

Aheaplus YHWC-01B

Aheaplus Corner Bar Cabinet Instruction Manual

Brand: Aheaplus | Model: YHWC-01B

1. PRODUCT OVERVIEW

The Aheaplus Corner Bar Cabinet is a versatile and space-saving furniture piece designed for small spaces. It features a robust industrial design with a black finish, combining functionality with aesthetic appeal. This 5-tier cabinet includes dedicated storage for wine and liquor, a glass holder, and integrated LED lighting to enhance your home bar or living area.

- **Large Capacity Wine Cabinet:** This corner cabinet combines wine racks, glass shelves, and storage cabinets. The three upper open storage counters are ideal for coffee machines, fruit trays, cups, and favorite wines. The bottom features a double-layer storage cabinet with 2 mesh doors and magnets, offering ample space for whiskey, liquors, or other wine collections, and can also store household items.
- **Multifunctional Design:** Maximize your living space with this versatile corner cabinet. Its unique appearance and industrial design elements seamlessly blend with most home furniture styles, providing extensive storage and display options for kitchens, living rooms, lounges, and dining rooms.
- **Sturdy and High-Quality Construction:** The bar cabinet is robustly built from high-quality MDF panels and a sturdy metal frame. Adjustable feet ensure stability on uneven floors and protect surfaces from scratches. Anti-tipping fittings are included for enhanced safety and stability.

3. ASSEMBLY INSTRUCTIONS

This corner bar cabinet requires assembly. Please follow the step-by-step instructions provided in the packaging. It is recommended to have two people for assembly to ensure stability and ease of construction.

3.1. Before You Begin

- Unpack all components and verify against the parts list in your manual.
- Ensure you have all necessary tools, typically a screwdriver and possibly a hammer (not included).
- Clear a spacious area for assembly to prevent damage to the product or your floor.

3.2. Assembly Steps (General Guidelines)

1. Assemble the main frame structure using the provided screws and connectors. Do not overtighten screws until all parts are aligned.
2. Attach the shelves and panels according to the numerical order in your manual.
3. Install the mesh doors and their hinges. Ensure they open and close smoothly.
4. Mount the wine glass holders and any other accessory components.
5. Carefully route the LED strip and power cord as indicated in the manual. Secure the LED strip using its adhesive backing.
6. Attach the adjustable feet to the base of the cabinet.
7. Once fully assembled, gently tighten all screws to secure the structure.
8. Install the anti-tipping hardware to a wall stud to prevent accidental tipping, especially in households with children or pets.

4. OPERATING INSTRUCTIONS

4.1. Power Outlet and USB Port Usage

The Aheaplus bar cabinet is equipped with a convenient charging station, featuring 3 standard AC outlets and 2 USB ports. The power cable is 2 meters (6.5 feet) long.

- Plug the cabinet's power cord into a standard wall outlet.
- Use the AC outlets to power appliances such as coffee makers, juicers, or other bar accessories.
- Use the USB ports to charge mobile phones, tablets, or other USB-powered devices.
- *Note:* Do not exceed the maximum power rating of the integrated power strip. Refer to the label on the power strip for

specific electrical specifications.

4.2. LED Light Operation

The cabinet includes an RGB LED light strip with over 60,000 colors and multiple flashing modes, controllable via an app or remote control (if included). The lights can also change color according to sound and music rhythm.

- Ensure the LED strip is properly connected to the power source.
- Use the provided remote control or download the recommended mobile application (check the manual for app details) to control the LED lights.
- Explore various color options and lighting modes to create your desired ambiance.
- Activate the music sync feature to have the lights react to sound.

5. MAINTENANCE

Regular maintenance will help preserve the appearance and longevity of your Aheaplus Corner Bar Cabinet.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or polishes that may damage the finish.
- **Spills:** Immediately wipe up any spills to prevent staining or damage to the wood and metal components.
- **Dusting:** Dust regularly with a dry, soft cloth to prevent buildup.
- **Hardware Check:** Periodically check all screws and fittings to ensure they remain tight. Retighten if necessary.
- **LED Lights:** The LED lights are designed for long-term use. If issues arise, consult the troubleshooting section or

contact customer support. Do not attempt to replace individual LEDs.

6. TROUBLESHOOTING

If you encounter any issues with your Aheaplus Corner Bar Cabinet, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Cabinet is wobbly/unstable	Uneven floor; loose fittings; incorrect assembly.	Adjust the leveling feet at the bottom of the cabinet. Check and tighten all screws and bolts. Review assembly instructions to ensure all parts are correctly installed.
LED lights not working	Power connection issue; remote control battery dead; LED strip damaged.	Ensure the power cord is securely plugged into a working outlet. Check the connection of the LED strip to its power adapter. Replace remote control batteries. If still not working, contact customer support.
Power outlets/USB ports not working	Cabinet power cord unplugged; circuit breaker tripped; overloaded power strip.	Verify the cabinet's power cord is fully inserted into a live wall outlet. Check your home's circuit breaker. Unplug some devices if the power strip is overloaded.
Doors do not close properly	Hinges misaligned; cabinet not level; obstruction.	Adjust the hinges as per assembly instructions. Ensure the cabinet is level using the adjustable feet. Check for any items obstructing the door closure.

If the problem persists after attempting these solutions, please contact Aheaplus customer support for further assistance.

7. SAFETY WARNINGS

Please read and adhere to all safety warnings to ensure safe use of the Aheaplus Corner Bar Cabinet.

- **Stability:** Always ensure the adjustable leg pads are properly adjusted to maintain maximum stability.
- **Overloading:** Do not overload the cabinet with excessive weight, as this could cause it to become unstable and tip over. Distribute weight evenly across shelves.
- **Heat Sources:** Keep the cabinet away from direct heat sources, such as radiators, fireplaces, or direct sunlight, to prevent deformation, discoloration, or damage to materials.
- **Anti-Tipping:** It is highly recommended to use the provided anti-tipping hardware to secure the cabinet to a wall stud. This is crucial for preventing serious injury from tipping, especially in homes with children or pets.
- **Children and Pets:** Do not allow children to climb on or play with the cabinet. Keep small parts and assembly hardware out of reach of children.
- **Electrical Safety:** Do not attempt to modify the integrated power strip or LED lighting system. Ensure the power cord is not pinched or placed under heavy objects. Unplug the cabinet from the wall outlet before cleaning or performing

any maintenance.

- **Assembly:** Ensure all screws and fittings are securely tightened during assembly. Periodically check and retighten as needed.

8. WARRANTY AND SUPPORT

For warranty information or technical support regarding your Aheaplus Corner Bar Cabinet, please contact Aheaplus customer service. Refer to your purchase receipt or the product packaging for specific warranty terms and conditions, as well as contact details.

You can typically find contact information on the manufacturer's official website or through the retailer where you purchased the product. Please have your model number (YHWC-01B) and purchase date ready when contacting support.
