

Olakids TQ10187US

Olakids 12V 2-Seater Ride-On UTV Electric Vehicle Instruction Manual

Model: TQ10187US

1. IMPORTANT SAFETY INFORMATION

Read all instructions carefully before assembly and use. Keep this manual for future reference.

- **Age Range:** Suitable for children aged 3 to 8 years.
- **Weight Capacity:** Maximum weight capacity is 130 lbs. Do not exceed this limit.
- **Adult Supervision:** Always ensure direct adult supervision during operation.
- **Seatbelts:** Ensure children are securely fastened with the provided seatbelts.
- **Charging:** Do not overcharge the battery. Refer to the charging section for details.
- **Environment:** Use on flat, dry surfaces away from traffic, pools, or steep inclines.
- **Certifications:** This product complies with US. CPSIA & ASTM safety standards and DOE & CEC electrical energy efficiency regulations.

2. PRODUCT OVERVIEW

The Olakids 12V 2-Seater Ride-On UTV Electric Vehicle offers a realistic and engaging driving experience for children. Key features include:

- **Realistic Design:** Bright LED headlights, atmosphere lights, wide double seats, and opening doors.
- **Safety Features:** Two speeds (2 to 4 km/hr), soft start function, and 4-wheel spring suspension.
- **Dual Driving Modes:** Child-operated via foot pedal or parent-controlled using a 2.4GHz remote.
- **Entertainment System:** Built-in music, speed change switch, real car engine sound, horn buttons, USB, MP3 slot, FM radio, and Bluetooth connectivity.

- **Durable Construction:** Made from premium PP and iron materials.
- **Storage:** Rear storage net bag for toys and essentials.

What's in the Box:

- 1 x 2 Seater Ride on Car for Kids

3. SETUP AND ASSEMBLY

Follow these steps to assemble your Olakids 2-Seater Ride-On UTV. For a visual guide, please refer to the installation video below.

Assembly Steps:

1. **Prepare the Chassis:** Place the main body of the vehicle upside down on a soft, clean surface to prevent scratches.
2. **Install Rear Axle and Motors:** Attach the rear axle to the chassis. Connect the motor wires to the corresponding ports.
3. **Attach Wheels:** Lubricate the axles with grease (if provided). Slide the wheels onto the axles and secure them with washers and locking nuts. Cover with hubcaps.
4. **Install Steering Wheel:** Connect the steering wheel's electrical connector to the vehicle's steering column. Secure the steering wheel in place with the provided screw.
5. **Connect Battery:** Locate the battery compartment (usually under the seat). Connect the battery terminals (red to red, black to black).
6. **Install Seats and Roll Bar:** Place the seats into position and secure them. Attach the front and rear roll bars, ensuring all connections are firm.
7. **Final Checks:** Ensure all screws are tightened, and all electrical connections are secure.

Image: A detailed view of the vehicle's 4 wear-resistant large wheels and the shock-absorbing springs, indicating suitability for various road types like brick, asphalt, cement, and boardwalks.

4. OPERATING INSTRUCTIONS

Your Olakids UTV offers two modes of operation: manual and remote control.

Manual Operation:

- **Start:** Press the 'Start' button on the dashboard.
- **Acceleration:** Press the foot pedal to accelerate. The soft start function ensures smooth acceleration.

- **Steering:** Use the steering wheel to control direction.
- **Gear Shift:** Use the gear shift lever (forward/reverse) to select driving direction.
- **Speed Selection:** Select between high and low speeds using the dedicated buttons on the dashboard.

Remote Control Operation:

Parents can control the vehicle using the 2.4GHz remote for added safety and guidance.

- **Pairing:** Follow the remote control's instructions to pair it with the vehicle.
- **Controls:** Use the joystick or directional buttons on the remote for forward/backward movement and left/right turns.
- **Emergency Brake:** The remote control includes an emergency brake function for immediate stopping.
- **Speed Adjustment:** Adjust the vehicle's speed settings (Low, Middle, High) directly from the remote.

Multimedia Functions:

The integrated multimedia system provides entertainment during rides.

- **Music:** Press the music button to play built-in tunes.
- **Bluetooth/FM/USB/MP3:** Connect your device via Bluetooth, use the FM radio, or plug in a USB/MP3 player to play your own audio.
- **Lights:** Activate the LED headlights and atmosphere lights using the light button.

Image: A child seated in the Olakids UTV, while a parent demonstrates the use of the 2.4G remote control, showing controls for forward/backward, turn left/right, and emergency brake, along with adjustable speed settings.

Image: The dashboard illustrating the slow start function for high safety, contrasting with a fast start. The accelerator pedal is also visible, emphasizing manual operation.

Image: A close-up of the multifunctional music board, detailing buttons for wireless technology (Bluetooth), USB port, FM radio, music/pause, volume control, power display, high/slow speed, charge socket, and light control.

5. MAINTENANCE

Proper maintenance ensures the longevity and safe operation of your electric vehicle.

- **Battery Charging:** Charge the 12V 7AH rechargeable battery for 8-12 hours before first use. Subsequent charges should not exceed 4 hours to prevent damage and prolong battery life.
- **Cleaning:** Wipe the vehicle with a damp cloth. Avoid using harsh chemicals or abrasive cleaners. Do not spray water directly onto electrical components.
- **Storage:** Store the vehicle in a dry, cool place away from direct sunlight and moisture. If storing for extended periods, charge the battery fully every 3 months.
- **Tire Inspection:** Regularly check the 4 wear-resistant large wheels for any damage or excessive wear.

6. TROUBLESHOOTING

If you encounter any issues, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Vehicle does not move	Low battery; loose battery connection; motor issue.	Charge battery; check battery terminals; contact support.
Remote control not working	Remote not paired; low remote battery.	Re-pair remote; replace remote batteries.
Lights not working	Loose wire connection; faulty LED.	Check connections; contact support.
Unusual noise during operation	Loose parts; debris in wheels/motors.	Inspect for loose parts and tighten; remove debris.

If the problem persists, please contact Olakids customer support.

7. SPECIFICATIONS

- **Product Dimensions:** 46.5 x 29 x 28 inches
- **Item Weight:** 42.5 pounds
- **Item Model Number:** TQ10187US
- **Manufacturer Recommended Age:** 3 years and up
- **Maximum Weight Capacity:** 130 lbs
- **Battery:** 12V 7AH Rechargeable Battery
- **Motors:** 2 x 35W Motor
- **Speed:** 2 to 4 km/hr (approximately 1.2 to 2.5 mph)
- **Charging Time:** 8-12 hours (initial), 4 hours (subsequent)
- **Material:** Premium PP and Iron

8. WARRANTY AND SUPPORT

Olakids products are designed with consideration for play, education, and safety. For specific warranty details and customer support, please refer to the documentation included with your purchase or visit the official Olakids store.

Return Policy: 30-day easy returns (if purchased from Amazon).

Protection Plans: Optional 2-Year Protection Plan or Complete Protect monthly plan may be available for purchase.
