Bruder 03552

Bruder 03552 Scania Super 560R Tow Truck with Light & Sound Module and Roadster

Instruction Manual

PRODUCT OVERVIEW

The Bruder 03552 Scania Super 560R Tow Truck with Light & Sound Module and Roadster is a detailed 1:16 scale toy designed for realistic play. This set allows children to recreate breakdown assistance scenarios with a fully functional tow truck and a convertible roadster.

Key Features

- Scania Super 560R tow truck with pre-installed Light and Sound Module.
- Includes a Bruder Roadster with a wheel change system.
- Tow truck cab features folding wing mirrors and opening doors.
- Extendable and swiveling lifting crane.
- Extendable support feet for stability during towing operations.
- Charging harness with chains and wheel claws for secure vehicle loading.
- Lowerable charging platform.
- Roadster has a removable roof for convertible play.

COMPONENTS

The product package includes the following items:

- 1 x Scania Super 560R Tow Truck
- 1 x Light & Sound Module (pre-installed)
- 1 x Bruder Roadster
- 1 x Charging Harness (chains and wheel claws)
- 2 x Wheel Chocks
- 3 x LR44 Batteries (required for Light & Sound Module, not included)

SETUP

Battery Installation for Light & Sound Module

The Light & Sound Module requires 3 LR44 batteries (not included).

1. Locate the battery compartment on the roof of the tow truck cab.
2. Use a small screwdriver to open the battery compartment cover.
3. Insert 3 LR44 batteries, ensuring correct polarity (+/-).
4. Securely close the battery compartment cover.

Preparing the Tow Truck

The tow truck is ready for play after battery installation. Ensure the extendable support feet are retracted for movement and extended for stable towing operations.

Preparing the Roadster

The Roadster comes with a removable roof and a wheel change system. The roof can be detached to convert the car into a convertible. Wheels can be changed for varied play.

OPERATING INSTRUCTIONS

Light & Sound Module Operation

The pre-installed Light & Sound Module offers four functions: police stop signal, engine noise, police siren, and fire siren.

1. Press the button on the module to activate the sounds and lights.
2. Each press cycles through the different sound effects.
3. Functions automatically turn off after approximately 20 seconds.
4. Pressing the button again will immediately switch off the sound effects.

Tow Truck Functions

The Scania Super 560R Tow Truck is designed for realistic vehicle recovery.

Lowering the Charging Platform

To load a vehicle onto the tow truck, the charging platform can be lowered. Locate the mechanism to lower the platform at the rear of the truck.

Operating the Lifting Crane

The lifting crane is extendable and swiveling, allowing for versatile vehicle recovery.

- Use the controls on the crane to extend and swivel the arm.
- Attach the charging harness, consisting of chains and wheel claws, to the vehicle to be towed.
- Carefully lift the vehicle using the crane and position it onto the charging platform.

Using Support Feet and Wheel Chocks

- For stability during lifting and loading, extend the support feet located on the sides of the tow truck.
- Once a vehicle is on the platform, secure it using the provided wheel chocks to prevent movement during transport.

Roadster Features

The included Roadster enhances play with its interactive features.

- The roof can be easily removed to transform the car into a convertible.
- The wheel change system allows for customization and repair scenarios.

MAINTENANCE

To ensure the longevity of your Bruder toy, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the toy with a damp cloth to remove dust and dirt. Avoid harsh chemicals.
- **Storage:** Store the toy in a cool, dry place away from direct sunlight to prevent material degradation.
- **Battery Replacement:** Replace batteries in the Light & Sound Module when sounds become faint or stop working. Always use new LR44 batteries and dispose of old batteries responsibly.

TROUBLESHOOTING

Light & Sound Module Not Working

- Check if the batteries are correctly installed with the proper polarity.
- Replace old batteries with new LR44 batteries.
- Ensure the battery compartment cover is securely closed.

Moving Parts Stiff

- Check for any obstructions or debris in the moving mechanisms (crane, platform).
- Gently operate the parts to loosen them. Avoid excessive force.

SPECIFICATIONS

Feature	Detail
Model Number	03552
Brand	Bruder
