

Bedsure BS-TH01-S

Bedsure Heated Blanket Throw Blanket - Model BS-TH01-S User Manual

Brand: Bedsure | Model: BS-TH01-S

1. INTRODUCTION

Welcome to the user manual for your Bedsure Heated Blanket Throw Blanket, Model BS-TH01-S. This electric throw blanket is designed to provide customizable warmth and comfort with its soft flannel top and plush sherpa backing. Featuring advanced heating technology, multiple heat settings, and convenient timer options, this blanket ensures a cozy experience. Please read this manual thoroughly before use to ensure safe and optimal operation.

2. IMPORTANT SAFETY INSTRUCTIONS

Your Bedsure Heated Blanket has undergone rigorous testing to ensure safety and reliability. It is ETL and FCC-certified and has passed 74 safety checks, exceeding UL standards. Adhere to the following guidelines for safe use:

- Always disconnect the power cord from the wall outlet before cleaning or storing the blanket.
- Do not use the blanket if the power cord or controller is damaged.
- Avoid using the blanket with infants, children, incapacitated individuals, or persons insensitive to heat.
- Do not use the blanket in conjunction with other heating appliances.
- Ensure the blanket is not folded, bunched, or tucked in tightly during use to prevent overheating.
- The blanket features a 3-hour auto shut-off function to prevent overheating and ensure peace of mind.
- Keep pets away from the blanket to prevent damage to heating elements.

4. SETUP INSTRUCTIONS

Follow these steps to set up your heated blanket:

1. **Unpack:** Carefully remove the blanket and controller from its packaging.
2. **Connect Controller:** Locate the connector port on the blanket. Firmly plug the controller cable into this port until it clicks securely into place.
3. **Power Connection:** Plug the power cord from the controller into a standard 120V AC wall outlet (60Hz).
4. **Positioning:** Spread the blanket evenly on your desired surface (couch, bed, etc.), ensuring it is not folded or bunched.

5. OPERATING INSTRUCTIONS

Your Bedsure Heated Blanket features an intuitive digital controller for easy operation:

1. **Power On/Off:** Press the power button on the controller to turn the blanket on or off.
2. **Adjust Heating Levels:** Use the '+' and '-' buttons to cycle through 6 heating levels. The digital display will show the selected level (01-06).
3. **Set Timer:** Press the timer button to select from 4 time settings (1, 2, 3, or 4 hours). The blanket will automatically shut off after the selected duration. The default auto shut-off is 3 hours.
4. **Fast Heating:** The blanket is designed for fast and consistent heating, providing warmth quickly after activation.

EASY TO USE

Adjust the warmth, customize your coziness.

This video from Bedsure Essentials offers additional information regarding the blanket's heating capabilities and considerations for choosing the appropriate size.

6. MAINTENANCE & CARE

Proper care will extend the life of your Bedsure Heated Blanket. The blanket is machine washable, but follow these instructions carefully:

1. **Disconnect:** Always ensure the power cord is unplugged from the wall outlet and the controller is detached from the blanket before washing.
2. **Washing:** Machine wash on a gentle cycle with cold water. Do not bleach.
3. **Drying:** Tumble dry on low heat or air dry. Do not iron or dry clean. Ensure the blanket is completely dry before reconnecting the controller or storing.
4. **Storage:** Store the blanket in a cool, dry place, loosely folded.

This video from Bedsure Essentials provides a visual guide on how to properly care for and wash your heated blanket, ensuring its longevity and performance.

7. TROUBLESHOOTING

If you encounter any issues with your Bedsure Heated Blanket, please refer to the following common solutions:

- **Blanket Not Heating:** Ensure the power cord is securely plugged into both the wall outlet and the blanket's connector. Check if the outlet is functional.
- **Controller Not Responding:** Unplug the blanket from the wall outlet for a few minutes, then reconnect it. This may reset the controller.
- **Uneven Heating:** Ensure the blanket is spread out flat and not folded or bunched, which can impede heat distribution.
- **Automatic Shut-Off:** The blanket has a built-in 3-hour auto shut-off feature. If it turns off unexpectedly, it may be due to this safety function. Simply restart it if desired.

If problems persist after attempting these steps, please contact Bedsure customer support for further assistance.
