This video explains what a bidet is and its benefits, providing context for the product's function.

## INSTALLATION GUIDE

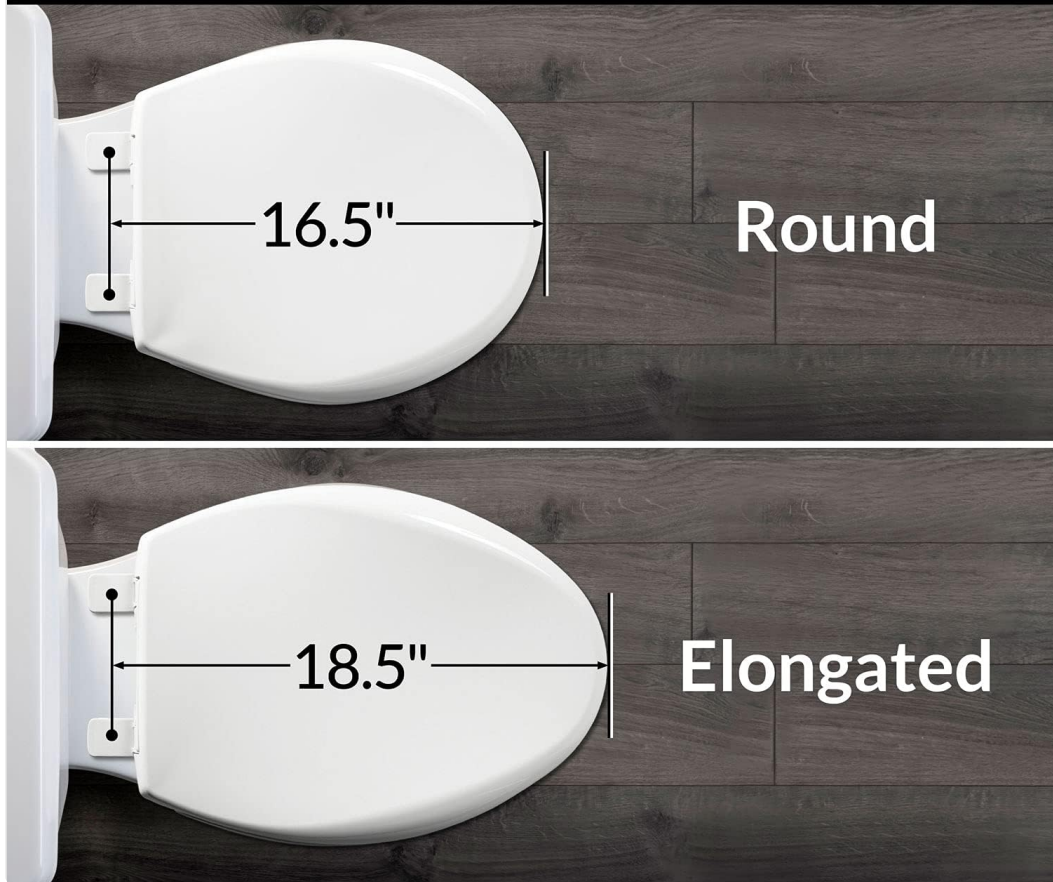

Follow these steps carefully to ensure proper installation of your Bio Bidet Athens Toilet Seat & Bidet Bundle.

### Before You Begin

Ensure you have the correct toilet seat size (Elongated for this model). You can measure your toilet from the center of the mounting holes to the front of the toilet bowl.

## TOILET SEAT SIZE GUIDE

Measure your toilet from the center of the mounting holes to the front of the toilet bowl.

This image illustrates how to measure your toilet bowl to determine if you need a Round (16.5") or Elongated (18.5") seat.

Watch this video for a visual guide on how to measure your toilet for the correct seat size.

### Tools Required

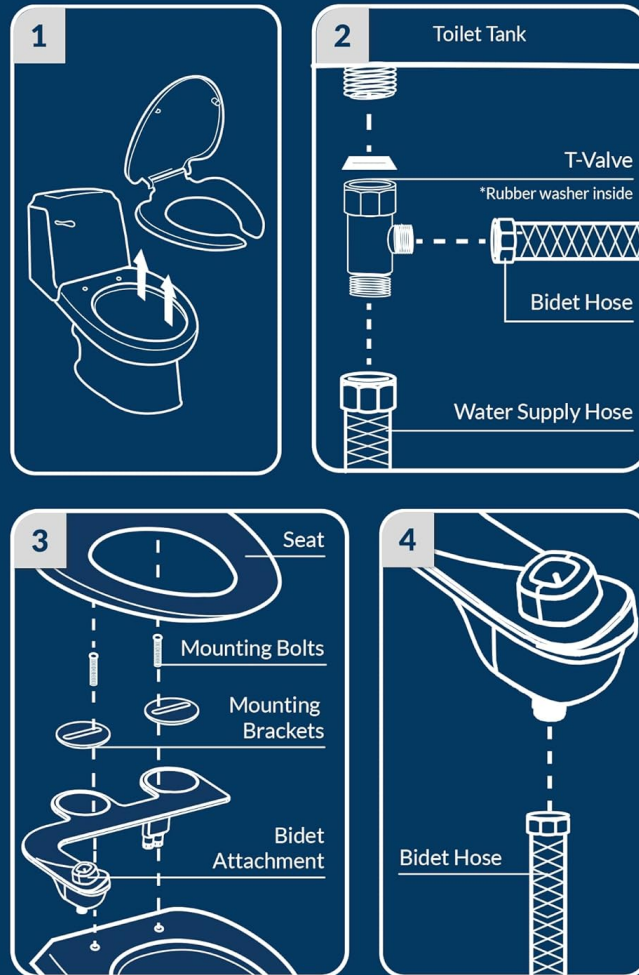

No special tools are required for installation. A flat-head screwdriver may be helpful for tightening the bolts.

### Step-by-Step Installation

1. **Turn off Water and Remove Old Seat:** Turn off the water supply to your toilet and remove your existing toilet seat.
2. **Connect T-Valve:** Connect the T-valve (included) to the toilet tank fill valve. Ensure the rubber washer is properly seated inside the T-valve. Reattach your supply line to the bottom of the T-valve.
3. **Place Bidet Attachment:** Using any included rubber non-slip mats, place the bidet attachment over the mounting holes of your toilet. Adjust the mounting brackets to ensure the bidet is centered on the toilet.
4. **Reinstall Toilet Seat:** Reinstall your toilet seat over the bidet attachment. Use the bolts to secure everything in place.
5. **Connect Hoses and Turn on Water:** Attach the included bidet hose from the T-valve to the bidet attachment. Once all connections are secure, slowly turn the water supply back on and check for any leaks.

## Installation Guide

1. Turn off the water and remove your toilet seat.
2. Connect the T-valve and place the bidet attachment over your toilet.
3. Secure your toilet seat back down on top of the bidet.
4. Connect the hoses and turn the water back on.

This diagram visually outlines the four main steps for installing the bidet attachment and toilet seat.

This video demonstrates the general installation process for a bidet attachment, which is similar across models.

## OPERATION

The Bio Bidet Athens features a simple control knob for easy operation.

- **Water Pressure Control:** Twist the comfort control knob on the side of the bidet attachment to adjust the water pressure to your desired level.
- **Nozzle Function:** The retractable dual nozzles provide refreshing spray options for effective cleaning.

## MAINTENANCE AND CLEANING

Regular cleaning will ensure the longevity and hygiene of your toilet seat and bidet attachment.

- **Seat Removal for Cleaning:** The toilet seat is designed for quick and easy removal. Simply unlock the hinges

and lift the seat off the mounting posts for thorough cleaning of both the seat and the toilet bowl area.

- **Cleaning Instructions:** Clean the seat and bidet attachment with only mild soap and water. Avoid abrasive cleaners or harsh chemicals, as these can damage the finish.

This image demonstrates how the seat can be easily removed for comprehensive cleaning.

## TROUBLESHOOTING

If you encounter any issues with your Bio Bidet Athens Toilet Seat & Bidet Bundle, please refer to the common solutions below.

- **Water Leakage:** Ensure all connections (T-valve, supply line, bidet hose) are securely tightened. Check that all washers are properly seated.
- **Insufficient Water Pressure:** Verify that the main water supply valve to your toilet is fully open. Adjust the control knob on the bidet attachment to increase pressure.
- **Seat Instability:** Ensure the mounting bolts securing the toilet seat and bidet attachment are tightened firmly.
