

TRESemmé Keratin Smooth Color

TRESemmé Keratin Smooth Color Shampoo & Conditioner User Manual

Model: Keratin Smooth Color | Brand: TRESemmé

1. INTRODUCTION

This manual provides comprehensive instructions for the proper use and care of your TRESemmé Keratin Smooth Color Shampoo and Conditioner. Designed for color-treated hair, this system helps maintain vibrant color, control frizz, and leave hair smooth and glossy.

2. SAFETY INFORMATION

Please read and understand all safety information before using the product.

- For external use only.
- Avoid contact with eyes. If contact occurs, rinse thoroughly with water.
- Keep out of reach of children.
- If irritation occurs, discontinue use and consult a physician.
- Store in a cool, dry place away from direct sunlight.

3. PRODUCT OVERVIEW

The TRESemmé Keratin Smooth Color system is formulated to provide anti-fade technology, frizz control, and a smooth finish for color-treated hair. It is silicone-free, paraben-free, and sulfate-free.

Figure 3.12: The complete TRESemmé Keratin Smooth Color Collection, designed to keep color vibrant and never dull.

4. SETUP & PREPARATION

Before applying the shampoo and conditioner, ensure your hair is thoroughly wet with warm water. This helps to open the hair cuticles, allowing for better product absorption and cleansing.

5. OPERATING INSTRUCTIONS

Follow these steps for optimal results:

- Shampoo Application:**
Coat hair with a liberal amount of TRESemmé Keratin Smooth Color Shampoo. Gently massage the scalp and roots to work the product into a rich lather. Lightly squeeze the shampoo from roots to ends.
- Shampoo Rinse:**
Rinse your hair thoroughly with warm water until all shampoo is removed.
- Conditioner Application:**
Apply TRESemmé Keratin Smooth Color Conditioner from the mid-lengths to the ends of your hair. Avoid applying directly to the scalp if you have oily roots.
- Conditioner Processing:**
Allow the conditioner to sit in your hair for 2-3 minutes to allow for deep conditioning and color protection.
- Conditioner Rinse:**
Rinse your hair with cool water. Rinsing with cool water helps to seal the hair cuticle, locking in moisture and color.

For best results, use the TRESemmé Keratin Smooth Color Shampoo and Conditioner regularly as part of your hair care routine.

Video 5.1: An official product video demonstrating the benefits of TRESemmé Keratin Smooth Color, highlighting its anti-fade technology and ability to provide radiant, glossy hair for up to 60 days. It also mentions the product is free from parabens, mineral oil, DMDM, and sulfates.

6. MAINTENANCE

To maintain the quality and effectiveness of your TRESemmé Keratin Smooth Color Shampoo and Conditioner, store the bottles upright in a cool, dry place, away from direct sunlight and extreme temperatures. Ensure caps are tightly closed after each use to prevent contamination and spillage.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Hair feels tangled after shampooing.	Insufficient rinsing or hair type prone to tangling.	Ensure thorough rinsing of shampoo. Apply conditioner immediately after shampooing, focusing on mid-lengths and ends. Use a wide-tooth comb to detangle hair gently while conditioner is still in.
Color fading faster than expected.	Exposure to harsh elements (sun, chlorine), frequent washing with hot water, or improper product application.	Always rinse with cool water to seal the cuticle. Minimize exposure to direct sunlight and chlorine. Ensure consistent use of the TRESemmé Keratin Smooth Color system.

Problem	Possible Cause	Solution
Hair still feels frizzy.	Incomplete application of conditioner or environmental humidity.	Ensure conditioner is applied evenly from mid-lengths to ends and left on for the recommended 2-3 minutes. For severe frizz, consider using additional anti-frizz styling products from the TRESemmé Keratin Smooth collection.

8. SPECIFICATIONS

Product Details:

- **Product Name:** TRESemmé Keratin Smooth Color Shampoo and Conditioner
- **Volume:** 28 fl oz (828 mL) each bottle
- **Product Dimensions:** 6.15 x 3.15 x 9.2 inches (per set)
