Maintenance

To ensure the longevity and optimal performance of your OnePlus Magnetic Keyboard, follow these maintenance guidelines:

- **Cleaning:** Gently wipe the keyboard and touchpad surfaces with a soft, lint-free cloth. For stubborn dirt, slightly dampen the cloth with water or a mild, non-abrasive cleaner. Avoid excessive moisture.
- **Storage:** When not in use, keep the keyboard attached to your OnePlus Pad or store it in a clean, dry environment to prevent dust accumulation and potential damage.
- **Avoid Liquids:** Do not expose the keyboard to liquids. Spills can cause internal damage.
- **Handle with Care:** Avoid dropping the keyboard or subjecting it to strong impacts, which can damage internal components or the magnetic connection.

- **Keyboard Not Responding:**
  - Ensure the keyboard is securely attached to the OnePlus Pad. Re-attach it to confirm the magnetic connection.
  - Check if the OnePlus Pad's operating system is updated to the latest version.
  - Restart your OnePlus Pad.
- **Touchpad Issues:**
  - Verify that the touchpad is clean and free of debris.
  - Ensure no settings on your OnePlus Pad are disabling touchpad functionality.
