COLAMY K19

COLAMY K19 Ergonomic Mesh Office Chair Instruction Manual

Model: K19

1. INTRODUCTION

Thank you for choosing the COLAMY K19 Ergonomic Mesh Office Chair. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure you get the most comfortable and efficient experience from your new chair. The K19 chair is designed with a minimalist aesthetic, featuring a breathable mesh back, 4D adjustable armrests, a sliding seat, tilt lock, and adjustable lumbar support to promote better posture and comfort during long hours of use.

2. SAFETY INFORMATION

WARNING: This product requires assembly. Always follow the assembly instructions provided. Keep all tools and hardware out of reach of children. Do not attempt to assemble or disassemble the chair while it is in use. Always test the stability of the chair before use. Do not exceed the maximum weight capacity of 300 pounds (136 kg).

3. PACKAGE CONTENTS

Before assembly, please ensure all parts are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Chair Backrest (Mesh)
- Seat Cushion
- Armrests (x2)
- Gas Lift Cylinder
- Star Base
- Casters (x5)
- Mechanism/Control Unit
- Assembly Hardware (screws, washers, Allen wrench)

4. ASSEMBLY INSTRUCTIONS

Follow these steps to assemble your COLAMY K19 Ergonomic Mesh Office Chair. An assembly video is provided for visual guidance.

1. **Attach Casters to Base:** Insert each of the five casters into the holes at the end of the star base until they click securely into place.
2. **Insert Gas Lift:** Place the gas lift cylinder into the center hole of the assembled star base.
3. **Attach Mechanism to Seat:** Secure the control mechanism to the underside of the seat cushion using the provided screws and Allen wrench. Ensure the front of the mechanism aligns with the front of the seat.
4. **Attach Armrests:** Fasten the armrests to the sides of the seat cushion using the designated screws.
5. **Connect Backrest to Seat:** Attach the backrest to the seat cushion assembly, aligning the mounting points and securing with screws.
6. **Place Seat Assembly on Gas Lift:** Carefully place the assembled seat and backrest onto the gas lift cylinder, ensuring it is centered and stable.

5. OPERATING INSTRUCTIONS

Your COLAMY K19 chair offers multiple adjustment options for personalized comfort.

5.1. Seat Height Adjustment

To adjust the seat height, pull the lever located on the right side of the seat upwards. While holding the lever, stand up to raise the seat or remain seated to lower it. Release the lever at your desired height.

Image: A close-up of the lever used to adjust the seat height, located under the right side of the seat.

5.2. Seat Depth Adjustment

To adjust the seat depth, locate the lever on the left side of the seat. Pull the lever outwards and slide the seat forward or backward to achieve optimal thigh support. Release the lever to lock the seat in position.

Image: Illustration showing the seat depth adjustment, allowing the seat to slide forward and backward for ergonomic comfort.

5.3. Lumbar Support Adjustment

The lumbar support can be adjusted vertically to match the curve of your spine. Gently push the lumbar support pad up or down on the backrest to find your preferred position.

Image: A close-up of the adjustable lumbar support, which can be moved vertically on the mesh backrest.

5.4. 4D Armrest Adjustment

The 4D armrests offer extensive adjustability:

- **Height:** Press the button on the side of the armrest and slide it up or down.
- **Forward/Backward:** Slide the armrest pad forward or backward.
- **Left/Right:** Slide the armrest pad left or right.
- **Pivot:** Rotate the armrest pad inwards or outwards.

Image: A detailed view of the 4D adjustable armrest, highlighting its multi-directional movement capabilities.

5.5. Tilt Lock and Recline

To recline the chair, pull the lever on the left side of the seat outwards. Lean back to your desired angle (90°-120°). Push the lever inwards to lock the recline position. To return to an upright position, lean forward slightly and pull the lever outwards, then release it when upright.

Image: An illustration demonstrating the chair's tilt lock function, showing different recline angles from 90 to 125 degrees.

6. MAINTENANCE

To maintain the longevity and appearance of your COLAMY K19 office chair:

- **Cleaning:** Spot clean the mesh and fabric components as needed. Use a mild detergent and a damp cloth. Avoid harsh chemicals.
- **Inspection:** Periodically check all screws and bolts to ensure they are tight. Retighten if necessary.
- **Casters:** Keep casters free of hair and debris to ensure smooth rolling.

7. TROUBLESHOOTING

If you encounter any issues with your chair, refer to the following common solutions:

- **Chair Squeaks:** Check and tighten all assembly screws. Apply a small amount of silicone lubricant to moving parts if necessary.
- **Gas Lift Not Adjusting:** Ensure the height adjustment lever is fully engaged or disengaged. If the gas lift is completely unresponsive, it may need replacement.
- **Chair Feels Unstable:** Verify that all screws are securely tightened and the casters are fully inserted into the base. Ensure the chair is on a flat, even surface.

- **Armrests Loose:** Check the screws securing the armrests to the seat and tighten them.
