# oneisall PWF-002 Replacement Filter Instruction Manual

Model: PWF001

## Product Overview

This document provides essential information for the oneisall PWF-002 Replacement Filter set, designed for the 7L stainless steel pet water fountain. These filters are crucial for ensuring your beloved pet has access to clean, healthy drinking water.
The filter set consists of 8 pieces, specifically designed for the oneisall PWF-002 fountain model. Regular replacement and proper maintenance are key to extending the lifespan of the filters and maintaining water quality.

## Setup and First Use

Before installing a new filter, proper preparation is essential to ensure optimal performance and water quality.

1. **Initial Cleaning:** Before first use, it is highly recommended to wash the filter with warm water and mild soap. Rinse thoroughly to remove any residue.
2. **Soaking:** Soak the new filter in clean water for 5 minutes. This helps to activate the filter media and remove any loose carbon

particles.

3. **Rinsing:** After soaking, rinse the filter under running water for 1 minute. This step further ensures the removal of any remaining loose particles.
4. **Installation:** Place the prepared filter into the designated filter slot of your oneisall PWF-002 pet water fountain. Ensure it is seated correctly according to your fountain's specific design.

## Operating Principle (Filtration System)

The oneisall PWF-002 replacement filter utilizes a multi-layer filtration system to provide clean and healthy water for your pet. This advanced system effectively removes impurities and enhances water quality.

- **Non-Woven Fabric:** Acts as a pre-filter, trapping larger particles like hair and debris.
- **Ion Exchange Resin:** Helps to soften water by reducing heavy metal ions and preventing scale buildup.
- **Activated Carbon:** Absorbs odors, chlorine, and other organic contaminants, improving taste and freshness.
- **Pre-Filter Sponge:** Provides an additional layer of mechanical filtration, ensuring thorough purification.

## Maintenance

Regular maintenance of the filter is crucial for optimal performance and to ensure your pet always has access to clean water.

- **Cleaning:** The filter is hand washable. Clean it after each use or as needed to remove trapped debris. Use warm water and mild soap, then rinse thoroughly.
- **Replacement Schedule:** It is recommended to change the filter every 2 to 4 weeks. This frequency may vary depending on

the number of pets, water quality, and how often the fountain is used.

## Troubleshooting

This section addresses common issues you might encounter with the filter's performance. If you experience problems with water quality or flow, consider the following:

- **Reduced Water Flow:** This often indicates a clogged filter. Replace the filter if it has been in use for 2-4 weeks, or clean it

thoroughly if it's within its lifespan. Ensure the filter is properly seated and not obstructing the pump.

- **Unpleasant Odor/Taste:** If the water develops an odor or taste, it's a strong indicator that the activated carbon in the filter is saturated. Replace the filter immediately.
- **Visible Debris in Water:** If you see particles in the water, the filter might be damaged, improperly installed, or past its effective lifespan. Inspect the filter for tears or damage and ensure it's correctly placed. Replace if damaged.

For issues related to the water fountain itself (e.g., pump not working, leaks), please refer to the specific instruction manual for the oneisall PWF-002 Stainless Steel Pet Water Fountain.

## Specifications

| Feature | Detail |
|---|---|
| **Product Model** | PWF001 (Filter Model) |
| **Compatibility** | oneisall PWF-002 7L Stainless Steel Pet Water Fountain |
| **Filter Type** | Multi-layer filtration (Non-Woven Fabric, Ion Exchange Resin, Activated Carbon, Pre-Filter Sponge) |
| **Quantity per Pack** | 8 pieces |
| **Recommended Replacement** | Every 2 to 4 weeks |
| **Care Instructions** | Hand washable, clean after use |
| **Intended Use** | Indoor |
| **Dimensions (approx.)** | 15 x 10 x 7 cm (packaging dimensions) |

## Warranty and Support

Specific warranty information for the oneisall PWF-002 Replacement Filters is not provided in this manual. For details regarding product warranty or customer support, please refer to the original product packaging, the oneisall official website, or contact the seller directly.
