## 4. MAINTENANCE

---

### 4.1 Cleaning Your Device

To maintain the integrity and appearance of your OUKITEL WP26:

- Wipe the screen and body with a soft, lint-free cloth.
- For stubborn dirt, slightly dampen the cloth with water or a screen cleaner.
- Avoid using harsh chemicals, abrasive materials, or compressed air, as these can damage the device or compromise its waterproof seals.
- Ensure all port covers are securely closed to maintain water and dust resistance.

### 4.2 Battery Care

To maximize battery lifespan:

- Avoid extreme temperatures, both hot and cold.
- Do not fully discharge the battery regularly. It is best to keep the charge between 20% and 80%.
- Use only the original charger and cable provided with your device.

### 4.3 Software Updates

Regularly check for and install software updates to ensure optimal performance, security, and access to new features. You can usually find updates in the device's Settings menu under "System" or "About phone."
