DINGLILIGHTING WS-FPZ46-30C-BS

DLLT 18.5-inch Low Profile LED Dimmable Ceiling Fan Instruction Manual

Model: WS-FPZ46-30C-BS | Brand: DINGLILIGHTING

IMPORTANT SAFETY INSTRUCTIONS

Read all instructions carefully before installation and use. Retain this manual for future reference.

- Ensure power is disconnected at the circuit breaker before installation or servicing.
- All wiring must be in accordance with national and local electrical codes. If you are unfamiliar with wiring, consult a qualified electrician.
- Mounting structure must be capable of supporting the weight of the fan.
- Do not operate the fan with damaged wiring or if the fan is visibly damaged.
- Keep hands and objects clear of the fan blades during operation.

PRODUCT OVERVIEW

The DLLT 18.5-inch Low Profile LED Dimmable Ceiling Fan combines lighting and air circulation in a modern, enclosed design. It features adjustable light color temperature, dimming capabilities, multiple fan speeds, a timer, and a reversible motor, all controllable via a remote.

PACKAGE CONTENTS

Verify that all components are present before beginning installation.

- Ceiling Fan Unit (with integrated LED light)
- Remote Control
- Mounting Hardware (screws, wire nuts, etc.)
- Instruction Manual

SETUP AND INSTALLATION

This section provides step-by-step instructions for installing your DLLT ceiling fan. It is recommended to watch the installation video for visual guidance.

Installation Steps Video

Your browser does not support the video tag.

Video: Installation steps for the DLLT Modern LED Enclosed Ceiling Fan. This video demonstrates the process of mounting the fan and connecting the wiring.

Detailed Installation Guide

- 1. Prepare for Installation:** Turn off power at the main circuit breaker. Ensure the mounting surface is clean and clear.
- 2. Install Mounting Bracket:** Secure the mounting bracket to the ceiling junction box using the provided screws. Ensure it is firmly attached and can support the fan's weight.
- 3. Wiring Connections:** Connect the fan's electrical wires to the household wiring according to local electrical codes. Typically, this involves connecting live, neutral, and ground wires. Use wire nuts to secure connections. Ensure the LED power supply is correctly wired.
- 4. Attach Fan Body:** Carefully lift the fan body and attach it to the mounting bracket. Secure it with the appropriate screws. Ensure all wires are tucked safely inside the canopy.
- 5. Final Assembly:** If any decorative covers or additional components need to be attached, do so now. Ensure all parts are securely fastened.

OPERATING INSTRUCTIONS

Your DLLT ceiling fan is controlled by the included remote. Familiarize yourself with its functions for optimal use.

Remote Control Functions

MUTI FUNCTIONAL

Remote Control

- Remote Control
- High Brightness
- 3 Wind Speeds
- Timer Setting

Easy Install

Image: Detailed diagram of the remote control and its various functions.

- **Light On/Off:** Press to turn the light on or off.
- **Fan On/Off:** Press to turn the fan on or off.
- **Fan Speed Settings:** Select from Low, Medium, or High speeds.
- **Brightness Adjustment (10%-100%):** Use the brightness buttons to increase or decrease the light intensity.
- **Color Temperature (3000K-6500K):** Cycle through Warm White (3000K), Natural Light (4000K), and Cool White (6500K) color temperatures. The fan remembers your last setting.
- **Timer Setting:** Set the fan to turn off automatically after 0.5, 1, or 2 hours.
- **Night Light Mode:** Activates a low-brightness light setting.
- **Reversible Motor (F/R):** Changes the direction of the fan blades for summer (downdraft) or winter (updraft) operation.

Reversible Motor Function

The fan features a reversible motor for year-round comfort.

- **Summer Mode (Downdraft):** Blades rotate counter-clockwise to create a cooling breeze.

- **Winter Mode (Updraft):** Blades rotate clockwise to circulate warm air trapped near the ceiling, enhancing air circulation without creating a direct draft.

QUIET REVERSIBLE MOTOR

Cool in Summer & Warm in Winter

Summer Mode

Cool and comfortable

Winter Mode

Enhance air circulation

MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your ceiling fan.

- **Cleaning:** Wipe the fan and light fixture with a soft, damp cloth. Do not use abrasive cleaners or solvents. Ensure power is off before cleaning.
- **Blade Inspection:** Periodically check the fan blades for dust accumulation. Clean as needed.
- **Tighten Fasteners:** Check all screws and fasteners periodically to ensure they are secure.

TROUBLESHOOTING

If you encounter issues with your fan, refer to the following common problems and solutions.

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Fan does not start.	No power; loose wiring; remote control battery low.	Check circuit breaker. Ensure all wiring connections are secure. Replace remote control batteries.
Light does not turn on.	No power; loose wiring; LED driver issue.	Check power supply. Verify wiring. If LED is integrated and not working, contact support.
Remote control not working.	Battery low/dead; remote not paired; obstruction.	Replace batteries. Ensure clear line of sight to fan. Refer to pairing instructions (if applicable, not provided in data).
Fan makes noise during operation.	Loose screws; unbalanced blades; motor issue.	Check and tighten all mounting screws. Ensure blades are clean and free of debris. If noise persists, contact support.

SPECIFICATIONS

Brand	DINGLILIGHTING
Model Name	WS-FPZ46-30C-BS
Product Dimensions	18.5"L x 18.5"W x 7.78"H
Item Weight	6.98 pounds
Material	Acrylic + Fabric
Color	Black Argyle
Light Source Type	LED
Wattage	30 watts
Brightness	3900 lumen
Voltage	120 Volts (DC)
Control Method	Remote
Special Features	Adjustable Color Temperature, Color Changing, Dimmable, Energy Efficient, Timer
