## Vaydeer FMB031

# Vaydeer Enlarged Turntable Mouse Mover (Max 3 Mouse Jiggler) Instruction Manual

Model: FMB031

## INTRODUCTION

---

The Vaydeer Enlarged Turntable Mouse Mover, Model FMB031, is a device designed to keep your computer active by simulating mouse movement. It features an enlarged turntable for broad compatibility with various mouse types and adjustable intervals for natural, random pointer movement. The device is undetectable by IT systems as it only draws power and does not communicate with your computer. An integrated LED display provides real-time status and timer information.

## KEY FEATURES

---

- **Larger Turntable:** Accommodates various mouse sizes without precise sensor alignment.
- **Adjustable Intervals:** Offers 11-stage intervals for natural and random mouse pointer movement.
- **LED Display:** Shows countdown timer and rotation status for clear monitoring.
- **Easy Button Operation:** Features ON/OFF, time add, and time minus buttons for user-friendly control.
- **Undetectable and Driver-Free:** Powered via USB or power socket, ensuring no communication with the PC and thus remaining undetectable by IT.
- **Ultra-Quiet Operation:** Designed for silent performance, suitable for any work environment.

## PACKAGE CONTENTS

---

Please ensure all items are present in the package:

- Vaydeer Enlarged Turntable Mouse Mover (Max 3)
- USB Power Cable
- User Manual

## SETUP

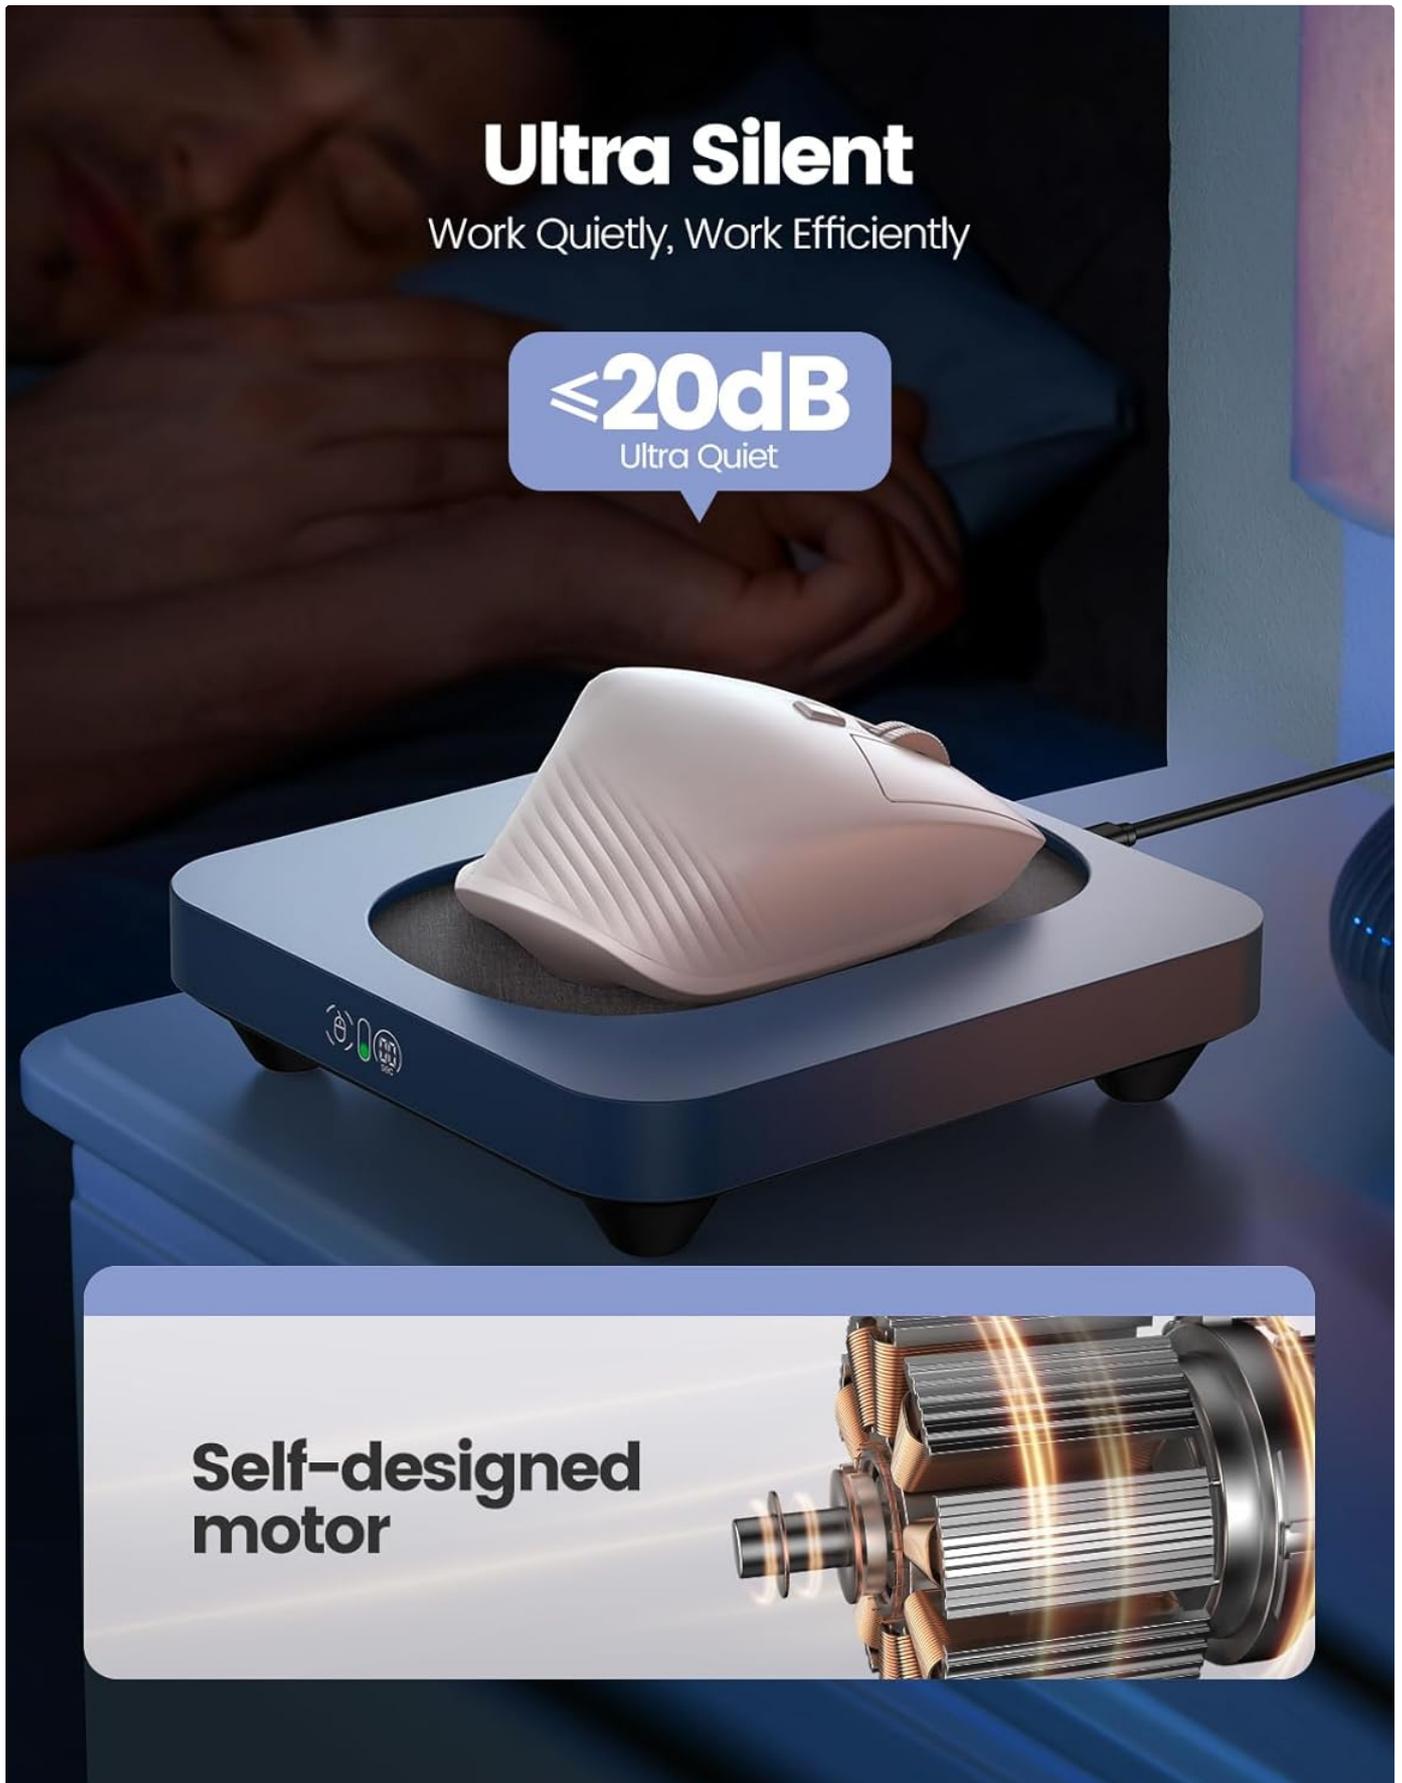

---

Follow these steps to set up your Vaydeer Mouse Mover:

1. **Connect Power:** Connect the provided USB power cable to the mouse mover.
2. **Power Source:** Plug the other end of the USB cable into either a power socket (using a compatible USB adapter, not included) or a USB port on your PC. The device only draws power and does not establish data communication with your

computer.

3. **Placement:** Place the mouse mover on a stable, flat surface near your computer.
4. **Mouse Positioning:** Place your optical mouse onto the enlarged turntable. The larger design eliminates the need for precise sensor alignment.

**Ultra Silent**  
Work Quietly, Work Efficiently

**≤20dB**  
Ultra Quiet

**Self-designed motor**

The image features a white mouse on a blue turntable. A callout bubble indicates a noise level of ≤20dB, labeled 'Ultra Quiet'. An inset shows a detailed view of the self-designed motor with glowing orange highlights on its internal components.

Image: The Vaydeer Mouse Mover can be powered via a wall adapter (Mode 1) or a computer's USB port (Mode 2). Both methods only provide electricity, ensuring the device remains undetectable by IT systems.

## OPERATING INSTRUCTIONS

---

Operating the Vaydeer Mouse Mover is straightforward:

1. **Power On/Off:** Press the ON/OFF button located on the device to activate or deactivate the mouse mover.
2. **Adjust Intervals:** Use the 'time add' (+) and 'time minus' (-) buttons to adjust the intervals at which the turntable pauses. The device offers 11-stage intervals to create natural and random mouse movements.
3. **Monitor Status:** The integrated LED display will show the countdown timer and the current rotation status, providing clear visual feedback on the device's operation.

# Detachable Edge Protection

The mouse stand in the turntable steadily and won't fell off

Image: Close-up view of the Vaydeer Mouse Mover showing the power button, interval adjustment buttons, and the LED display indicating rotating and paused statuses.

The device is designed to operate quietly, with noise levels below 20dB, ensuring it does not disturb your work environment.

## COMPATIBILITY

---

The Vaydeer Enlarged Turntable Mouse Mover is designed for wide compatibility:

- **Mouse Types:** The enlarged turntable accommodates various optical mice, regardless of their size or sensor placement, eliminating the need for precise alignment.
- **Operating Systems:** Compatible with Windows, Mac, Linux, and other operating systems. The device functions independently of software drivers.

## MAINTENANCE

---

To ensure the longevity and optimal performance of your Vaydeer Mouse Mover, follow these simple maintenance guidelines:

- **Cleaning:** Gently wipe the device with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the mouse mover in a cool, dry place away from direct sunlight and extreme temperatures.
- **Handling:** Handle the device with care to prevent physical damage.

## TROUBLESHOOTING

---

If you encounter any issues with your Vaydeer Mouse Mover, please refer to the following common solutions:

- **Device Not Turning On:** Ensure the USB power cable is securely connected to both the mouse mover and a functional power source (USB port or wall adapter).
- **Mouse Not Moving:** Verify that your optical mouse is correctly placed on the turntable. Ensure the mouse's optical sensor is positioned over the rotating surface.
- **Irregular Movement:** Check if the turntable is obstructed. Ensure no debris is interfering with its rotation.
- **LED Display Issues:** If the LED display is not functioning, ensure the device is powered on. If the issue persists, contact customer support.

## SPECIFICATIONS

---

Feature	Detail
Model Number	FMB031
Brand	Vaydeer
Connectivity Technology	USB
Special Features	Portable, No Driver, Undetectable, Wide Compatible
Movement Detection Technology	Optical
Item Weight	12 ounces
Package Dimensions	6.69 x 6.1 x 2.24 inches
First Available Date	May 11, 2023
