Oraimo OTW-330

Oraimo FreePods Lite True Wireless Earbuds OTW-330 User Manual

Model: OTW-330

1. Product Overview

The Oraimo FreePods Lite are True Wireless Stereo (TWS) earbuds designed for an immersive audio experience with extended playtime and fast charging capabilities. They feature a compact design and integrate with the Oraimo Sound App for personalized audio settings.

Image: Oraimo FreePods Lite earbuds securely placed within their charging case.

2. Setup and Initial Use

2.1 Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case. Place the earbuds into the charging case and close the lid. Connect the charging case to a power source using a compatible USB-C cable.

- A full charge provides up to 40 hours of total playtime with the charging case.
- AniFast Fast Charge: A 10-minute charge can provide up to 120 minutes of music listening.

Image: Visual representation of the 40-hour total playtime and the AniFast fast charging feature, indicating 10 minutes of charge yields 120 minutes of play.

2.2 Pairing with a Device

1. Open the charging case. The earbuds will automatically enter pairing mode.
2. On your device (smartphone, tablet, etc.), enable Bluetooth.
3. Search for "Oraimo FreePods Lite" in the list of available Bluetooth devices and select it to connect.
4. Once connected, you will hear an audible confirmation.

2.3 Oraimo Sound App Integration

Enhance your listening experience by downloading the Oraimo Sound App. The app allows for sound customization, including equalizer settings, to tailor the audio output to your preferences.

- Scan the QR code or visit oraimoSound.htm to download the app from the App Store or Google Play.

3. Operating Instructions

3.1 Intelligent Touch Controls

The earbuds feature intuitive touch controls for managing playback, calls, and other functions.

Image: A user demonstrating the wear of the earbuds, with an overlay indicating touch control functions for music playback, calls, low-latency game mode, and active noise assistant.

3.2 Audio Features

- **Oraimo Signature Sound with HavyBass:** Equipped with 10mm dynamic bass drivers and composite diaphragms, the FreePods Lite deliver clear high frequencies and deep, rich bass.
- **2-mic ENC Technology:** Built-in mic beamforming array and AI Deep algorithm detect and filter out ambient sounds for clearer voice calls.

Image: An exploded view diagram showcasing the internal components of the earbud, highlighting the 10mm premium driver and HavyBass sound tuning technology for enhanced bass and clarity.

Image: A close-up of an earbud illustrating the 2-mic Environmental Noise Cancellation (ENC) technology, designed to improve call clarity by reducing background noise.

3.3 Low-latency Game Mode

Activate the low-latency Game Mode for synchronized audio and video, providing an immersive gaming experience.

4. Maintenance

4.1 Cleaning

To ensure optimal charging and sound quality, regularly clean the earbuds and charging case. Use a soft cloth dampened with alcohol to gently wipe the pogo pins on both the earbuds and inside the charging case. Avoid using excessive liquid.

4.2 Water Resistance

The Oraimo FreePods Lite are rated IPX4 waterproof, meaning they are resistant to splashing water from any direction. This makes them suitable for workouts and light rain, but they are not designed for submersion in water.

Image: Earbuds depicted with water splashing around them, illustrating their IPX4 waterproof rating, indicating resistance to sweat and light splashes.

5. Troubleshooting (FAQ)

Refer to the table below for common issues and their solutions.

Question	Reason	Solution
Earbuds don't power on/work	The charging case or earbuds are out of power.	Place your earbuds in the charging case with the lid closed and charge the case for more than 30 minutes.
Only one earbud works/Sound from only one side	The earbuds are no longer paired to each other.	Return the earbuds to the charging case and close the lid for 10 seconds, then take them out again.
Earbuds cannot be charged	The earbuds may be smudged and fail to make contact for charging.	Use a cleaning cloth with alcohol to remove dirt from the pogo pin of earbuds and charging case.
Phone fails to connect to the earbuds	1. Earbuds are already connected to another device. 2. Earbuds are out of power.	1. Tap one earbud twice and hold it for 3 seconds till you hear "pairing" to disconnect with the other device. If the case indicator flashing red and green alternately, you can continue to connect your phone with the earbuds again. 2. See solution to Question 1.
