Letaya NO1

Letaya Metal Storage Cabinet User Manual

Model: NO1 | Brand: Letaya

1. INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your Letaya Metal Storage Cabinet. Designed for durability and versatility, this cabinet offers secure and organized storage solutions for various environments including home, office, warehouse, and utility rooms. Please read this manual thoroughly before assembly and use to ensure proper installation and safe operation.

2. SAFETY INFORMATION

To prevent injury or damage to the cabinet, adhere to the following safety guidelines:

- Ensure the cabinet is not overloaded beyond its weight capacity. Each adjustable shelf can hold up to 180 lbs.
- Use caution when adjusting the shelves to prevent pinching or dropping.
- Install the cabinet in a stable and level position to prevent it from tipping over. Use the adjustable feet to ensure stability on uneven surfaces.
- Keep small parts and assembly tools away from children during assembly.
- Do not climb on or hang from the cabinet doors or shelves.
- Regularly check all fasteners to ensure they remain tight.

3. PRODUCT FEATURES

- **Durable Metal Material:** Constructed from 0.8mm steel with an environmentally powder-coated finish, offering resistance to

moisture, corrosion, and rust.

- **Large Storage Space:** Features 3 adjustable shelves, each capable of holding up to 180 lbs, suitable for office documents, garage tools, or household items.
- **Professional Design:** Equipped with a lockable door and 2 keys for securing valuables. Adjustable feet ensure stability on various surfaces.
- **Secure Packaging:** The product package includes foam and metal corners to protect components during shipping.
- **Easy Installation:** Designed for straightforward assembly, typically completed within 30 minutes with provided instructions and tools.

4. PACKAGE CONTENTS

Before beginning assembly, ensure all parts are present and undamaged. The package should contain:

- Various metal panels (side panels, back panels, top/bottom panels)
- Adjustable shelves (3 pieces)

- Door panels (2 pieces)
- Handles (2 pieces)
- Keys (2 pieces)
- Adjustable feet (4 pieces)
- Shelf clips/supports
- Assembly hardware (screws, nuts, bolts, washers)
- Installation tools (usually a screwdriver or wrench)
- Instruction manual (this document)

Step-by-Step Assembly:

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, soft surface to prevent scratches. Verify all parts listed in Section 4 are present.
2. **Assemble Base Frame:** Connect the bottom panels (C and D) using the provided screws (Ox4) and nuts (Px4). Ensure they are securely fastened.
3. **Attach Side Panels:** Securely attach the side panels (A and B) to the assembled base frame using screws (Nx4). Ensure the panels are aligned correctly.
4. **Install Top/Bottom Support Bars:** Insert the top and bottom support bars (J and I) into their designated slots and secure them with screws (Nx4). These bars provide structural integrity.
5. **Insert Back Panels:** Slide the back panels (G and H) into the grooves on the side panels. Secure them with screws (Nx7) from the inside.
6. **Attach Corner Brackets:** Install the corner brackets (Kx2) to reinforce the structure, securing them with screws (Nx14).
7. **Install Adjustable Feet:** Screw the adjustable feet (Mx4) into the designated holes at the bottom corners of the cabinet. Adjust them later to level the cabinet.
8. **Insert Shelf Clips:** Place the shelf clips (Qx16) into the desired height slots on the side panels. Ensure all clips for a single shelf are

at the same height.

- 9. **Place Shelves:** Carefully place the adjustable shelves (Lx4) onto the installed shelf clips. Ensure they are level and stable.
- 10. **Attach Doors:** Install the door panels (E and F) by aligning their hinges (Rx2) with the corresponding slots on the cabinet frame. Ensure smooth opening and closing.
- 11. **Install Magnetic Door Stoppers:** Attach the magnetic door stoppers (Sx4) to the top and bottom of the cabinet frame to ensure the doors close securely.
- 12. **Attach Handles:** Secure the handles (Ux2) to the front of the doors using the provided screws (Vx4).
- 13. **Install Lock:** The lock mechanism is typically pre-installed on one of the doors. Ensure it functions correctly with the provided keys.

6. OPERATING INSTRUCTIONS

Adjusting Shelves:

The cabinet features adjustable shelves to customize your storage space. To adjust a shelf:

- 1. Empty the shelf completely.
- 2. Carefully lift the shelf and remove the shelf clips from their current positions.
- 3. Re-insert the shelf clips into the desired slots on the side panels, ensuring all four clips are at the same height for a level shelf.
- 4. Place the shelf back onto the clips, ensuring it is securely seated.

Using the Lock:

The cabinet is equipped with a lock for securing its contents. Insert the key into the lock on the door and turn it to lock or unlock the cabinet. Always remove the key after locking to prevent unauthorized access.

7. MAINTENANCE

Regular maintenance will prolong the life and appearance of your Letaya Metal Storage Cabinet:

- **Cleaning:** Wipe surfaces with a soft, damp cloth and mild detergent. Avoid abrasive cleaners or solvents that could damage the powder-coated finish. Dry thoroughly after cleaning.
- **Inspection:** Periodically check all screws, bolts, and connections to ensure they are tight. Re-tighten if necessary.
- **Hinges and Lock:** If hinges become stiff, apply a small amount of silicone-based lubricant. Ensure the lock mechanism operates smoothly.
- **Adjustable Feet:** Re-adjust the feet as needed to maintain stability, especially if the cabinet is moved.

8. TROUBLESHOOTING

If you encounter issues with your cabinet, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Cabinet is wobbly/unstable.	Uneven floor; loose adjustable feet; loose assembly screws.	Adjust the leveling feet until the cabinet is stable. Ensure all assembly screws are tightened.
Doors do not close properly or are warped.	Cabinet not level; hinges misaligned; door panel warped (rare).	Ensure the cabinet is level using the adjustable feet. Check hinge alignment and re-tighten screws. If a door is slightly warped, locking it may help keep it closed.
Shelves are not level or fall.	Shelf clips not inserted correctly or at different heights; shelf overloaded.	Ensure all shelf clips are fully inserted into the same height slots. Do not exceed the 180 lbs weight limit per shelf.
Lock mechanism is stiff or not working.	Lack of lubrication; debris in lock; key damage.	Apply a small amount of graphite powder or silicone spray to the lock mechanism. Ensure the key is not bent or damaged.

9. SPECIFICATIONS

Attribute	Detail
Brand	Letaya
Model Number	NO1
Color	Black
Product Dimensions	13.77"D x 27.55"W x 66.92"H
Item Weight	75 Pounds
Material	Alloy Steel
Finish Type	Powder Coated
Number of Shelves	3 (Adjustable)
Weight Limit per Shelf	180 Pounds
Mounting Type	Floor Mount (Freestanding)
Assembly Required	Yes
