Model: BH360gr-2

[Introduction](#) [Safety Instructions](#) [Package Contents](#) [Setup & Assembly](#) [Usage](#) [Maintenance](#) [Troubleshooting](#) [Specifications](#) [Warranty & Support](#)

1. INTRODUCTION

Thank you for choosing the WOLTU Set of 2 Dining Room Chairs, model BH360gr-2. This instruction manual provides essential information for the safe assembly, proper use, and effective maintenance of your new chairs. Please read this manual thoroughly before assembly and retain it for future reference.

2. SAFETY INSTRUCTIONS

- Always assemble the chairs on a soft, clean surface to prevent scratches.
- Ensure all screws and fasteners are securely tightened before use. Periodically check and re-tighten as necessary.
- Do not exceed the maximum load capacity of 120 kg (264 lbs) per chair.
- Keep small parts and packaging materials away from children to prevent choking hazards.
- Avoid standing on the chair or using it as a step stool.
- Do not expose the chairs to direct sunlight or extreme temperatures for prolonged periods, as this may damage the material.
- Use only the provided hardware for assembly.

3. PACKAGE CONTENTS

Before beginning assembly, please verify that all components are present and undamaged. If any parts are missing or damaged, contact customer support.

- Chair Seat (with backrest) x 2
- Chair Leg Frame x 2
- Assembly Hardware Kit (screws, washers, Allen key) x 1
- Instruction Manual x 1

4. SETUP AND ASSEMBLY

Assembly is straightforward and requires minimal tools. It is recommended to have two people for easier assembly, though one person can manage.

1. **Unpack Components:** Carefully remove all parts from the packaging. Place them on a soft, flat surface to prevent damage.
2. **Attach Leg Frame to Seat:** Align the pre-drilled holes on the chair seat with the corresponding holes on the leg frame. Insert the screws (from the hardware kit) and loosely tighten them with the provided Allen key. Do not fully tighten yet.
3. **Secure All Screws:** Once all screws are in place and loosely fastened, gradually tighten them in a crisscross pattern until secure. Ensure the chair is stable and level.
4. **Check Stability:** Gently rock the chair to ensure it is stable and all connections are firm. Adjust the non-slip feet if necessary to eliminate any wobbling.

Figure 4.2: Illustration of the sturdy steel frame and maximum load capacity.

5. USAGE

The WOLTU dining chairs are designed for comfortable seating in various settings, including dining rooms, kitchens, offices, and living rooms.

- **Comfortable Seating:** The chairs feature a foam-padded seat (43x38 cm) and an ergonomically curved backrest (39 cm high) for enhanced comfort during prolonged use.
- **Stability:** The black painted metal legs are designed for stability, supporting a maximum load of 120 kg.
- **Floor Protection:** Each leg is equipped with an adjustable non-slip floor protector to prevent scratches and reduce noise when moving the chair.

6. MAINTENANCE

Regular maintenance will help prolong the life and appearance of your WOLTU chairs.

- **Cleaning the Faux Leather:** The PU coating is tear-resistant and easy to clean. Wipe spills immediately with a soft, damp cloth. For general cleaning, use a mild soap solution and wipe dry with a clean cloth. Avoid abrasive cleaners or harsh chemicals.
- **Checking Fasteners:** Periodically (e.g., every 3-6 months), check all screws and connections to ensure they remain tight. Re-tighten any loose fasteners to maintain stability and safety.
- **Avoid Overloading:** Do not place excessive weight on the chairs beyond the specified load capacity.
- **Environmental Care:** Keep chairs away from direct heat sources and prolonged direct sunlight to prevent material degradation.

7. TROUBLESHOOTING

This section addresses common issues you might encounter with your chairs.

Problem	Possible Cause	Solution
Chair wobbles or is unstable.	Screws are loose; uneven floor; non-slip feet not adjusted.	<ul style="list-style-type: none"> ◦ Check and re-tighten all assembly screws. ◦ Ensure the chair is on a flat, even surface. ◦ Adjust the non-slip feet on each leg until the chair is stable.

Problem	Possible Cause	Solution
Screws become loose frequently.	Regular use causes minor loosening; screws not tightened sufficiently during assembly.	<ul style="list-style-type: none"> Periodically check and re-tighten all screws. Ensure screws are tightened firmly but do not overtighten.
Scratches on floor when moving chair.	Non-slip feet are missing or damaged.	<ul style="list-style-type: none"> Verify that all non-slip feet are properly installed. If damaged, contact customer support for replacements.
