SETUP AND ASSEMBLY

Assembly of the Beatific Atelier requires patience and attention to detail. Follow the step-by-step instructions provided in the included English booklet. Pieces are often packaged in separate bags, and items for a single component may be spread across multiple bags. Refer to the numbering in the instructions to locate the correct parts.

1. **Preparation:** Clear a well-lit workspace. Gather necessary tools such as scissors, tweezers, a ruler, and craft glue

(not included).

2. **Follow the Manual:** Each step in the instruction booklet is accompanied by clear, colored pictures. Carefully identify and prepare the parts for each step before gluing.
3. **Component Assembly:** Assemble smaller components and furniture pieces first, then integrate them into the main dollhouse structure.
4. **Wiring LED Lights:** The kit includes LED lighting. Follow the specific wiring diagrams in the manual to connect the lights. Ensure batteries are inserted correctly once wiring is complete.
5. **Dust Cover Installation:** Once the dollhouse is fully assembled and decorated, carefully place the dust cover over the structure to protect it.

MAINTENANCE

To keep your miniature dollhouse in pristine condition:

- **Dusting:** Regularly dust the dollhouse and its accessories using a soft brush or a can of compressed air. The included dust cover will significantly reduce dust accumulation.
- **Cleaning:** For any smudges, gently wipe with a slightly damp cloth. Avoid harsh chemicals or excessive moisture, which can damage the materials.
- **Storage:** When not on display, store the dollhouse in a cool, dry place away from direct sunlight to prevent fading or material degradation.
