BIERUM FE-HT-XLB

BIERUM Toddler Slide and Swing Set Instruction Manual (Model FE-HT-XLB)

Model: FE-HT-XLB

1. Introduction

This manual provides detailed instructions for the assembly, operation, and maintenance of your BIERUM 5-in-1 Toddler Slide and Swing Set. Please read all instructions carefully before assembly and use to ensure safe operation and longevity of the product.

Important Safety Warning: Keep away from fire!

The BIERUM Toddler Slide and Swing Set is designed for toddlers aged 1-3 years old and under 36 inches tall, with a maximum weight recommendation of 120 pounds. It offers multiple play features including a climber, slide, swing, bus playhouse, and basketball hoop.

2. Components

Before beginning assembly, ensure all components listed below are present and undamaged. Refer to Figure 2 for a visual guide to the included parts.

- Slide sections (acceleration, deceleration, buffer zone)
- Swing frame and seat with detachable cushion
- Bus playhouse structure with doors and steering wheel
- Basketball hoop and net
- Climbing steps with closed staircase design
- Assembly hardware (nuts, bolts, etc.)
- Basketball (x1)
- Soft Cushion (x1)

- Basketball Frame (x1)

3. Setup and Assembly

Assembly is required. Follow the steps below for proper installation. It is recommended to have two adults for assembly.

1. Unpack all components and verify against the components list.
2. Assemble the main frame of the swing and slide structure. Ensure all connections are secure.
3. Attach the slide sections, ensuring the acceleration, deceleration, and buffer zones are correctly aligned.
4. Install the closed staircase steps, making sure they are firmly in place to prevent slipping.
5. Assemble the bus playhouse, attaching the doors and steering wheel.
6. Mount the basketball hoop to its designated position on the frame.
7. Attach the swing seat to the swing frame. The detachable cushion can be installed for added comfort.

8. To ensure stability and safety during use, it is recommended to add water or sand to the base of the swing.
9. After assembly, double-check all nuts, bolts, and connections to ensure they are tight and secure.

4. Operating Instructions

4.1. Slide Usage

The slide features an acceleration area, deceleration area, and a buffer zone for a smooth and safe descent. Children should climb the closed staircase to access the slide. Always ensure the area at the bottom of the slide is clear before use.

Figure 3: Detailed view of the enclosed staircase, slide guardrail, and buffer zone for enhanced safety.

Figure 4: Illustration of the safety slide design, indicating the waiting area, acceleration, deceleration, and buffer zones.

4.2. Swing Usage

The swing includes a detachable cushion for comfort and a safety baffle to prevent leaning forward or sliding out. Ensure the swing base is filled with water or sand for optimal stability. The swing height can be adjusted to accommodate toddlers of different heights.

Figure 5: Close-up of the swing with its soft cushion and adjustable height mechanism.

Figure 6: Demonstrates the adjustable swing part, highlighting the removable soft cushion and height adjustments.

4.3. Bus Playhouse

Children can open the doors, enter the interior space, turn the steering wheel, and honk the horn for imaginative play. The bus playhouse provides an immersive driving simulation experience.

Figure 7: The bus playhouse, showing its functional doors and steering wheel for interactive play.

4.4. Basketball Hoop

The playset includes a basketball hoop for shooting practice. Ensure the hoop is securely attached before use.

5. Maintenance

- Wipe the toddler playset with a clean cloth before initial use to remove any dust accumulated during storage or transportation.
- Regularly inspect all parts for wear and tear, especially connections, screws, and the swing ropes.
- Tighten any loose plastic caps or screws as needed to maintain stability.
- Clean the playset periodically with mild soap and water. Avoid harsh chemicals that may damage the HDPE material.
- For outdoor use, consider bringing the playset indoors during extreme weather conditions to prolong its lifespan.

6. Troubleshooting

If you encounter any issues during assembly or use, please refer to the assembly videos or contact customer support for assistance. Ensure all parts are correctly installed and tightened according to the instructions.

7. Specifications

Feature	Detail
Brand	BIERUM
Model Number	FE-HT-XLB

Material	High Density Polyethylene (HDPE)
Product Dimensions (L x W x H)	84.6" x 66.9" x 39.4"
Maximum Weight Recommendation	120 Pounds
Item Weight	41 Pounds
Age Range (Description)	Toddler (1-3 years old, under 36" tall)
Assembly Required	Yes
Certifications	ASTM, CPSIA

8. Warranty and Support

For any questions, concerns, or support regarding your BIERUM Toddler Slide and Swing Set, please contact BIERUM customer service. Refer to your purchase documentation for specific warranty details and contact information.

Ask a question about this manual

Ask about setup, troubleshooting, compatibility, parts, safety, or missing instructions. Manuals+ will review the question and use this page's manual context to help answer it.
