AIFINI X2

AIFINI X2 Ear Wax Removal Tool with Camera and Light

MODEL: X2

1. Introduction

This manual provides detailed instructions for the safe and effective use of your AIFINI X2 Ear Wax Removal Tool. This device integrates a high-definition camera and LED lighting with an ear spoon for visual ear canal inspection and cleaning. Please read this manual thoroughly before first use and retain it for future reference.

2. Safety Information

- Always use the device gently and slowly within the ear canal.
- Ensure the silicone ear spoon is securely tightened before each use to prevent scratching the ear canal.
- Do not use the product while it is charging.
- Keep the device out of reach of children. This tool is intended for adult use.
- If you experience any discomfort, pain, or bleeding, discontinue use immediately and consult a medical professional.
- Avoid inserting the device too deeply into the ear canal to prevent damage to the eardrum.
- Clean the ear spoons and camera lens before and after each use to maintain hygiene.

3. Package Contents

Verify that all items are present in your package:

- Otoscope with light (AIFINI X2 device) x 1
- Type-C charging cable x 1
- Silicone ear spoons x 6 (various curves)
- User Manual x 1
- Additional ear wax removal tool kit x 1 (7 pieces)

Image: All components included in the AIFINI X2 Ear Wax Removal Tool package.

4. Product Features

- **1080P HD Camera:** Provides a clear, real-time view of the ear canal.
- **Bright LED Lights:** Illuminates the ear canal for optimal visibility.
- **All-In-One Ear Spoon Design:** Camera and ear spoon are integrated to prevent accidental detachment.
- **3 Kinds of Curved Soft Spoons:** Five interchangeable silicone ear spoons designed for comfort and effective cleaning.
- **Wide Compatibility:** Supports iOS and Android devices via Wi-Fi connection.
- **Six-Axis Gravity Sensor:** Enables screen reverse design for easy left/right ear viewing in various positions.

5. Setup Guide

1. **Download the App:** Scan the QR code provided in the manual or on the product packaging to download the "Suear" application on your iOS or Android device. You can also visit <http://qr19.cn/CRUIhc> to download.
2. **Power On:** Press and hold the power button on the AIFINI X2 device for 1-2 seconds to turn it on. The indicator light will illuminate.
3. **Connect to Wi-Fi:** Open your device's Wi-Fi settings. Locate and connect to the Wi-Fi network named "Suear-xxxx" (where 'xxxx' is a unique identifier). It is normal for a "Network unavailable" prompt to appear, as this is a direct device connection and does not provide internet access.
4. **Launch App:** Open the "Suear" app. The live camera feed from the AIFINI X2 should now be displayed.

Product Connection Guide

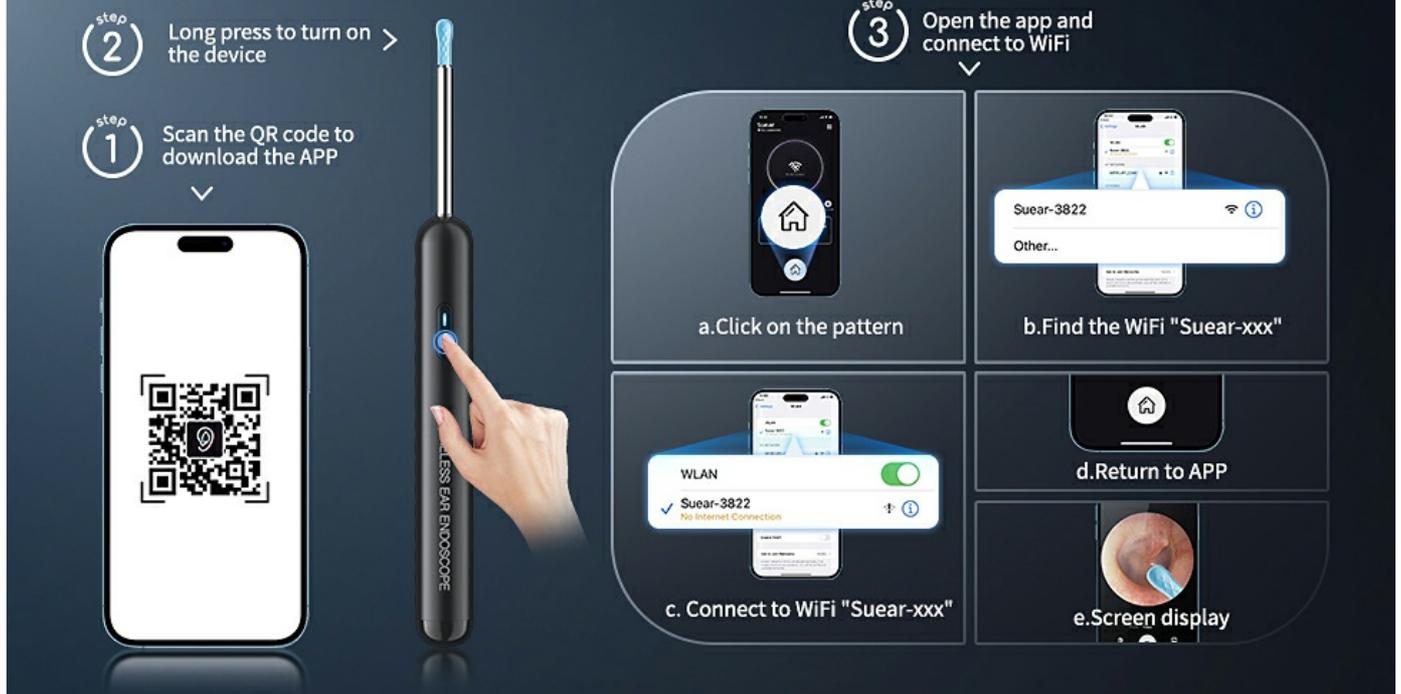

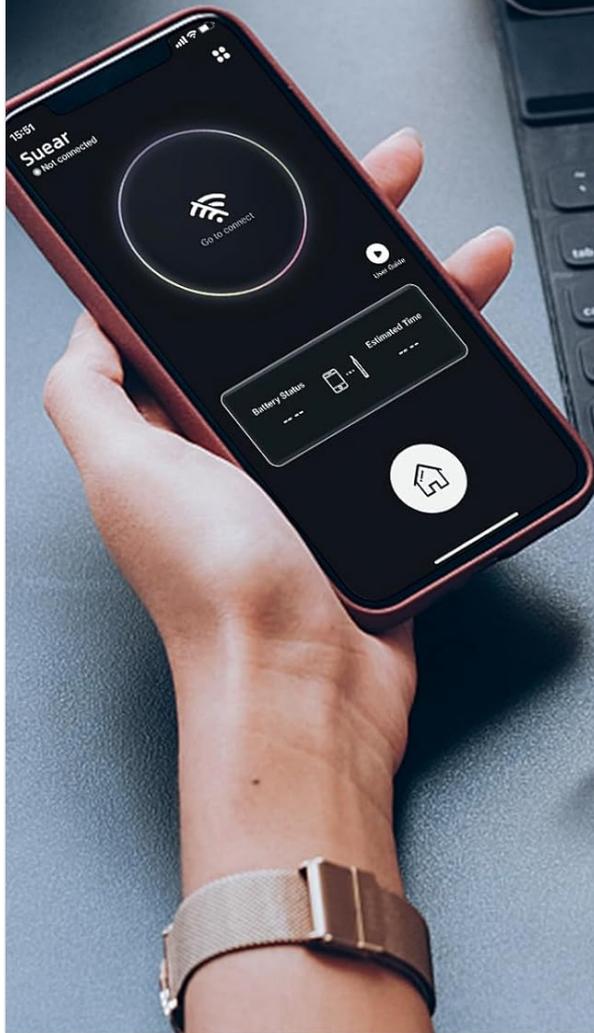

Image: Product connection guide for the AIFINI X2.

6. Operating Instructions

- 1. Attach Ear Spoon:** Select a suitable silicone ear spoon and firmly attach it to the tip of the device. Ensure it is secure.
- 2. Positioning:** Gently insert the device into your ear canal while observing the live feed on your smartphone. Move the device slowly and carefully.
- 3. Cleaning:** Use the ear spoon to gently scoop or dislodge earwax. Avoid aggressive movements or pushing wax deeper into the ear.
- 4. Screen Orientation:** The device features a six-axis gravity sensor and screen reverse design, allowing the image to automatically adjust for correct orientation regardless of how you hold the device or which ear you are examining.
- 5. Capture Images/Videos:** The "Suear" app allows you to capture still images or record videos of your ear canal for later review or consultation with a healthcare professional.
- 6. Completion:** Once cleaning is complete, carefully remove the device from your ear.

7. Maintenance

- **Cleaning Ear Spoons:** After each use, remove the silicone ear spoon and wash it with mild soap and water. Ensure it is completely dry before storing or reusing.
- **Cleaning Device:** Wipe the camera lens and the body of the device with a soft, dry cloth. Do not immerse the main device in water.
- **Charging:** Use the provided Type-C charging cable to charge the device. Connect the cable to the Type-C charging port on the device and a compatible USB power source. The indicator light will show charging status.
- **Storage:** Store the device and accessories in a clean, dry place away from direct sunlight and extreme temperatures.

Image: Type-C fast charging port and connectivity details.

8. Troubleshooting

- **"Network unavailable" message:** This is normal. The device creates its own Wi-Fi network for direct connection to your phone and does not provide internet access. You can proceed with using the app.
- **No image in app:** Ensure the device is powered on and fully charged. Verify that your phone is connected to the "Suear-xxxx" Wi-Fi network. Close and reopen the app if necessary.
- **Image blurry:** Gently clean the camera lens with a soft, dry cloth. Ensure there is no debris on the lens.
- **Device not turning on:** Ensure the device is charged. If it still doesn't turn on, try charging it for a longer period.

9. Specifications

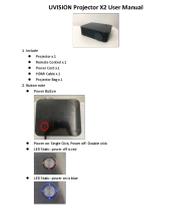

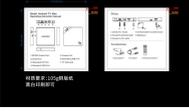

Model Number	X2
Product Dimensions	6.69 x 2.55 x 0.7 inches
Item Weight	2.08 ounces
Batteries	1 Lithium Polymer battery (included)
Camera Resolution	1080P HD
Connectivity	Wi-Fi (for iOS & Android)
Charging Port	Type-C

10. Warranty and Support

For warranty information or technical support, please refer to the contact details provided with your purchase or visit the

official AIFINI website. Keep your purchase receipt as proof of purchase for any warranty claims.
