BIERUM FE-HT-XLB

BIERUM 5-in-1 Toddler Slide and Swing Set Instruction Manual

Model: FE-HT-XLB

1. Introduction

This manual provides essential instructions for the safe assembly, operation, and maintenance of your BIERUM 5-in-1 Toddler Slide and Swing Set. Please read all instructions carefully before use and retain this manual for future reference. The BIERUM 5-in-1 Toddler Playset is designed to offer a versatile play experience for toddlers aged 1-3 years, featuring a slide, swing, climber, bus playhouse, and basketball hoop. It is suitable for both indoor and outdoor use.

2. Safety Warnings and Guidelines

WARNING: Keep away from fire!

- Always supervise children during play. Never leave children unattended on the playset.
- Ensure the playset is assembled correctly and all connections are secure before each use.
- Place the playset on a level, soft surface, such as grass or a play mat, to minimize injury risk from falls.
- To enhance stability, especially for the swing, it is recommended to add water or sand to the base of the swing structure.
- The playset is designed for toddlers aged 1-3 years and under 36 inches tall. The maximum weight recommendation is 120 pounds.
- The swing features a safety baffle to prevent toddlers from leaning forward or sliding out. Always ensure this baffle is properly engaged.
- The slide features a closed staircase design to prevent feet from slipping or getting stuck, reducing the risk of tripping or falling.
- Regularly inspect the playset for any signs of wear, damage, or loose parts. Discontinue use if any damage is found until repairs are made.
- This product is made from HDPE material, which is odorless and certified by ASTM and CPSIA for safety.

Figure 2.1: Closed Staircase Design and Max Load Capacity. The image highlights the secure steps and the 120 lbs maximum load for the swing.

Figure 2.2: Safety Slide Design. This diagram details the slide's structure, including a heightened guardrail (4.3 inches), a waiting area, an acceleration zone, a deceleration zone, and an extended buffer stop zone for safe play.

3. Setup and Assembly

Assembly of the BIERUM 5-in-1 Toddler Slide and Swing Set is required. Detailed step-by-step assembly instructions are typically included in a separate guide within the product packaging. Please refer to that guide for specific assembly steps.

3.1 Pre-Assembly Checklist

- Verify all components are present according to the parts list in your assembly guide.
- Ensure you have the necessary tools for assembly (if any are required beyond what is provided).
- Choose a suitable location for the playset, ensuring adequate clear space around it for safe play.

3.2 Important Assembly Notes

- When assembling the swing seat, ensure the smooth surface is positioned on top and the grooved surface is on the

bottom or back.

- Confirm all connections are secure and tightened appropriately after assembly to prevent instability.
- For optimal stability, especially when using the swing, fill the base of the swing structure with water or sand.

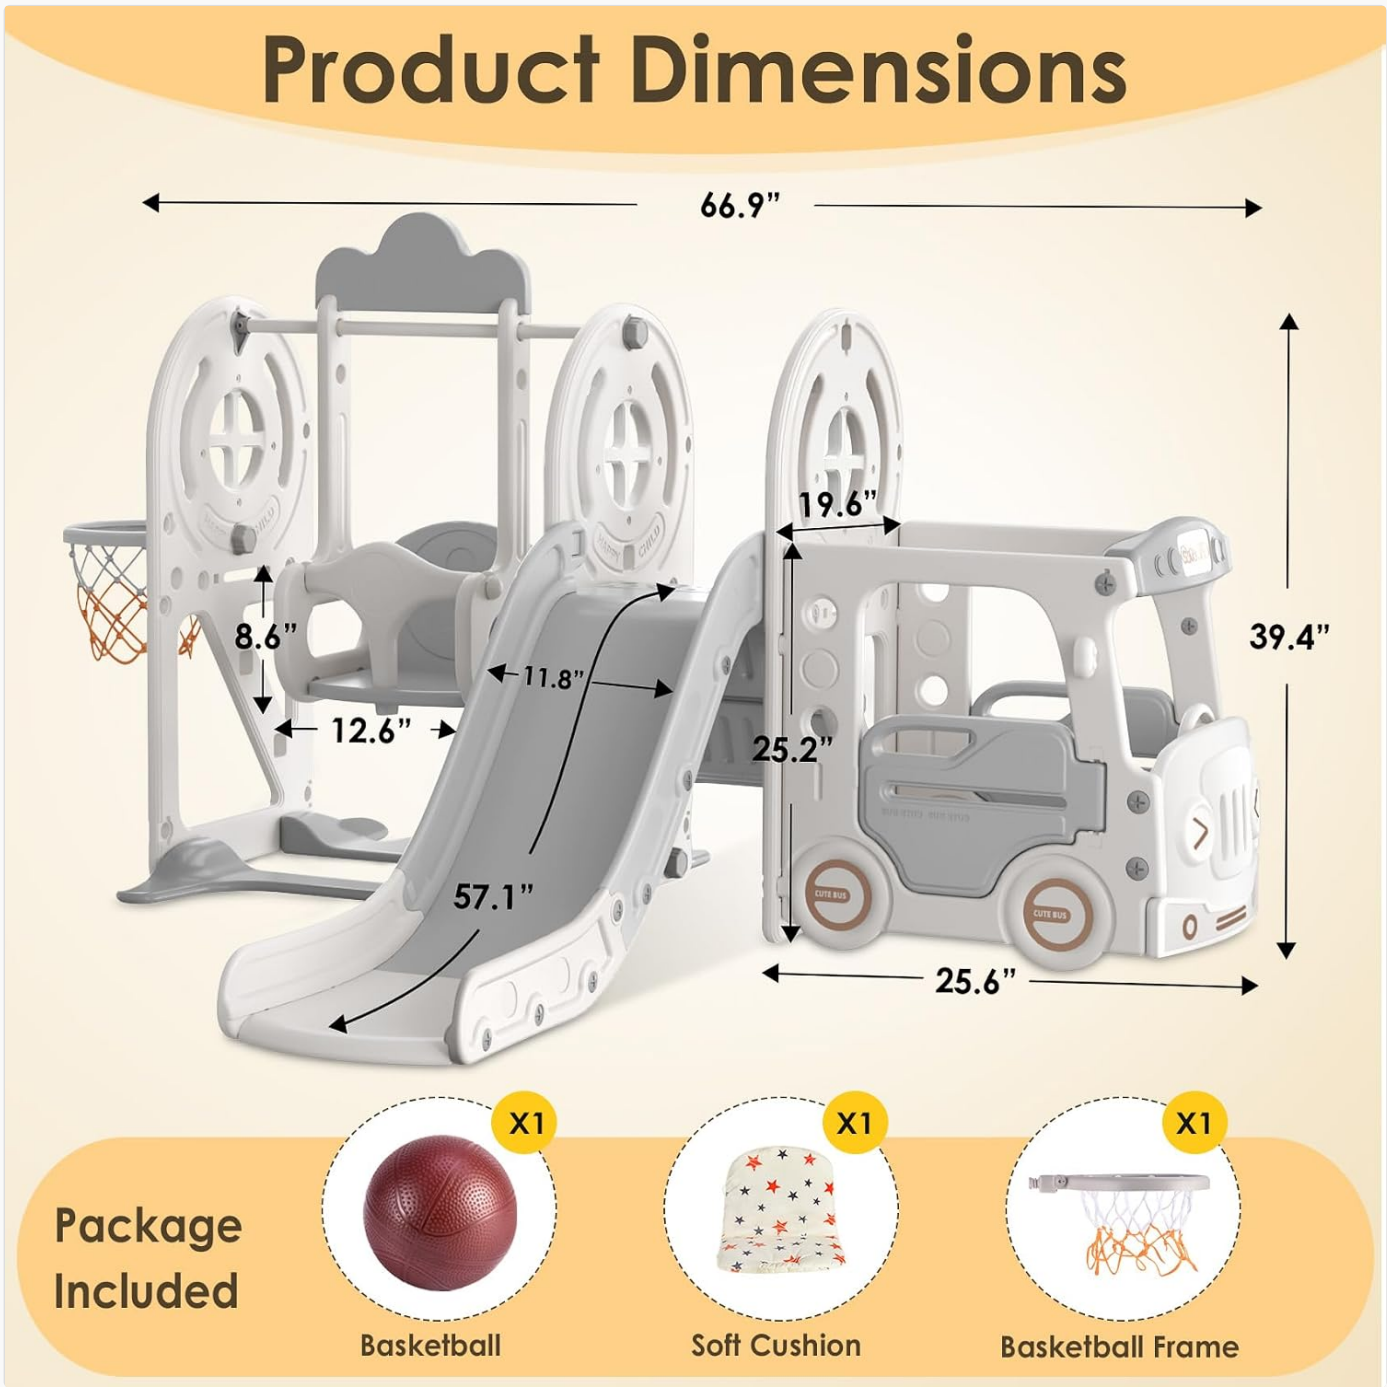

Figure 3.1: Product Dimensions and Included Accessories. This image provides the overall dimensions of the playset (84.6"L x 66.9"W x 39.4"H) and lists the basketball, soft cushion, and basketball frame as included items.

4. Operating Instructions

The BIERUM 5-in-1 Toddler Playset offers multiple activities designed for engaging play:

Figure 4.1: 5-in-1 Features Overview. This image visually represents the various play functions: swing, climber, basketball hoop, slide, and bus playhouse.

4.1 Slide Usage

- Children should climb the stairs one at a time.
- Ensure the child slides down feet first, in a seated position.
- The slide features an acceleration area, deceleration area, and a buffer zone for a smooth and safe descent.

4.2 Swing Usage

- The swing includes a detachable cushion for enhanced comfort.
- The swing height is adjustable to accommodate toddlers of different heights. Refer to your assembly guide for adjustment instructions.
- Always ensure the safety baffle is securely fastened around the child before swinging.

Figure 4.2: Adjustable Swing with Soft Cushion. This image demonstrates the swing's comfortable design with a cushion and its two adjustable height settings.

4.3 Bus Playhouse

- Toddlers can open the bus door to enter the interior space.
- The playhouse includes a steering wheel and horn for an immersive driving simulation experience.

4.4 Basketball Hoop

- The playset includes a basketball hoop for shooting practice.
- A small basketball is typically included with the playset.

4.5 Indoor and Outdoor Use

The playset is suitable for both indoor and outdoor environments. When used outdoors, ensure it is placed on a stable, level surface.

Figure 4.3: Indoor and Outdoor Versatility. This image illustrates the playset's adaptability for use in various settings, both inside a home and in an outdoor garden.

5. Maintenance

5.1 Cleaning

- Before initial use, wipe the playset with a clean, damp cloth to remove any dust accumulated during storage or transportation.
- For routine cleaning, use a mild soap and water solution with a soft cloth. Avoid abrasive cleaners or harsh chemicals that could damage the material.
- Rinse thoroughly with clean water and dry completely before allowing children to play.

5.2 Inspection

- Periodically check all nuts, bolts, and connections to ensure they are tight and secure.
- Inspect the HDPE material for any cracks, sharp edges, or damage.

- Examine the swing ropes and attachments for fraying or wear.
- If any part is damaged or worn, replace it immediately or contact customer support for assistance.

6. Troubleshooting

This section addresses common issues you might encounter with your BIERUM 5-in-1 Toddler Slide and Swing Set.

6.1 Playset Instability

- **Issue:** The playset, particularly the swing, feels unstable during use.
- **Solution:** Ensure the playset is placed on a completely level surface. For the swing, verify that the base is filled with water or sand as recommended in the assembly instructions to increase stability. Check all connection points for tightness.

6.2 Loose Parts

- **Issue:** Parts of the playset become loose over time.
- **Solution:** Regularly inspect all nuts, bolts, and connection points. Tighten any loose fasteners immediately. Do not use the playset if parts are loose or missing.

6.3 Difficulty with Assembly

- **Issue:** Challenges encountered during the assembly process.
- **Solution:** Refer to the detailed assembly guide provided with your product. Ensure all steps are followed in sequence. If specific parts do not fit, double-check their orientation and ensure you are using the correct components for each step. If issues persist, contact customer support.

For any issues not covered here, please refer to the contact information in the Support section.

7. Specifications

Feature	Detail
Brand	BIERUM
Model Number	FE-HT-XLB
UPC	768420296303
Material	High Density Polyethylene (HDPE)
Product Dimensions (L x W x H)	84.6" x 66.9" x 39.4"
Item Weight	41 pounds
Maximum Weight Recommendation	120 Pounds
Age Range (Description)	Toddler (1-3 years)
Assembly Required	Yes
Certifications	ASTM, CPSIA
