Carefully remove all packaging materials. Inspect the appliance for any damage. Report any damage to your retailer immediately. Keep packaging materials out of reach of children.

2.2 Placement

Place the refrigerator on a firm, level surface. Ensure adequate ventilation around the appliance. Allow at least 10 cm of space at the back and sides for proper air circulation. Wipe the exterior surfaces with a soft, damp cloth. For stainless steel finishes, use a specialized stainless steel cleaner. Ensure no water enters the control panel or electrical components.
