Bibilock 1003

Bibilock Lord of The Rings Dark Tower Magic Book Building Set Instruction Manual

Model: 1003

Introduction

This manual provides detailed instructions for the assembly, operation, and maintenance of your Bibilock Lord of The Rings Dark Tower Magic Book Building Set. Please read these instructions carefully before beginning assembly to ensure a smooth and enjoyable building experience. This set is designed for individuals aged 12 and above.

Safety Information

- **Small Parts Warning:** This building set contains small parts which may pose a choking hazard. Keep away from children under 6 years old.
- **Material Safety:** The building blocks are made from ABS environmental protection materials, which are non-toxic and non-irritating.
- **Sharp Edges:** Some pieces, particularly the bayonets surrounding the tower, may have sharp points. Handle with care.
- **Adult Supervision:** Adult supervision is recommended during assembly, especially for younger builders.

Package Contents

Your Bibilock Dark Tower Magic Book Building Set package should contain the following items:

- Building blocks (900+ pieces), separated into numbered bags.
- Instruction Manual (this document).
- Light-up brick for the tower's eye feature.

Please verify all parts are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

Assembly Instructions

Follow the numbered steps in the included instruction booklet for detailed block-by-block assembly. The process is designed to be straightforward and relaxing.

Step 1: Prepare Your Workspace

Ensure you have a clean, well-lit, and spacious area for assembly. Open the numbered bags one at a time as indicated in the instruction booklet to avoid mixing pieces.

Step 2: Construct the Base

Begin by assembling the book-shaped base of the tower. This forms the foundation for the entire structure.

Step 3: Build the Tower Structure

Proceed with building the main tower structure, following the sequential steps. Pay close attention to the placement of each block to ensure stability and accuracy.

Image: Detailed views of the tower's construction, showing the texture and assembly of the black building blocks, with the glowing eye at the pinnacle.

Step 4: Integrate the Light Feature

During the assembly of the tower's top section, you will integrate the special light-up brick. This brick illuminates the "eye" at the pinnacle of the tower.

Step 5: Final Touches and Display

Once the main tower is complete, attach any remaining decorative elements and the nameplate display. Ensure all connections are secure.

Operating Instructions: Light Feature

The Dark Tower features a special light-up "eye" at its pinnacle. To activate the light, gently rotate the top section of the tower. The light will turn on when rotated to the correct position. Rotate it again to turn it off.

Ensure the light-up brick is correctly installed during assembly for proper function.

Maintenance

- **Cleaning:** To clean the building set, gently wipe with a dry, soft cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the assembled model in a stable location away from direct sunlight and extreme temperatures to prevent discoloration or warping of the plastic.
- **Battery Replacement (Light Feature):** If the light feature dims or stops working, the battery in the light-up brick may need replacement. Refer to the specific instructions for the light brick for battery type and replacement procedure.

Troubleshooting

Problem	Possible Cause	Solution
Missing pieces	Packaging error or lost during unboxing.	Carefully check all packaging materials. Contact customer support for replacements.
Light feature not working	Incorrect installation of light brick, dead battery, or faulty unit.	Ensure the light brick is correctly inserted and connected. Replace battery if necessary. If problem persists, contact customer support.
Model is unstable	Blocks not fully connected or incorrect placement.	Review assembly steps, ensuring all blocks are firmly pressed together. Disassemble and reassemble problematic sections if needed.

Specifications

- **Brand:** Bibilock
- **Model Number:** 1003
- **Product Dimensions:** 11 x 2.36 x 15 inches
- **Item Weight:** 1.57 pounds
- **Number of Pieces:** 900+
- **Material:** ABS Environmental Protection Materials
- **Recommended Age:** 12+ years (Note: Manufacturer recommended age is 6 months and up, but due to small parts and complexity, 12+ is more appropriate for this type of building set).
