

Cadac 203P1-20-QR-EU

Cadac 2 Cook 3 Pro Deluxe QR Camping Stove User Manual

Model: 203P1-20-QR-EU | Brand: Cadac

1. INTRODUCTION AND OVERVIEW

The Cadac 2 Cook 3 Pro Deluxe QR is a versatile and portable gas camping stove designed for outdoor cooking. It offers dual burners, allowing for multiple cooking variations simultaneously, making it an ideal companion for camping, caravanning, or picnicking.

Key features include:

- Dual burner system for efficient cooking.
- Durable thermoplastic base with a stainless steel top.
- Includes both a ceramic flat plate and a ribbed plate for diverse cooking options.
- Convenient grill plate handle for easy handling.
- Integrated coffee pot stand.
- Push-button piezo ignition for each burner for quick and easy startup.
- Two front windshields to protect flames from wind.
- Integrated QR coupling for easy gas connection.
- Comes with a convenient storage bag for portability.

2. SAFETY INFORMATION

Always read and understand all instructions before operating this appliance. Failure to follow these instructions could result in fire, explosion, or carbon monoxide poisoning, which could cause property damage, personal injury, or death.

- **For Outdoor Use Only:** This appliance is designed for outdoor use in well-ventilated areas. Do not use indoors or in enclosed spaces.
- **Gas Leak Check:** Before each use, check for gas leaks using a soapy water solution. Never use a flame to check for leaks.
- **Ventilation:** Ensure adequate ventilation around the appliance during operation.
- **Clearance:** Maintain safe distances from combustible materials.
- **Stable Surface:** Always operate the stove on a firm, level, non-combustible surface.
- **Children and Pets:** Keep children and pets away from the appliance during use and while it is cooling down.
- **Gas Ignition Protection:** The stove features gas ignition protection. If the flame extinguishes, the gas supply should automatically cut off. However, always turn off the gas supply manually after use.

3. COMPONENTS

The Cadac 2 Cook 3 Pro Deluxe QR comes with several components designed for versatile cooking:

Main Unit with Plates: The complete stove setup showing both the flat and ribbed cooking plates in position.

Burner Configuration: View of the stove with one cooking plate removed, revealing the gas burner underneath.

Stove Base Detail: A close-up shot highlighting the sturdy thermoplastic base and foot of the stove.

Coffee Pot Stand in Use: An illustration of a coffee pot placed on the integrated coffee pot stand, demonstrating its functionality.

Dual Cooking in Action: The stove in use, showing different food items being cooked simultaneously on both the flat and ribbed plates.

Outdoor Cooking Scene: The Cadac stove set up in an outdoor environment, ready for a meal preparation.

4. SETUP

- 1. Unpack:** Carefully remove all components from the storage bag.
- 2. Position:** Place the stove on a stable, level, and non-combustible surface, ensuring adequate clearance from any flammable materials.
- 3. Connect Gas:** The stove features an integrated QR (Quick Release) coupling. Connect your gas supply (e.g., gas cylinder with appropriate regulator and hose, sold separately) to this coupling. Ensure the connection is secure and leak-free. Perform a gas leak check with soapy water.
- 4. Install Windshields:** Position the two front windshields to help protect the flames from wind, if necessary.
- 5. Place Cooking Surfaces:** Choose your desired cooking surface(s) – the ceramic flat plate, the ribbed plate, or use the burner directly with a pot or pan. Place them securely over the burners.

5. OPERATING INSTRUCTIONS

1. **Open Gas Supply:** Slowly open the valve on your gas cylinder.
2. **Ignite Burner:** Turn the control knob for the desired burner counter-clockwise to the 'high' position. Immediately press the push-button piezo ignition. You should hear a click and see the flame ignite. If it doesn't ignite on the first try, repeat the process.
3. **Adjust Flame:** Once ignited, adjust the flame intensity by rotating the control knob. The stove offers precise gas control for various cooking needs. Note that flame control knobs can be sensitive and may require minor adjustments to achieve the desired heat level.
4. **Cooking:** Begin cooking on your chosen surface. The dual burners allow for cooking different items simultaneously.
5. **Turn Off:** After cooking, turn the control knobs clockwise to the 'off' position. Close the valve on your gas cylinder. Allow the stove to cool completely before handling or storing.

6. MAINTENANCE AND CLEANING

Regular maintenance and cleaning will ensure the longevity and optimal performance of your Cadac 2 Cook 3 Pro Deluxe QR stove.

- **Cooking Plates:** The ceramic flat plate and ribbed plate are easy to clean. For general cleaning, use a mild detergent and a non-abrasive sponge. For stubborn stains, a mixture of baking soda and water works effectively. The plates can also be placed in a dishwasher for convenience.
- **Stove Body:** Wipe down the thermoplastic base and stainless steel top with a damp cloth. Avoid using abrasive cleaners that could damage the finish.
- **Burners:** Keep the burner ports clean and free from debris to ensure efficient gas flow and even flame distribution.
- **Storage:** Ensure the stove is completely cool and clean before packing it into its convenient storage bag. Store in a dry, protected area.

7. TROUBLESHOOTING

- **Stove Not Igniting:**
 - Check if the gas cylinder valve is fully open.
 - Ensure the gas hose and regulator are properly connected and there are no leaks.
 - Verify that the control knob is turned to the 'high' position before pressing the piezo ignition.
 - If the piezo ignition is not clicking, it may need servicing.
- **Low Flame or Uneven Flame:**
 - Check the gas level in your cylinder.
 - Ensure the burner ports are not clogged with food debris. Clean if necessary.
 - Adjust the flame control knobs carefully, as they can be sensitive.
- **Flame Extinguishes Frequently:**
 - Ensure the stove is protected from strong winds using the integrated windshields.
 - In extreme cold conditions, gas pressure may be affected, leading to inconsistent operation.
 - Verify the gas connection is secure.
- **Gas Odor:**
 - Immediately turn off the gas supply at the cylinder.

- Evacuate the area and ventilate thoroughly.
- Do not operate the stove until the source of the leak is identified and rectified by a qualified professional.

8. SPECIFICATIONS

Manufacturer	Cadac
Item Model Number	203P1-20-QR-EU
Item Weight	6.3 Kilograms
Product Dimensions	55 cm (Length) x 30 cm (Width) x 10 cm (Height)
Color	Grey
Material	Stainless Steel
Power Source Type	Gas Powered
Installation Method	Freestanding
Number of Pieces	1
Handle Material	Stainless Steel
Included Components	Grill plate, Storage bag
Date First Available	March 8, 2024

9. WARRANTY AND SUPPORT

The Cadac 2 Cook 3 Pro Deluxe QR Camping Stove is designed for durability and quality. While specific warranty details should be confirmed with your retailer or Cadac directly, many retailers offer a 30-day return policy for peace of mind.

For technical support, spare parts, or warranty claims, please refer to the contact information provided by your point of purchase or visit the official Cadac website. Always provide your model number (203P1-20-QR-EU) when seeking support.
