Image: Detailed diagram illustrating the location and function of the push-button controls and touch area on the headphone earcup.

- **Power Button:** Used for powering on/off, answering/ending calls, and rejecting calls.
- **Touching Area:** For play/pause music and answering/hanging up calls.
- **'+' Button:** Single press for volume up, press and hold for next track.
- **'-' Button:** Single press for volume down, press and hold for previous track.
- **3.5mm Audio Jack:** For wired connection.
- **USB-C Charging Port:** For charging the headphones.

SETUP

1. Charging the Headphones

Before first use, fully charge your headphones. Connect the provided USB charging cable to the charging port on the headphones and the other end to a USB power source (e.g., computer, wall adapter). The LED

indicator will show charging status and turn off when fully charged. A full charge takes approximately 2 hours.

Image: The headphones are shown with an indication of extended battery life, emphasizing the 30-hour playback time.

2. Bluetooth Pairing

To connect your headphones to a device via Bluetooth 5.3:

1. Ensure the headphones are charged and powered off.
2. Press and hold the Power Button until the LED indicator flashes blue and red, indicating pairing mode.
3. On your device (smartphone, tablet, computer), enable Bluetooth and search for available devices.
4. Select "SLuB QUEEN" from the list of devices.
5. Once connected, the LED indicator will flash blue slowly.

The headphones have a Bluetooth range of up to 10 meters (33 feet).

Wired Connection (AUX Mode)

When the headphones are out of battery or if you prefer a wired connection, use the included 3.5mm audio

cable:

1. Plug one end of the 3.5mm audio cable into the headphone's audio jack.
2. Plug the other end into the 3.5mm audio output of your device (e.g., computer, phone, tablet).
3. The headphones will automatically switch to wired mode. Note that controls on the headphones may not function in wired mode, and playback will be controlled by your connected device.
Image: The headphones are displayed, illustrating both the wireless Bluetooth connectivity and the option for a wired connection using the 3.5mm audio jack.

MAINTENANCE

Cleaning

- Wipe the headphones with a soft, dry cloth.
- Do not use abrasive cleaners, alcohol, or chemical solvents.
- Avoid getting moisture into any openings.

Storage

The SLuB QUEEN headphones feature a foldable design for easy storage and portability.

- Fold the headphones carefully when not in use to protect them and save space.
- Store in a cool, dry place away from extreme temperatures and direct sunlight.
- Avoid placing heavy objects on the headphones.

Foldable and adjustable

Image: The headphones are shown in various positions, highlighting their ability to fold for compact storage and adjust for a comfortable fit.

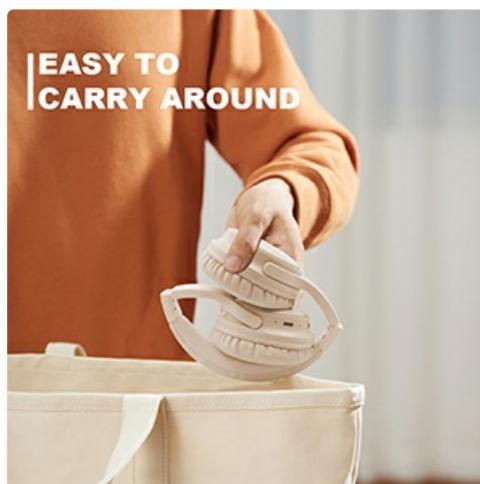

Image: A person is shown folding the headphones and easily placing them into a tote bag, illustrating their portable design.

TROUBLESHOOTING

Problem	Possible Cause	Solution

Problem	Possible Cause	Solution
Headphones won't power on.	Low battery.	Charge the headphones for at least 2 hours.
Cannot pair with device.	Headphones not in pairing mode; device Bluetooth off; too far apart.	Ensure headphones are in pairing mode (flashing blue/red). Turn on device Bluetooth. Move headphones closer to device (within 10m).
No sound in Bluetooth mode.	Volume too low; not connected; incorrect audio output.	Increase headphone and device volume. Re-pair headphones. Check device's audio output settings.
No sound in wired mode.	Cable not fully inserted; faulty cable; device volume low.	Ensure 3.5mm cable is fully inserted into both headphone and device. Try a different 3.5mm cable. Increase device volume.
Poor sound quality.	Weak Bluetooth signal; low quality audio source.	Move closer to the connected device. Try a different audio source.
