Dyson Solarcycle Morph

Dyson Solarcycle Morph Desk Lamp User Manual

INTRODUCTION

The Dyson Solarcycle Morph Desk Lamp is engineered to intelligently track your local daylight, transforming and adjusting its light output to provide optimal illumination throughout the day. This advanced LED lamp offers versatile lighting modes and is controlled via the Dyson Link app, adapting to your environment and personal preferences.

Key features include:

- **Task light:** Focused illumination for detailed work.
- **Indirect light:** Soft, ambient light for a relaxed atmosphere.
- **Feature light:** Highlights architectural features or artwork.
- **Ambient light:** Reduces eye strain and creates a comfortable environment.
- Magnetic touch-glide docking for seamless transitions.
- Control via the Dyson Link app for personalized settings and daylight tracking.

What's in the Box

Carefully unpack all components from the packaging. Ensure all items are present before proceeding with setup.

- Dyson Solarcycle Morph Desk Lamp unit
- Power supply unit
- User manual and warranty information

SETUP

1. **Placement:** Position the lamp on a stable, flat surface. Ensure there is adequate space for the lamp's adjustable arm to move freely.
2. **Power Connection:** Connect the power supply unit to the lamp's power input port. Plug the power supply into a suitable electrical outlet (100-240V compatible).
3. **Initial Power On:** The lamp should illuminate upon connection to power. If not, press the power button located on the lamp head.
4. **Dyson Link App Setup:**
 - Download the Dyson Link app from your device's app store.
 - Open the app and follow the on-screen instructions to create an account or log in.
 - Select 'Add Machine' and choose the Dyson Solarcycle Morph Desk Lamp.
 - Follow the app's pairing instructions to connect your lamp via Bluetooth. This enables intelligent daylight tracking and advanced control features.

OPERATING INSTRUCTIONS

Manual Controls

- **Power Button:** Press to turn the lamp on or off.
- **Brightness Control:** Use the touch-sensitive controls on the lamp head to adjust light intensity.
- **Color Temperature Control:** Adjust the light's color temperature (from 2700K warm white to 6500K cool white) using the dedicated controls.
- **Magnetic Touch-Glide Docking:** The lamp head can be magnetically docked to the stem for ambient light mode, or undocked and adjusted for task, indirect, or feature lighting.

Dyson Link App Controls

The Dyson Link app unlocks the full potential of your Solarcycle Morph lamp:

- **Daylight Tracking:** The lamp intelligently adjusts its brightness and color temperature based on your local daylight conditions, providing consistent illumination.
- **Personalized Settings:** Customize light modes, brightness, and color temperature to suit your activities and preferences.
- **Scheduling:** Set schedules for your lamp to turn on/off or change modes automatically.
- **Sleep Mode:** Gradually dims the light to help prepare for sleep.
- **Away Mode:** Randomly turns the light on and off to simulate occupancy when you are away.

MAINTENANCE

The Dyson Solarcycle Morph Desk Lamp is designed for minimal maintenance. The integrated LEDs have an

exceptionally long lifespan of approximately 181,000 hours.

- **Cleaning:** To clean the lamp, ensure it is unplugged from the power outlet. Use a soft, dry, lint-free cloth to wipe down surfaces. Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish.
- **Dust Removal:** Gently remove any dust from the light head and arm using a soft brush or a dry cloth.

TROUBLESHOOTING

Lamp Not Turning On

- Check if the power supply is securely plugged into both the lamp and the wall outlet.
- Ensure the wall outlet is functional by testing it with another device.
- Press the power button on the lamp head firmly.

App Connectivity Issues

- Ensure Bluetooth is enabled on your mobile device.
- Make sure your lamp is within range of your mobile device.
- Restart the Dyson Link app.
- Try restarting your mobile device.
- If issues persist, try unpairing and re-pairing the lamp through the app settings.

Light Flickering or Incorrect Output

- Ensure the lamp is receiving stable power. Avoid connecting to outlets with other high-power devices.
- Check for any physical obstructions around the light sensor if daylight tracking is enabled.
- Perform a soft reset by unplugging the lamp for 30 seconds and then plugging it back in.

SPECIFICATIONS

Feature	Specification
Model Number	Dyson Solarcycle Morph
Product Dimensions (HxLxW)	523 x 414.4 x 200.2 mm (20.59"H x 16.31"D x 7.88"W)
Item Weight	3.5 kg
Light Source Type	LED
Color Temperature Range	2700K - 6500K (undocked), 1800K - 3400K (docked)
Light Output	850 lm
Rated Power	11.2 W
Input Voltage	100-240 V
Frequency	50/60 Hz
LED Life Time	181,000 hrs
Control Method	App (Dyson Link), Push Button

Connectivity Protocol	Bluetooth
Material Type	Aluminum
Shade Material	Metal
Color	Black
