAIR IN OR OUT OF THE SHOWER

MAINTENANCE

- Cleaning:** After each use, turn off the trimmer. Remove the guide comb and use the included cleaning brush to remove any loose hairs from the blade and trimmer body. Since the trimmer is 100% waterproof, you can rinse the blade head and body under running water for a more thorough clean.
- Drying:** Ensure the trimmer is completely dry before storing or recharging.
- Storage:** Store the trimmer in a cool, dry place. For travel, utilize a protective case to prevent damage.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Trimmer not turning on	Low battery; Travel lock engaged; Faulty power button.	Charge the trimmer fully. Press and hold the power button for 3 seconds to disengage travel lock. If issues persist, contact support.
Battery drains quickly when not in use	Internal battery issue.	Ensure the trimmer is fully powered off and not in standby mode. If the issue continues, contact support.
Charging issues (e.g., not charging with standard USB-C cable)	Specific USB-C cable orientation required for some cables.	Try flipping the USB-C connector. Use the provided USB-C cable for best compatibility.

Problem	Possible Cause	Solution
Water collecting inside (draining from charging port)	Excessive water exposure during cleaning.	While waterproof, avoid prolonged direct water exposure to the charging port. Ensure the trimmer is upright to allow water to drain and dry completely before charging.
