SETUP

1. Initial Charging

Before first use, fully charge the device. Connect the provided USB charging cable to the charging port on the device and the other end to a compatible USB power adapter (not included) or a computer USB port. The charging indicator will illuminate during charging.

Your browser does not support the video tag.

Video 1: An unboxing and initial setup guide for the PTHTECHUS P2 Kids Smartphone Toy, demonstrating how to unpack the device and connect the charging cable. This video also showcases the device's various features and settings.

2. Powering On/Off

To power on the device, press and hold the power button located on the side until the screen illuminates. To power off,

press and hold the power button until a power-off option appears on the screen, then confirm your selection.

3. Attaching the Lanyard

Thread the provided hanging rope (lanyard) through the designated loop on the device to prevent accidental drops and for easy portability.

OPERATING INSTRUCTIONS

Navigation

The device features a touchscreen for navigation. Swipe left or right to browse through applications and menus. Tap on an icon to open an application or select an option.

Camera Functions

The P2-Blue features a 180° rotating dual camera. Rotate the camera module to switch between front and rear views. Tap the "Camera" icon to open the camera application.

- **Taking Photos:** Tap the shutter icon on the screen.
- **Recording Videos:** Switch to video mode and tap the record icon.
- **Stickers and Filters:** Explore various built-in stickers and filters to enhance photos and videos.

Figure 4: The P2-Blue Kids Smartphone in use, demonstrating its HD rotating camera for both front and rear photography, along with a selection of fun stickers that can be applied to images.

Music Playback (MP3 Player)

The device supports MP3 audio files. Connect the device to a computer using the USB cable to transfer MP3 files to the device's internal storage. Tap the "Music" icon to access the MP3 player.

- **Playing Music:** Select a song from the list to begin playback.
- **Controls:** Use the on-screen controls for play, pause, skip, and volume adjustment.

MAINTENANCE

Cleaning and Care

- Use a soft, dry cloth to clean the device screen and body.
- Avoid using abrasive cleaners or solvents.
- Keep the device away from water and excessive moisture.
- Do not expose the device to extreme temperatures.

Battery Information

The device contains a built-in Lithium Metal battery. For optimal battery life:

- Fully charge the device before first use.
- Recharge the battery when the low battery indicator appears.

- Avoid completely draining the battery frequently.
- Do not attempt to replace the battery yourself.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Device does not turn on.	Low battery; device frozen.	Charge the device for at least 10 minutes. If still unresponsive, perform a soft reset by pressing and holding the power button for 10-15 seconds.
Screen is unresponsive.	Software glitch; screen damage.	Restart the device. Ensure the screen is clean and dry. If the issue persists, contact customer support.
Cannot transfer music files.	Incorrect USB connection; unsupported file format.	Ensure the USB cable is securely connected. Verify that music files are in MP3 format. Try a different USB port or computer.
Camera not working.	Software error; camera module obstruction.	Restart the device. Ensure the camera module is fully rotated and not obstructed.
