## LVSOMT B0C4PDLPHP

# LVSOMT 360° Swivel Jewelry Mirror Cabinet with Lights

Model: B0C4PDLPHP | Brand: LVSOMT

## 1. INTRODUCTION

This manual provides essential information for the safe and efficient use of your LVSOMT 360° Swivel Jewelry Mirror Cabinet with Lights. This product combines a full-length mirror, a comprehensive jewelry storage cabinet, and additional back storage shelves, designed for optimal organization and convenience. Please read these instructions thoroughly before assembly and operation, and retain them for future reference.

## 2. SAFETY INFORMATION

- Ensure all components are securely fastened during assembly to prevent instability.
- Do not overload the shelves or storage compartments, as this may compromise stability.
- Keep keys out of reach of children to prevent unauthorized access to the cabinet's contents.
- Handle the mirror with care to avoid breakage. Clean with a soft, damp cloth and a mild glass cleaner.
- The LED lights require 6 AA batteries (not included). Ensure correct battery polarity and do not mix old and new batteries or different battery types. Remove batteries if the unit is not used for extended periods.
- Place the cabinet on a flat, stable surface to ensure proper rotation and prevent tipping.

## 3. PACKAGE CONTENTS

Verify that all items listed below are present in your package:

- 1 x Floor Jewelry Cabinet (pre-assembled body)
- 1 x Pack of Accessories (hardware for assembly)
- 1 x User Manual (this document)

## 4. ASSEMBLY INSTRUCTIONS

The main cabinet body comes pre-assembled. Only minimal assembly is required for the base and support structure. Please follow these steps carefully:

1. **Unpacking:** Carefully remove all components from the packaging. Note that the instructions and hardware are typically stored inside the mirror cabinet for shipping.
2. **Base Assembly:** Attach the support kickstand to the base. Ensure the kickstand is screwed to the **outside** of the panel on the base, not inside, to allow proper fitment of the back shelves.
3. **Cabinet Placement:** Carefully place the pre-assembled cabinet body onto the assembled base, aligning all connection points.
4. **Secure Cabinet:** Fasten the cabinet to the base using the provided hardware. When working inside the cabinet, use bright lighting and feel around for screw holes, as the dark velour interior can make them difficult to see.
5. **Back Shelves:** Install the back storage shelves onto the support structure.
6. **Battery Installation:** Open the battery compartment for the LED lights (usually located inside the cabinet). Insert 6 AA batteries (not included), ensuring correct polarity.

Once assembled, ensure the cabinet is stable and all connections are secure before use.

## 3-in-1 SWIVEL JEWELRY CABINET

Full length mirror + Jewelry cabinet + Storage shelves

## 5. OPERATING INSTRUCTIONS

### 5.1. 360° Swivel Function

The cabinet is designed with a 360° rotating base. Gently push the cabinet to rotate it to your desired position. This allows for easy access to the full-length mirror, the internal jewelry storage, and the back storage shelves.

### 5.2. LED Lights Operation

The internal jewelry cabinet features built-in LED lights with three color shades: blue light, white light, and warm light. Locate the button inside the cabinet to cycle through the light colors and turn the lights on or off. Ensure batteries are installed for the lights to function.

### 5.3. Locking Mechanism

The cabinet is equipped with a lock and comes with two keys. To lock the cabinet, close the mirror door and insert a key into the lock, then turn it. To unlock, insert the key and turn it in the opposite direction. This feature helps secure your jewelry and personal

items.

#### 5.4. Storage Access

The full-length mirror slides open to reveal the internal jewelry storage. Gently push the side of the mirror to slide it open or closed. The interior is designed with various compartments including earring slots, ring slots, storage boxes, storage racks, and acrylic bracelet rods. The back of the cabinet features 3-tier storage shelves for additional items.

## 6. MAINTENANCE

- **Cleaning the Mirror:** Use a soft, lint-free cloth and a non-abrasive glass cleaner. Spray the cleaner onto the cloth, not directly onto the mirror, to avoid streaks and damage to the frame.
- **Cleaning the Cabinet:** Wipe the exterior and interior surfaces with a soft, dry or slightly damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Battery Replacement:** When the LED lights dim or stop working, replace all 6 AA batteries. Ensure the cabinet is turned off before replacing batteries.
- **Lubrication:** If the swivel base or sliding mirror mechanism becomes stiff, a small amount of silicone-based lubricant can be applied to the moving parts.

## 7. TROUBLESHOOTING

- **LED Lights Not Working:**

- Check if the batteries are correctly installed with the proper polarity.
- Replace old batteries with new 6 AA batteries.
- Ensure the light switch is in the 'ON' position.

- **Cabinet is Unstable/Wobbles:**

- Verify that all assembly screws are tightened securely.
- Ensure the cabinet is placed on a flat, level surface.

- **Mirror Door Does Not Slide Smoothly:**

- Check for any obstructions in the slide track.
- Clean the track and apply a small amount of silicone lubricant if necessary.

- **Difficulty Assembling Back Shelves:**

- Re-check step 2 of the assembly instructions to ensure the support kickstand is screwed to the **outside** of the base panel.

## 8. SPECIFICATIONS

Feature	Detail
Brand	LVSOMT
Model	B0C4PDLPHP
Color	A-Rustic Brown
Material	Wood
Product Dimensions	21.5"D x 21.5"W x 63"H (55cm D x 55cm W x 160cm H)
