FLORICH FKWZ301

FLORICH Universal Leather Car Seat Covers (Model FKWZ301) Instruction Manual

Brand: FLORICH | Model: FKWZ301

Introduction

Thank you for choosing FLORICH Universal Leather Car Seat Covers. This manual provides essential information for the proper installation, use, and maintenance of your new seat covers. Designed for comfort and protection, these covers are crafted from high-quality Nappa leather and durable leatherette to enhance your vehicle's interior.

Package Contents

Please verify that all items are present in your package:

- 2 x Front Seat Covers
- 2 x Rear Seat Covers
- 1 x User Manual
- Installation Accessories (hooks, discs)

Safety Information

- Ensure seat covers do not obstruct airbag deployment. These covers feature reserved airbag exits for safety.
- Confirm seat belt exits are clear and accessible for all passengers, including child safety seats.
- Always check for proper fit before driving to prevent any interference with vehicle controls or safety features.

Setup and Installation

Follow these steps for a secure and proper installation of your FLORICH seat covers. It is recommended to have a second person assist with installation for optimal results.

Front Seat Installation

1. **Prepare the Seat:** Remove any items from the seat and ensure it is clean. Adjust the seat to an upright position.
2. **Install Headrest Cover:** If your headrests are detachable, remove them. Slide the headrest cover over the headrest and secure it. Reattach the headrest if removed. If not detachable, carefully fit the cover over the headrest.
3. **Position Backrest Cover:** Slide the backrest portion of the seat cover over the existing seat back. Ensure the airbag exit points are aligned with your vehicle's airbags. Smooth out any wrinkles.
4. **Secure Backrest:** Push the securing discs (provided) through the gap between the seat back and the seat base. Pull the straps from the back of the seat and connect them to the discs.
5. **Install Seat Base Cover:** Place the seat base cover over the seat cushion. Ensure it is centered and covers the entire cushion.
6. **Secure Seat Base:** Use the provided hooks to attach the elastic straps from the seat base cover to suitable points under the seat, ensuring a snug fit.
7. **Final Adjustments:** Smooth out any remaining wrinkles and ensure all straps and hooks are securely fastened.

Figure 2: Details of the detachable headrest, airbag compatible design, and premium leather material.

Rear Seat Installation

1. **Prepare the Seat:** Clear the rear seat area. If your rear headrests are removable, do so.
2. **Install Rear Backrest Cover:** Carefully slide the rear backrest cover over the seat back. Ensure the cover accommodates any split-folding seat functionality and seat belt access points.
3. **Secure Rear Backrest:** Use the securing discs and straps as done for the front seats, pushing discs through the seat gap and connecting straps from behind.
4. **Install Rear Seat Base Cover:** Place the rear seat base cover over the cushion. This cover is adjustable (48-58 inches) to fit various vehicle widths.
5. **Secure Rear Seat Base:** Attach the elastic straps with hooks to secure the base cover firmly under the seat.
6. **Reinstall Headrests:** If removed, reinstall the rear headrests.
7. **Final Adjustments:** Ensure the cover is smooth, all safety features are accessible, and the adjustable sections are properly aligned.

Features

- **Universal Fit:** Designed to fit over 95% of vehicles, these covers are tailored to cover the seat without hindering original functions like airbags, seatbelts, or massage features.
- **Superior Nappa Leather:** Crafted from porous Nappa leather and durable leatherette, offering a smooth, breathable, and gentle touch. High-resilient density foam padding enhances comfort.
- **360° Protection:** Provides comprehensive coverage for car seats, protecting against fading, stains, dust, and water.
- **Airbag Compatible:** Features a full envelope design with reserved airbag exits to ensure safety in emergencies.
- **Convenient Design:** Includes reserved seat belt exits and front seat back pockets for storage.

Maintenance and Care

To ensure the longevity and appearance of your FLORICH seat covers, follow these care instructions:

- **Regular Cleaning:** Wipe down the Nappa leather surface with a soft, damp cloth to remove dust and light spills.
- **Deep Cleaning:** For tougher stains, use a mild leather cleaner specifically designed for automotive interiors. Apply the cleaner to a cloth first, then gently wipe the stained area.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or harsh detergents, as these can damage the leatherette material.
- **Protect from Sun:** While fading resistant, prolonged exposure to direct sunlight can still affect the material over time. Consider using sunshades when parking for extended periods.
- **Spill Management:** Due to their waterproof nature, spills can be easily wiped away. Address spills promptly to prevent any potential absorption or staining.

Troubleshooting

If you encounter any issues during or after installation, please refer to the following common solutions:

- **Loose Fit:** Re-check all straps and hooks under the seat and behind the backrest. Ensure the securing discs are properly inserted and pulled taut.
- **Wrinkles:** Over time, wrinkles should smooth out with use. For immediate improvement, gently stretch and smooth the material by hand.
- **Headrest Issues:** If headrests are difficult to reinsert, ensure the cover is not obstructing the headrest posts. Adjust the cover around the post openings.
- **Airbag Obstruction:** Double-check that the designated airbag exits on the seat covers are not blocked or misaligned.
- **Unusual Odor:** New leather products may have a slight odor. This should dissipate within a few days of ventilation.

If problems persist, please contact customer support for further assistance.

Specifications

Feature	Detail
Brand	FLORICH
