Bushnell Golf Tour V6 Patriot Laser Rangefinder User Manual

Model: 202301P

INTRODUCTION

This manual provides detailed instructions for the proper use and care of your Bushnell Golf Tour V6 Patriot Laser Rangefinder. Please read this manual thoroughly before operating the device to ensure optimal performance and longevity.

SETUP

Package Contents

Verify that all items are present in your package:

- Tour V6 Laser Rangefinder
- Premium Carrying Case
- Washable Micro-fiber cloth
- 1 CR2 Battery
- Quick Start Guide (this document)

Figure 1: Bushnell Golf Tour V6 Patriot Laser Rangefinder and included accessories.

Battery Installation

1. Locate the battery compartment on the device.
2. Twist the battery cap counter-clockwise to open.
3. Insert the provided CR2 battery, ensuring the positive (+) and negative (-) terminals align correctly as indicated inside the compartment.
4. Replace the battery cap and twist clockwise until securely closed.

OPERATING INSTRUCTIONS

Powering On and Basic Ranging

1. Press the power button (orange button) once to activate the device. The display will illuminate.
2. Look through the eyepiece and aim the reticle at your desired target.
3. Press the power button again to obtain a distance reading. The distance will be displayed on the LCD.

Figure 2: Top view of the rangefinder, highlighting the power button.

Visual Flag Jolt Technology

The Tour V6 features Visual Flag Jolt technology to confirm target acquisition. When the device locks onto the flag, you will feel a vibration (JOLT) and a red ring will flash in the display, providing clear feedback that you have accurately ranged the flagstick.

BITE Magnetic Mount

The integrated BITE Magnetic Mount allows you to conveniently attach the rangefinder to a golf cart bar or other metallic surfaces for easy access during your round.

Figure 3: The rangefinder held in hand, showcasing its ergonomic design and magnetic mount area.

Weather Resistance (IPX6)

The Tour V6 is designed with IPX6 weather resistance, protecting it against powerful water jets. This ensures reliable performance in various weather conditions on the golf course.

MAINTENANCE

Cleaning

To clean the exterior of the rangefinder, use the provided washable micro-fiber cloth. For lenses, gently wipe with the micro-fiber cloth. Avoid using abrasive materials or harsh chemicals, as these can damage the optics and finish.

Storage

When not in use, store the rangefinder in its premium carrying case in a cool, dry place. Remove the battery if the device will not be used for an extended period to prevent potential leakage.

Battery Replacement

When the battery indicator on the display shows low power, replace the CR2 battery following the installation steps outlined in the Setup section.

TROUBLESHOOTING

No Display/Power

- Ensure the CR2 battery is correctly installed with proper polarity.
- Replace the battery with a new one if the current battery is depleted.
- Press the power button firmly.

Inaccurate Readings

- Ensure the target is within the device's measuring range (5-1300 yards).
- Verify that the lenses are clean and free from obstructions.
- Environmental factors such as fog, rain, or highly reflective surfaces can affect accuracy.

JOLT Feature Not Activating

- Ensure you are targeting a distinct object like a flagstick.
- The JOLT feature is designed to activate upon locking onto smaller targets, especially against busy backgrounds.

SPECIFICATIONS

Feature	Detail
