IINCOOY Duck Night Light

IINCOOY Silicone Duck Night Light with Glasses

Rechargeable LED Bedside Lamp User Manual

1. INTRODUCTION

Thank you for purchasing the IINCOOY Silicone Duck Night Light. This adorable and functional LED lamp is designed to provide a soft, comforting glow, perfect for children's rooms, nurseries, or as a decorative piece. Made from high-quality, safe silicone, it features adjustable brightness, a color-changing mode, and a convenient timer function. Please read this manual carefully to ensure proper use and maintenance of your new night light.

2. SAFETY INFORMATION

- Keep the device away from water and excessive moisture.
- Do not attempt to disassemble or repair the device yourself. Contact customer support if issues arise.
- Use only the provided USB charging cable or a certified equivalent.
- This product is designed for indoor use only.
- Keep out of reach of very young children without supervision, despite its child-safe design.

3. PACKAGE CONTENTS

Please check the package to ensure all items are present:

- 1 x IINCOOY Silicone Duck Night Light with Glasses
- 1 x USB Charging Cable
- 1 x User Manual (this document)

4. PRODUCT FEATURES

- Cute Duck Design:** Vivid and adorable duck shape, made from high-quality, food-grade soft silicone. It is water-resistant and drop-resistant, ensuring 100% safety for children. The squeezable material allows it to return to its original shape.
- Comforting Warm Light:** Features a 3000K warm light source, ideal for night use. The soft, warm glow is comfortable and promotes sleepiness, with anti-blue LED technology to prevent flicker and eye strain.
- Adjustable Brightness:** Offers 3 levels of brightness adjustment via touch control to suit various lighting needs.
- Color Changing Mode:** Touch the light to cycle through colors. Touch again to activate a 7-color changing breathing mode.
- 30-Minute Timer Function:** Automatically turns off the light after 30 minutes, providing a sense of security and assisting children who fear darkness.
- Rechargeable Battery:** Equipped with a large-capacity 800mAh polymer lithium battery, charged via a versatile USB Type-C port for environmental friendliness and durability.

5. SETUP

5.1 Initial Charging

- Locate the Type-C charging port on the back of the duck night light.
- Connect the provided USB charging cable to the night light's Type-C port.
- Plug the other end of the USB cable into a compatible USB power source (e.g., computer USB port, wall adapter, power bank).
- The indicator light (if present) will show charging status. Charge the device fully before first use.

Type-C charging port

The Type-C interface can be plugged in front and back, and the charging is more versatile, fast and durable. It can be powered by the USB port of a laptop, an adapter, or a power bank.

Image 5.1: A detailed view of the Type-C charging port located on the back of the night light, illustrating its compatibility with various USB power sources.

6. OPERATING INSTRUCTIONS

6.1 Power On/Off

- To turn on the night light, press the power button located on the bottom of the device.
- To turn off the night light, press the power button again.

6.2 Adjusting Brightness (Warm White Mode)

In warm white light mode, you can adjust the brightness:

- Gently tap the silicone surface of the duck to cycle through 3 levels of brightness (low, medium, high).

6.3 Color Changing Mode

To activate and control the color changing feature:

- From warm white mode, tap the silicone surface once to switch to a single color.
- Tap again to cycle through different static colors.
- Tap a third time to activate the 7-color changing breathing mode, where colors gently fade in and out.
- Tap again to return to warm white mode.

Image 6.1: The IINCOOY Duck Night Light displaying its range of color options, including pink, yellow, green, and blue, highlighting its versatile lighting capabilities.

6.4 30-Minute Timer Function

The night light includes a built-in 30-minute timer:

- To activate the timer, press and hold the power button for 3 seconds. The light will blink once to confirm the timer is set.
- The light will automatically turn off after 30 minutes.
- To deactivate the timer, press and hold the power button for 3 seconds again. The light will blink twice to confirm the timer is off.

7. MAINTENANCE

7.1 Cleaning

- Ensure the night light is turned off and unplugged before cleaning.
- Wipe the silicone surface with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners.
- Allow the device to dry completely before use or storage.

7.2 Storage

- Store the night light in a cool, dry place away from direct sunlight.
- If storing for an extended period, charge the battery every 3-6 months to maintain its lifespan.

Image 7.1: Hands gently squeezing the IINCOOY Duck Night Light, demonstrating its soft, flexible, and durable silicone material, which is easy to clean and maintain.

8. TROUBLESHOOTING

- **Light does not turn on:** Ensure the device is charged. Connect it to a power source using the USB cable and allow it to charge for at least 30 minutes before attempting to turn it on again.
- **Light flickers or is dim:** The battery may be low. Recharge the device fully.
- **Touch control is unresponsive:** Ensure your hands are clean and dry. Try restarting the device by

turning it off and on again.

- **Timer function not working:** Ensure the timer was activated correctly (light blinks once). Try deactivating and reactivating the timer.
- **Device gets warm during charging:** A slight warmth is normal. If it becomes excessively hot, disconnect it immediately and contact customer support.

9. SPECIFICATIONS
