PZ Quad Cab; Extended Cab

PZ 6" Running Boards Instruction Manual

Model: Quad Cab; Extended Cab | Brand: PZ

PRODUCT OVERVIEW

The PZ 6" Running Boards are designed to provide convenient and safe access to your vehicle. Constructed from high-quality stainless steel with anti-slip plastic pads, these running boards offer durability and a secure stepping surface. Each side is engineered to support up to 450 lbs, ensuring robust performance and enhanced security for vehicle entry and exit.

PACKAGE CONTENTS

Your package includes all necessary components for installation:

- 2 x Running Boards
- Mounting Brackets
- Installation Instructions (detailed guide with text and graphics)
- All necessary hardware (bolts, nuts, washers)

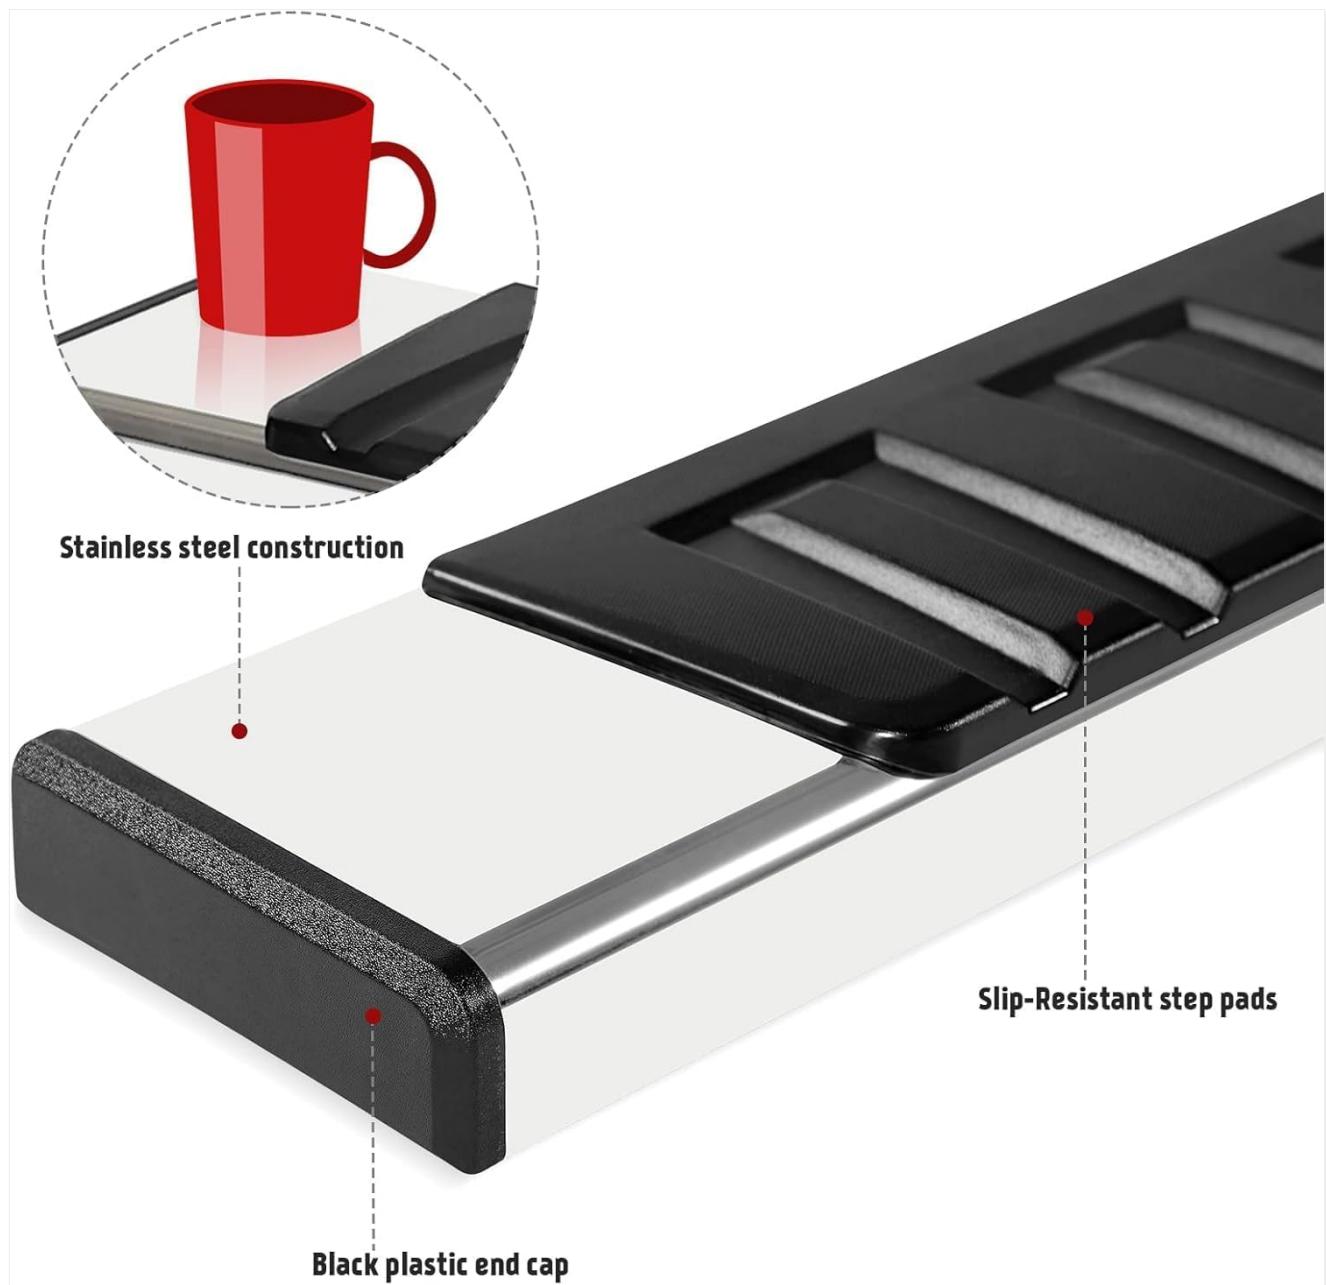

Image: A detailed view of the mounting brackets and hardware included with the running boards.

INSTALLATION INSTRUCTIONS

Installation of the PZ Running Boards is designed to be straightforward, featuring a no-drill process. The complete hardware kit and detailed instructions allow for installation in approximately 90 minutes, with no cutting or modifications required for your vehicle.

General Steps:

1. Identify the mounting points on your vehicle's frame.
2. Attach the provided mounting brackets to these points using the supplied bolts and nuts. Ensure all connections are secure but not fully tightened initially.
3. Carefully position the running boards onto the installed brackets.
4. Secure the running boards to the brackets using the remaining screws and nuts. Adjust alignment as needed before fully tightening all fasteners.
5. Verify that the running boards are firmly attached and stable before use.

For a comprehensive step-by-step guide, please refer to the official Installation Manual PDF provided with your

product or available via the link in the 'Warranty and Support' section.

Video: An installation guide for running boards. While this video references 2009-2018 Dodge Ram models, the general installation principles and steps demonstrated may be helpful for understanding the process for newer models. Always refer to the specific written instructions for your product.

OPERATING INSTRUCTIONS

To use the running boards, simply step onto the anti-slip plastic pads when entering or exiting your vehicle. The 6-inch wide design provides ample foot placement, and the robust construction ensures stability. The running boards are designed to hold up to 450 lbs per side, accommodating various users safely.

MAINTENANCE

To maintain the appearance and longevity of your running boards, regular cleaning is recommended. The mirror stainless steel finish is designed to be anti-rust and anti-corrosion, making it suitable for various weather conditions, including rain, snow, wind, and sun exposure.

- Clean the running boards periodically with mild soap and water.
- Rinse thoroughly to remove any soap residue.
- Avoid using abrasive cleaners or harsh chemicals that could damage the finish or plastic pads.
- Inspect mounting hardware periodically for tightness and re-tighten if necessary.

TROUBLESHOOTING

If you encounter any issues during the installation or use of your PZ Running Boards, please consider the following:

- **Loose Fit:** Ensure all mounting bolts and nuts are securely tightened according to the installation instructions.
- **Alignment Issues:** Loosen the fasteners slightly, adjust the running board position, and then re-tighten all connections evenly.
- **Missing Parts:** Verify all components against the package contents list. If any parts are missing, contact customer support immediately.

For more detailed troubleshooting steps or persistent issues, refer to the comprehensive PDF installation manual or contact PZ customer service.
